1. This is a Contract for the procurement of the following: **Art and Placemaking for the Historic Mill District** under MGL Chapter 30, 39M.

2. The Contract price to be paid to the Contractor by the Town of Andover is: **\$35,000.00.**

3. Payment will be made as follows: Within 30 days of detailed invoice

4. Definitions:
 - 4.1 Acceptance: All Contracts require proper acceptance of the described deliverables or services by the Town of Andover. Proper acceptance shall be understood to include inspection of deliverables and certification of acceptable performance for services by authorized representatives of the Town to ensure that the deliverables or services are complete and are as specified in the Contract.

 - 4.2 Contract Documents: All documents relative to the Contract including (where used) Instructions to Bidders, Proposal Form, General Conditions, Supplementary General Conditions, General Specifications, Other Specifications included in Project Manual, Drawings, Request for Qualifications, Scope of Services, and all Addenda. The Contract documents are complementary, and what is called for by any one shall be as binding as if called for by all. The intention of this Contract is

to include all labor and materials, equipment and transportation necessary for the proper performance of the Contract.

- 4.3 The Contractor: The “other party” to any Contract with the Town. This term shall (as the sense and particular Contract so require) include Vendor, Contractor, Engineer, or other label used to identify the other party in the particular Contract. Use of the term “Contractor” shall be understood to refer to any other such label used. In the performance of service under this Agreement, the Contractor acts at all times as an independent contractor. There is no relationship of employment or agency between the Town, on the one hand, and the Contractor on the other, and neither party shall have or exercise any control or direction over the method by which the other performs its work or functions aside from such control or directions as provided in this Contract which the parties view as consistent with their independent contractor relationship.
- 4.4 Date of Substantial Performance: The date when the work is sufficiently complete, the services are performed, or the goods delivered, in accordance with Contract documents, as modified by approved Amendments and Change Orders.
- 4.5 Goods: Goods, Supplies, Materials or other Deliverables.
- 4.6 SubContractor: Those having a direct Contract with the Contractor. The term includes one who furnished material worked to a special design according to the Drawings or Specifications of this work, but does not include one who merely furnishes material not so worked.
- 4.7 Work: The services or materials contracted for, or both.

5. Term of Contract and Time for Performance:

This Contract shall be fully performed by the Contractor in accordance with the provisions of the Contract Documents on or before 12/31/2022, unless extended pursuant to a provision for extension contained in the Contract documents at the sole discretion of the Town, and not subject to assent by the Contractor, and subject to the availability and appropriation of funds as certified by the Town Accountant. The time limits stated in the Contract documents are of the essence of the Contract.

6. Subject to Appropriation:

Notwithstanding anything in the Contract documents to the contrary, any and all payments which the Town is required to make under this Contract shall be subject to appropriation or other availability of funds as certified by the Town Accountant. In the absence of appropriation, this Contract shall be immediately terminated without liability for damages, penalties or other charges. When the amount of the Accountant’s certification of available funds is less than the face amount of the Contract, the Town shall not be liable for any claims or requests for payment

by the Contractor which would cause total claims or payments under this Contract to exceed the amount so certified.

7. Permits and Approvals:

Permits, Licenses, Approvals and all other legal or administrative prerequisites to its performance of the Contract shall be secured and paid for by the Contractor.

8. Termination:

a. Without Cause. The Town may terminate this Contract on seven (7) calendar days notice when in the best interests of the Town by providing notice to the Contractor, which shall be in writing and shall be deemed delivered and received when given in person to the Contractor, or when received by fax, express mail, certified mail return receipt requested, regular mail postage prepaid or delivered by any other appropriate method evidencing actual receipt by the Contractor. Upon termination without cause, Contractor will be paid for services rendered to the date of termination.

b. For Cause. If the Contractor is determined by the Town to be in default of any term or condition of Contract, the Town may terminate this Contract on seven (7) days notice by providing notice to the Contractor, which shall be in writing and shall be deemed delivered and received when given in person to the Contractor, or when received by fax, express mail, certified mail return receipt requested, regular mail postage prepaid or delivered by any other appropriate method evidencing actual receipt by the Contractor.

c. Default. The following shall constitute events of a default under the Contract:

