The Contractor shall furnish to the Town evidence of such insurance prior to the execution of this Contract in a form satisfactory to the Town before the same shall be binding on the parties thereto, except if specifically waived by the Town.

34.1.10 The Contractor is responsible for the payment of any and all deductibles under all the insurance required by this Contract. The Town shall not in any instance be responsible for the payment of deductibles, self-insured retentions, or any portion thereof.

34.1.11 The General Liability and Automobile Liability Policies shall contain a waiver of subrogation in favor of the Town.

#### 34.2 Protective Liability Insurance

34.2.1 The Contractor shall purchase and maintain such insurance as described in paragraph 34.1 as well as protect the Town from claims which may arise from operations under the Contract, including operations performed for the named insureds by independent contractors and general inspection thereof by the named insureds.

34.2.2 The Contractor shall also purchase and maintain such insurance as will protect the Town against Automobile Non-Ownership Liability in connection with the Contractor's operations under the Contract, whether such operations be by itself or by any Subcontractor or by anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable.

34.2.3 The limits of liability coverage required under the preceding paragraphs shall be as specified under the provisions hereof governing the Contractor's General Liability Policy.

The cost of such insurance, including required endorsements and amendments, shall be the sole responsibility of the Contractor. The policies shall contain a waiver of subrogation in favor of the Town.

#### 35. Performance of Work

35.1 The Contractor shall continuously maintain adequate protection of all work from damage and shall protect the property of the Town and others, including adjacent property, from injury or loss arising in connection with the Contract. The Contractor shall make good any such damage, injury or loss, except as may be directly due to errors in the Contract Documents or caused by agents or employees of the Town, or due to causes beyond the Contractor's control and not the Contractor's fault or negligence.

35.2 The Town shall at all times have access to the work wherever it is in preparation or progress and the Contractor shall provide suitable accommodations for such access.

35.3 The Contractor shall appoint a competent superintendent and foreman and any necessary assistants, all of whom shall be satisfactory to the Town. If the Town in its sole discretion determines that the construction superintendent, foreman, or assistants are unacceptable to the Town, then upon seven day notice from the Town, the Contractor shall replace such person or persons with people acceptable to the Town.

35.4 The Contractor shall give sufficient supervision to the work, using its best skill and attention. The Contractor shall carefully study and compare the drawings, specifications, and other instructions and shall at once report to the Town any error, inconsistency or omission which shall be discovered. Included in this responsibility shall be supervision of all work performed by Subcontractors on the work.

35.5 If the Contractor should neglect to prosecute the work properly, or fail to perform the contract or any of its provisions, the Town, upon three day written notice, may, without prejudice to any other remedy it may have, make good such deficiencies and may deduct the cost thereof from the payment then or thereafter due the Contractor, and if such sum is insufficient, the Contractor shall be obligated to pay the balance thereof.

#### 36. Inspection by the Town's Project Representative

36.1 The Town shall have the right to designate a Project Representative who may make periodic visits to the site to familiarize the Town generally with the progress and quality of the work, and to determine in general if the work is proceeding in accordance with the Contract Documents. The Project Representative will be not required to make exhaustive or continuous on-site inspections to check the quality or quantity of the work and will not be responsible for the Contractor's failure to carry out the construction work in accordance with the Contract Documents.

36.2 In connection with the work, the Project Representative shall not be responsible for construction methods, means, techniques, sequences or procedures employed by the Contractor or the Contractor's safety programs, requirements, regulations, or precautions.

#### 37. Decisions of the Project Representative

37.1 The Project Representative shall, within a reasonable time, make decisions on all claims of the Town or the Contractor and on all other matters relating to the execution and progress of the structural work or the interpretation of the Contract Documents.

37.2 The Project Representative's decision, in matters relating to the project, shall be final, if within the terms of the Contract Documents.

37.3 If, however, the Project Representative fails to render a decision within ten days after the parties have presented their evidence, either party may then avail itself of the remedies provided in this contract or available to it by law.

#### 38. Use of Premises by the Contractor

38.1 The Contractor shall confine its apparatus, the storage of materials and the operations of its workmen to limits indicated by law, by-laws, permits or directions of the Town and shall not unreasonably encumber the premises with its materials.

38.2 The Contractor shall not load or permit any part of the structure to be loaded with weight that will endanger its safety.

#### 39. Maintenance of Premises

The Contractor shall at all times keep the premises free from accumulation of waste materials or rubbish caused by its employees or work, and at the completion of work it shall remove all its rubbish from and about the work site and all its tools, scaffolding and surplus materials and shall leave it work "broom-clean", or its equivalent, unless more exactly specified. In case of dispute, the Town may remove the rubbish and charge the cost to the several contractors, as the Town shall determine to be just.

