Chairman Teichert read a letter from Doreen Powers, Binney Street, thanking the volunteers from the Youth Services Department for their assistance in helping to clear out their basements during the flood last month.

IV. Citizens Petitions and Presentations

Many residents from the Snowberry Lane area were present and spoke passionately about the ongoing water problem they have been experiencing without interruption over the past several weeks. The Town has been responsive but the water is still flowing and the situation not resolved. Mary Flaherty, 3 Snowberry Road, said she has been running two pumps since August 12th. She wonders if something could have been disturbed during the blasting for the sewer pipe installations. John Capomaccio, 6 Clover Circle, questioned if the digging could have changed the direction of the spring. John Pasquale, 47B Whittier Court, suggested a point person be selected from the neighborhood and a consultant brought in. Mrs. Flaherty agreed to be the point person to contact. Jack Petkus, DPW Director, said they have sampled the water, tested all pipes in the area and checked the gates and none of the tests point to a water or sewer main problem. Dug Pond is unsafe to swim in at this time. The Selectman recommended that CDM be

contacted to come in and look at the situation, a dye test be conducted and Steve Boynton be contacted and, if available, asked to check the area.

John Pasquale, 47B Whittier Court, said the new traffic lines on Bartlet Street have been painted and the curbs are in at the parking lot beside Old Town Hall. New rugs have been installed in Old Town Hall and inquired as to when new rugs will be installed in Town Offices.

VI. Regular Business of the Board

A. FY-08 Energy Report

Plant & Facilities Director Joseph Piantedosi presented the FY-08 Energy Report. The report showed a beginning Energy Budget of \$4,136,000 with a total year end deficit of \$166,606. Price increases of 79.3% in diesel fuel, 46.1% in unleaded fuel and 110% increase in #2 fuel oil, 25% in electricity and 20% in natural gas contributed to the year end deficit although many cost saving programs were instituted including a three-year gas contract at an 8% lower rate and a two-year electricity contract at a 17.7% lower rate. Energy conservation efforts consisted of conversions of school fuel boilers to natural gas, new roof installations at several schools, installation of energy efficient lighting, CO2 controls, installation of thermal pane windows, security system lighting interface, vehicle fuel, and a waste oil heating system. The department has a very aggressive plan in place for the upcoming year. The Selectmen thanked Mr. Piantedosi for his efforts to control energy costs and considering the increase in energy prices this past year it is **commendable and to his credit that the deficit wasn't higher.**

B. Household Hazardous Waste & CRT Collection

Selectman Lyman motioned to accept the proposal to increase fees for CRT collections to \$10.00 with the fee increase to be revisited after the first collection. The motion was seconded by Selectman Major, voted 4-0 and approved.

Assistant Town Manager Steven Bucuzzo said the Town is about to launch the 2008 Citizen Survey with the assistance of Merrimack College who will analyze the data.

Selectman Major motioned to approve the request of Firefighter Brian Wright, on behalf of the Andover Fire Rescue Department, for permission to conduct the Muscular **Dystrophy Association “Fill the Boot” campaign in the downtown area on Friday, September 12, 2008 and Saturday, September 13, 2008.** They wish to solicit donations on Main Street sidewalks and approach vehicles in Elm Square when the traffic lights turn red. The three collection locations are: the area near the Rte. 133 Mobil Station, Shawsheen Plaza and Main Street (near Starbucks). The request has been reviewed by the Police Department as follows:

- ~ Approve the request to solicit donations on downtown Main Street sidewalks.

- ~ Disapprove the request to approach vehicles in Elm Square as they feel this is an unsafe practice. It is very dangerous to have a person(s) stepping out into traffic whether stopped or moving to approach a vehicle requesting a donation. While the firefighters have received training in traffic direction and control, this does not prepare them or passing motorists for the activity required to collect a donation.
- ~ Suggest that an alternate safer method and location be used by the firefighters such as private shopping areas.

The motion was seconded by Selectman Stabile and voted 3-0-1 and approved. Selectman Lyman abstained.