- 1) any material misrepresentation made by the Contractor to the Town; 2) any failure to perform any of its obligations under this Contract including, but not limited to the following: (i) failure to commence performance of this Contract at the time specified in this Contract due to a reason or circumstance within the Contractor's reasonable control, (ii) failure to perform this Contract with sufficient personnel and equipment or with sufficient material to ensure the completion of this Contract within the specified time due to a reason or circumstance within the Contractor's reasonable control, (iii) failure to perform this Contract in a manner reasonably satisfactory to the Town, (iv) failure to promptly re-perform within a reasonable time the services that were rejected by the Town as unsatisfactory, or erroneous, (v) discontinuance of the services for reasons not beyond the Contractor's reasonable control, (vi) failure to comply with a material term of this Contract, including, but not limited to, the provision of insurance and non-discrimination, (vii) any other acts specifically and expressly stated in this Contract as constituting a basis for termination of this Contract, and (viii) failure to comply with any and all requirements of federal and/or state law and/or regulations, and Town bylaw and/or regulations.

9. The Contractor's Breach and the Town's Remedies:

Failure of the Contractor to comply with any of the terms or conditions of this Contract shall be deemed a material breach of this Contract, and the Town of Andover shall have all the rights and remedies provided in the Contract documents, the right to cancel, terminate, or suspend the Contract in whole or in part, the right to maintain any and all actions at law or in equity or other proceedings with respect to a breach of this Contract, including damages and specific performance, and the right to select among the remedies available to it by all of the above.

From any sums due to the Contractor for services, the Town may keep the whole or any part of the amount for expenses, losses and damages incurred by the Town as a consequence of procuring services as a result of any failure, omission or mistake of the Contractor in providing services as provided in this Contract.

10. Statutory Compliance:

10.1 This Contract will be construed and governed by the provisions of applicable federal, state and local laws and regulations; and wherever any provision of the Contract or Contract documents shall conflict with any provision or requirement of federal, state or local law or regulation, then the provisions of law and regulation shall control. Where applicable to the Contract, the provisions of General Laws are incorporated by reference into this Contract, including, but not limited to, the following:

10.2 Wherever applicable law mandates the inclusion of any term and provision into a municipal contract, this Section shall be understood to import such term or provision into this Contract. To whatever extent any provision of this Contract shall be inconsistent with any law or regulation limiting the power or liability of cities and Towns, such law or regulation shall control.

10.3 The Contractor shall give all notices and comply with all laws and regulations bearing on the performance of the Contract. If the Contractor performs the Contract in violation of any applicable law or regulation, the Contractor shall bear all costs arising therefrom.

10.4 The Contractor shall keep itself fully informed of all existing and future State and National Laws and Municipal By-laws and Regulations and of all orders and decrees of any bodies or tribunals having jurisdiction in any manner affecting those engaged or employed in the work, of the materials used in the work or in any way affecting the conduct of the work. If any discrepancy or inconsistency is

discovered in the Drawings, Specifications or Contract for this work in violation of any such law, by-law, regulation, order or decree, the Contractor shall forthwith report the same in writing to the Town. It shall, at all times, itself observe and comply with all such existing and future laws, by-laws, regulations, orders and decrees; and shall protect and indemnify the Town of Andover, and its duly appointed agents against any claim or liability arising from or based on any violation whether by him or its agents, employees or subcontractors of any such law, by-law, regulation or decree.

10.5 Any changes to the Scope of Services or contract price shall be made only by a written contract amendment executed by the Town and the Contractor.

11. Conflict of Interest:

Both the Town and the Contractor acknowledge the provisions of the State Conflict of Interest Law (General Laws Chapter 268A), and this Contract expressly prohibits any activity which shall constitute a violation of that law. The Contractor shall be deemed to have investigated the application of M.G.L. c. 268A to the performance of this Contract; and by executing the Contract documents the Contractor certifies to the Town that neither it nor its agents, employees, or subcontractors are thereby in violation of General Laws Chapter 268A.

12. Certification of Tax Compliance

This Contract must include a certification of tax compliance by the Contractor, as required by General Laws Chapter 62C, 49A (Requirement of Tax Compliance by All Contractors Providing Goods, Services, or Real Estate Space to the Commonwealth or Subdivision).

13. Discrimination

The Contractor will carry out the obligations of this Contract in full compliance with all of the requirements imposed by or pursuant to General Laws Chapter 151B (Law Against Discrimination) and any executive orders, rules, regulations, and requirements of the Commonwealth of Massachusetts as they may from time to time be amended. The Contractor shall comply with all federal and state laws, rules and regulations promoting fair employment practices or prohibiting employment discrimination and unfair labor practices and shall not discriminate in the hiring of any applicant for employment nor shall any qualified employee be demoted, discharged or otherwise subject to discrimination in the tenure, position, promotional opportunities, wages, benefits or terms and conditions of their employment because of race, color, national origin, ancestry, age, sex, religion, disability, handicap, sexual orientation or for exercising any rights afforded by law.