#### 40. Progress Payments

40.1 The Contractor shall submit to the Town an itemized Application for Payment, supported to the extent required by the Town by invoices or other vouchers, showing payments for materials and labor, payments to the Subcontractors and such other evidence of the Contractor's right to payment.

40.2 The Contractor shall, before the first application, submit to the Town a schedule of values of the various parts of the work, including quantities aggregating the total sum of the Contract, divided so as to facilitate payments to Subcontractors, made out in such form as the Town and the Contractor may agree upon, and, if required, supported by such evidence as to its correctness. This schedule, when approved by the Town, shall be used as a basis for payment, unless it is found to be in error. If applying for payments, the Contractor shall submit a statement based upon this schedule.

#### 41. Final Payment

Final payment under this Contract shall be processed in accordance with the procedures set forth in M.G.L. c. 30, §39K. The acceptance by the Contractor of the last payment due under this Contract or the Contractor's execution of the Final Certificate of Completion, shall operate as to release the Town from all claims and liability related to this Contract.

#### 42. Liens

Neither the Final Payment nor any part of the retained percentage shall become due until the Contractor, if required, delivers to the Town a complete release of all liens arising out of the Contract, or receipts in full in lieu thereof and, if required in either case, an affidavit that as far as it has knowledge or information, the releases and receipts include all the labor and material for which a lien could be filed. The Contractor shall comply with all the statutory provisions of the General Laws of the Commonwealth of Massachusetts with regard to liens, Chapter 254 and 149 as amended (as a minimum requirement).

#### 43. Withholding of Payments

43.1 The Town may withhold or, on account of subsequently discovered evidence, nullify the whole or part of any payment to such extent as may become necessary in its reasonable opinion to protect the Town of Andover from loss on account of:

42.1.1 Defective work not remedied.

42.1.2 Claims filed or reasonable evidence indicating probable filing of claims.

42.1.3 Failure of the Contractor to make payments properly to Subcontractors or for material or labor.

42.1.4 Reasonable doubt that the Contract can be completed for the balance then unpaid.

42.1.5 Damage to another contractor.

42.1.6 Delays resulting in liquidated damages.

43.2 Withholding of payments shall be in strict compliance with statutory requirements.

#### 44. Claims by Contractor and Liability of Town

All claims by the Contractor against the Town shall, unless otherwise provided by law, be initiated by a written claim submitted to the Town no later than seven (7) calendar days after the event or the first appearance of the circumstances causing the claim. The claim shall set forth in detail all known facts and circumstances supporting the claim. The Contractor shall continue its performance under this Contract regardless of the submission or existence of any claims.

The limit of liability of the Town under this Agreement is limited to the compensation provided herein for the work actually performed, and shall in no event include liability for delays or for incidental, special or consequential damages or lost profits or for damages or loss from causes beyond the Town's reasonable control.

#### 45. Liquidated Damages

Because both parties recognize (1) that the time for completion of this Contract is of the essence, (2) that the Town will suffer loss if the work is not completed within the contract time specified, plus any extension thereof allowed in accordance with the provisions of this contract, and (3) the delays, expense and difficulties involved in a legal proceeding to determine the actual loss suffered by the Town if the work is not completed on time, it is agreed that the Contractor will pay the Town as liquidated damages representing an estimate of delay damages, not as a penalty, the sum of N/A per day for each calendar day of delay until the work is completed, whether the work is completed by the Contractor or some other person. The Town's right to impose liquidated damages shall in no way prohibit or restrict the Town's right to bring legal action for damages in lieu of or in addition to its option to impose liquidated damages. The Town may deduct any liquidated damages from money due the Contractor, and if such payment is insufficient to cover the liquidated damages, then the Contractor shall pay the amount due.

#### 46. The Contractors' Mutual Responsibility

Should the Contractor cause damage to any separate subcontractor on the work, the Contractor agrees, upon due notice, to settle with such contractor by agreement, or by recourse to remedies provided by law or by the provisions of the contract. If such separate contractor sues the Town on account of any damage alleged to have been sustained, the Town shall notify the Contractor, who shall defend such proceedings at the Contractor's expense and, if any judgment against the Town arises therefrom, the Contractor shall pay or satisfy it and pay all costs incurred by the Town.

#### 47. Separate Contracts

47.1 The Town reserves the right to let other Contracts in connection with this work under similar General Conditions. The Contractor shall afford other contractors reasonable opportunity for the introduction and storage of their materials and the execution of their work, and shall properly connect and coordinate its work with theirs.

47.2 If any part of the Contractor's work depends, for proper execution or results, upon the work of any other contractor, the Contractor shall inspect and promptly report to the Town any defects in such work that render it unsuitable for such proper execution and results. Failure of the Contractor to so inspect and report shall

constitute an acceptance of the other contractor's work as fit and proper for the reception of its work except as to defects which may develop in the other contractor's work after the execution of its work.