14. Assignment:

Assignment of this Contract is prohibited, unless and only to the extent that assignment is provided for expressly in the Contract documents.

15. Condition of Enforceability Against the Town:

This Contract is only binding upon, and enforceable against, the Town if: (1) the Contract is signed by the Town Manager or its designee; and (2) endorsed with approval by the Town Accountant as to appropriation or availability of funds; and (3) endorsed with approval by the Town Counsel as to form.

16. Corporate Contractor:

If the Contractor is a corporation, it shall endorse upon this Contract (or attach hereto) its Clerk's Certificate certifying the corporate capacity and authority of the party signing this Contract for the corporation. Such certificate shall be accompanied by a letter or other instrument stating that such authority continues in full force and effect as of the date the Contract is executed by the Contractor. This Contract shall not be enforceable against the Town of Andover unless and until the Contractor complies with this section.

The Contractor, if a foreign corporation, shall comply with the provisions of the General Laws, Chapter 181, Section 3, and any Acts and Amendments thereof, and in addition thereto, relating to the appointment of the Commissioner of Corporations as its attorney, shall file with the Commissioner of Corporations a Power of Attorney and duly authenticated copies of its Charter or Certificate of Incorporation; and said Contractor shall comply with all the laws of the Commonwealth.

17. Liability of Public Officials:

To the full extent permitted by law, no official, employee, agent or representative of the Town of Andover shall be individually or personally liable on any obligation of the Town under this Contract.

18. Indemnification:

The Contractor shall indemnify, defend, and save harmless the Town, the Town's officers, agents and employees, from and against any and all damages, liabilities, actions, suits, proceedings, claims, demands, losses, costs, expenses, recoveries and judgments of every nature and description (including reasonable attorneys' fees) incurred by, brought or recovered against them that may arise in whole or in part out of or in connection with the services being performed or to be performed, and out of any negligent act or omission by the Contractor, its employees, agents, subcontractors, material men, and anyone directly or indirectly employed by any of them or anyone for whose acts any of them may

be liable, regardless of whether or not it is caused in part by any party indemnified hereunder. The existence of insurance shall in no way limit the scope of the Contractor's indemnification under this contract. The duty to defend shall immediately accrue and be owing upon the utterance of such a claim by any person or entity regardless of merit and shall not be dependent upon a finding of negligence or any other finding of fact at trial. The duty to defend shall be absolute and will include and shall not be defeated or in any way undermined by the utterance of claims not covered by this Contract.

19. Documents, Materials, Etc.

Any materials, reports, information, data, etc. given to or prepared or assembled by the Contractor under this Contract are to be kept confidential and shall not be made available to any individual or organization by the Contractor (except agents, servants, or employees of the Contractor) without the prior written approval of the Town, except as otherwise required by law. The Contractor shall comply with the provisions Chapter 66A of the General Laws of Massachusetts as it relates to public documents, and all other state and federal laws and regulations relating to confidentiality, security, privacy and use of confidential data.

A hard copy and an electronic copy (if requested by the Town) of Contractor's drawings, plans, specifications and other similar documents, whether in written, graphic or electronic form, shall be delivered to the Town. If there is a discrepancy between the electronic files and the hard copies, the hard copies shall govern.

The Town shall have unlimited rights, for the benefit of the Town, in all drawings, designs, specifications, notes and other work developed in the performance of this contract including the right to use same on any other Town projects without additional cost to the Town; and with respect thereto the Contractor agrees and hereby grants to the Town an irrevocable royalty-free license to all such data which the Contractor may cover by copyright and to all designs as to which it may assert any rights or establish any claim under any patent or copyright laws. The Contractor shall not be responsible for changes made in the documents by others without the Contractor's authorization, nor for the Town's use of the document on projects other than the project which is the subject of this Contract, unless this is a contract for design services for a master plan or prototype.

20. Confidentiality

The Contractor shall comply with M.G.L. ch. 66A if the Contractor becomes a "holder" of "personal data". The Contractor shall also protect the physical security and restrict any access to personal or other Town data in the Contractor's possession, or used by the Contractor in the performance of this Contract, which shall include, but is not limited to the Town's public records, documents, files, software, equipment or systems.