47.3 To insure the proper execution of its subsequent work, the Contractor shall measure work already in place and shall at once report to the Town any discrepancy between the executed work and the Drawings.

#### 48. Subcontracts

48.1 All subcontracts shall be awarded in conformity with the requirements of the General Laws of the Commonwealth of Massachusetts, Chapter 149, Sections 44A to 44L, inclusive.

48.2 The Contractor fully agrees that it is as fully responsible to the Town for acts and omissions of its Subcontractors and of persons either directly or indirectly employed by them, as it is for the acts and omissions of persons directly employed by it.

48.3 Nothing contained in the Contract Documents shall create any contractual relationship between any Subcontractor and the Town.

#### 49. Contractor-Subcontractor Relations

The Contractor agrees to bind every Subcontractor and every Subcontractor agrees to be bound by the terms of the Agreement, the General Conditions of the Contract, the Supplementary General Conditions, the Drawings and Specifications, as far as applicable to its work, including the provisions of the General Laws, Commonwealth of Massachusetts, Chapter 149, Section 44A, et seq.

#### 50. Indemnification

50.1 To the fullest extent permitted by law, the Contractor shall indemnify, defend and save harmless the Town, its officers, agents and employees from and against any and all damages, liabilities, actions, suits, proceedings, claims, demands, losses, recoveries and judgments of every nature and description (including reasonable attorney's fees) brought or recovered against them that may arise in whole or in part out of or in connection with the work being performed or to be performed, or out of any act or omission by the Contractor, its employees, agents, subcontractors, material men, or anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, regardless of whether or not it is caused in part by any party indemnified hereunder. The Contractor further agrees to reimburse the Town for damage to the Town's property caused by Contractor, its employees, agents, subcontractors or material men, and anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, including damages caused by his, its or their use of faulty, defective, or unsuitable material or equipment. The existence of insurance shall in no way limit the scope of the Contractor's indemnification under this Contract. The duty to defend shall immediately accrue and be owing upon the utterance of such a claim by any person or entity regardless of merit and shall not be dependent upon a finding of negligence or any other finding of fact at trial. The duty to defend shall be absolute and shall not be defeated or in any way undermined by the utterance of claims not covered by this Contract.

50.2 In any and all claims against the Town or any of their agents or employees by any employee of the Contractor, any Subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this paragraph shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for the Contractor or any Subcontractor under Workmen's Compensation Acts, disability benefit acts or other employee benefit acts.

50.3 The intent of the Specifications regarding insurance is to specify minimum coverage and minimum limits of liability acceptable under the Contract. However, it shall be the Contractor's responsibility to purchase and maintain insurance of such character and in such amounts as will adequately protect it and the Town from and against all claims, damages, losses and expenses resulting from exposure to any casualty liability in the performance of the Work.

#### 51. Guarantees

51.1 The Contractor guarantees and warrants to the Town that all labor furnished under this Contract will be competent to perform the tasks undertaken, that the product of such labor will yield only first class

results, that materials and equipment furnished will be of good quality and new unless otherwise permitted by this Contract, and that the Work will be of good quality, free from faults and defects and in strict conformance with this Contract. All Work not conforming to these requirements may be considered defective.

51.2 If at any time during the period of one (1) year from the date of the substantial completion, as shown on an approval payment request, or such other period provided in the Specifications, the Work or any part of the Work shall in the reasonable determination of the Town require replacing or repairing due to the fact that it is broken, defective, or otherwise does not conform to the Contract Documents, the Town will notify the Contractor to make the required repairs or replacement. If the Contractor shall neglect to commence such repair or replacements to the satisfaction of the Town within ten (10) days from the date of giving or mailing such notice, then the Town may employ other persons to make said repairs or replacements. The Contractor agrees, upon demand, to pay the Town all amounts which the Town expends for such repairs or replacements. For items of work completed after substantial completion, the one-year guarantee will commence at the time the Town approves of the completion of such items. This one-year guarantee shall not limit or express guaranty or warrantee required to be assigned to the Town pursuant to the terms of the Plans and Specifications.

51.3 Materials and equipment to be installed as part of the Work (both or either of which are hereinafter referred to as "materials") shall be new, unused, of recent manufacture, assembled, and used in accordance with the best construction practices. The Contractor shall inform itself as to, and shall comply with, the provisions of M.G.L. c. 7, s. 23A, as amended, and shall abide by the same and all applicable rules, regulations and orders made thereunder in relation to the purchase of supplies and materials in the execution of the Work, including the provisions of M.G.L. c. 7, s. 22, paragraph 17 which provides that there be "*a preference in the purchase of supplies and materials, other considerations being equal, in favor, first, of supplies and materials manufactured and sold within the Commonwealth, and second, of supplies and materials manufactured and sold elsewhere within the United States.*"

51.4 All guarantees and warranties required in the various Sections of the Specifications which originate with a Subcontractor or Manufacturer must be delivered to the Town before final payment to the Contractor may be made for the amount of that subtrade or for the phase of work to which the guarantee or warranty relates. The failure to deliver a required guarantee or warranty shall be held to constitute a failure of the Subcontractor to fully complete his work in accordance with the Contract Documents. The Contractor's obligation to correct work is in addition to, and not in substitution of, such guarantees or warranties as may be required in the various Sections of the Specifications.

52. The statutory provisions appearing in Appendix A attached hereto are incorporated into this Contract by reference.

**Chapter 30: Section 39O: Contracts for construction and materials; suspension, delay, or interruption due to order of awarding authority; adjustment in contract price; written claim.**

Section 39O. - (a) The awarding authority may order the contractor in writing to suspend, delay, or interrupt all or any part of the work for such a period of time as it may determine to be appropriate for the convenience of the awarding authority; provided, however, that if there is a suspension, delay or interruption for fifteen days or more due to a failure of the awarding authority to act within the time specified in this contract, the awarding authority shall make an adjustment in the contract price for any increase in the cost of performance of this contract but shall not include any profit to the general contractor on such increase; and provided further, that the awarding authority shall not make any adjustment in the contract price under this provision for any suspension, delay or interruption or failure to act to the extent that such is due to any cause for which the contract provides for an equitable adjustment of the contract price under any other contract provisions.
- (b) The general contractor must submit the amount of the claim under provision (a) to the awarding authority in writing as soon as practicable after the end of the suspension, delay, interruption or failure to act and, in any event, not later than the final date of payment under this contract and, except

for costs due to a suspension order, the awarding authority shall not approve any costs in the claim uncured more than twenty days before the general contractor notified the awarding authority in writing of the failure to act involved in the claim.

**Chapter 30: Section 39P: Contracts for construction and materials; awarding authority's decisions on interruption of specifications, etc.; time limit; notice.**

Section 39P. **Chapter 30: Section 39Q: Contracts for capital facility construction; contents; annual claims report. Section 39Q.**

- (1) Every contract awarded by any state agency as defined by Section 39A of Chapter 7 for the construction, reconstruction, alteration, remodeling, repair or demolition of any capital facility as defined by the aforesaid Section 39A shall contain the following subparagraphs (a) through (d) in their entirety:
- (a) Disputes regarding changes in and interpretations of the terms or scope of the contract and denials of or failures to act upon claims for payment for extra work or materials shall be resolved according to the following procedures, which shall constitute the exclusive method for resolving such disputes. Written notice of the matter in dispute shall be submitted promptly by the claimant to the chief executive official of the state agency which awarded the contract or his designee. No person or business entity having a contract with a state agency shall delay, suspend, or curtail performance under that contract as a result of any dispute subject to this section. Any disputed order, decision or action by the agency or its authorized representative shall be fully performed or complied with pending resolution of the dispute.
  - (b) Within thirty days of submission of the dispute to the chief of executive official of the state agency or his designee, he shall issue a written decision stating the reasons therefor, and shall notify the parties of their right of appeal under this section. If the official or his designee is unable to issue a decision within thirty days, he shall notify the parties to the dispute in writing why a decision cannot be issued within thirty days and of the date by which the decision shall issue. Failure to issue a decision within the thirty day period or within the additional time period specified in such written notice shall be deemed to constitute a denial of the claim and shall authorize resort to the appeal procedure described below. In the event an aggrieved party exercises its option to file an action directly in court as provided in the previous sentence, the twenty-one day period shall not apply to such filing and the period of filing such action shall be the same period otherwise applicable for filing a civil action in superior court. The appeal shall be referred to a hearing officer experienced in construction law and shall be prosecuted in accordance with the formal rules of procedure for the conduct of adjudicatory hearings of the division of hearing officers, except as provided below. The hearing officer shall issue a final decision as expeditiously as possible, but in no event more than one hundred and twenty calendar days after conclusion of adjudicatory hearing, unless the decision is

delayed by a request for an extension of time for filing post-hearing briefs or other submissions assented to by all parties. Whenever, because an extension of time has been granted, the hearing officer is unable to issue a decision within one hundred and twenty days, he shall notify all parties of the reasons for the delay and the date when the decision will be issued. Failure to issue a decision within the one hundred and twenty day period or within the additional period specified in such written notice shall give the petitioner the right to pursue any legal remedies available to him without further delay.

- (d) When the amount in dispute is less than ten thousand dollars, a contractor who is party to the dispute may elect to submit the appeal to a hearing officer experienced in construction law for expedited hearing in accordance with the informal rules of practice and procedure of the division of hearing officers.