21. Record-Keeping and Retention, Inspection of Records

The Contractor shall maintain records, books, files and other data as specified in this Contract and in such detail as shall properly substantiate claims for payment under this Contract, for a minimum retention period of seven (7) years beginning on the first day after the final payment under this Contract, or such longer period as is necessary for the resolution of any litigation, claim, negotiation, audit or other inquiry involving this Contract. The Town shall have access during the Contractor's regular business hours and upon reasonable prior notice, to such records, including on-site reviews and reproduction of such records at a reasonable expense.

22. Subcontracting By Contractor

Any subcontract entered into by the Contractor for the purposes of fulfilling the obligations under this Contract must be in writing, authorized in advance by the Town and shall be consistent with and subject to the provisions of this Contract. Subcontracts will not relieve or discharge the Contractor from any duty, obligation, responsibility or liability arising under this Contract. The Town is entitled to copies of all subcontracts and shall not be bound by any provisions contained in a subcontract to which it is not a party.

23. Risk of Loss

The Contractor shall bear the risk of loss for any Contractor materials used for this Contract and for all deliveries, Town personal or other data which is in the possession of the Contractor or used by the Contractor in the performance of this Contract until possession, ownership and full legal title to the deliverables are transferred to and accepted by the Town.

24. Minimum Wage/Prevailing Wage

The Contractor will carry out the obligations of this Contract in full compliance with all of the requirements imposed by or pursuant to General Laws Chapter 151, §1, *et seq.* (Minimum Wage Law) and any executive orders, rules, regulations, and requirements of the Commonwealth of Massachusetts as they may from time to time be amended. The Contractor will at all times comply with the wage rates as determined by the Commission of the Department of Labor and Industries, under the provisions of General Laws Chapter 149, 26 to 27D (Prevailing Wage Law), as shall be in force and as amended. The Contractor will, in addition to any other submissions required by the Prevailing Wage Law, submit certified weekly payrolls to the Town with the information described in General Laws Chapter 149, §27B.

25. Audit, Inspection and Recordkeeping

At any time during normal business hours, and as often as the Town may deem it reasonably necessary, there shall be available in the office of the Contractor for the purpose of audit, examination, and/or to make excerpts or transcript all records, contracts, invoices, materials, payrolls, records of personnel, conditions of employment and other data relating to all matters covered by this Agreement.

26. Payment

The Town agrees to make all reasonable efforts to pay to the Contractor the sum set forth in the Contractor's bid or proposal within thirty (30) days of receipt of an invoice detailing the work completed and acceptance from the Town of the work completed.

27. Waiver and Amendment

Amendments, or waivers of any additional term, condition, covenant, duty or obligation contained in this Contract may be made only by written amendment executed by all signatories to the original Agreement, prior to the effective date of the amendment.

To the extent allowed by law, any conditions, duties, and obligations contained in this Contract may be waived only by written Agreement by both parties.

Forbearance or indulgence in any form or manner by a party shall not be construed as a waiver, nor in any manner limit the legal or equitable remedies available to that party. No waiver by either party of any default or breach shall constitute a waiver of any subsequent default or breach of a similar or different matter.

28. Forum and Choice of Law

This Contract and any performance herein shall be governed by and be construed in accordance with the laws of the Commonwealth of Massachusetts. Any and all proceedings or actions relating to subject matter herein shall be brought and maintained in the courts of the Commonwealth or the federal district court sitting in the Commonwealth, which shall have exclusive jurisdiction thereof. This paragraph shall not be construed to limit any other legal rights of the parties.

29. Notices

Any notice permitted or required under the provisions of this Contract to be given or served by either of the parties hereto upon the other party hereto shall be in writing and signed in the name or on the behalf of the party giving or serving the same. Notice shall be deemed to have been received at the time of actual service or three (3) business days after the date of a certified or registered mailing properly addressed. Notice to the Contractor shall be deemed sufficient if sent to the address set forth in the Contract and to

the Town of Andover by being sent to the Town Manager, Town Hall, 36 Bartlet Street, Andover, Massachusetts 01810.

30. Binding on Successors:

This Contract shall be binding upon the Contractor, its assigns, transferees, and/or successors in interest (and where not corporate, the heirs and estate of the Contractor).

31. Complete Contract:

This instrument, together with its endorsed supplements, and the other components of the contract documents, constitutes the entire contract between the parties, with no agreements other than those incorporated herein.

ART + PLACEMAKING
HISTORIC MILL DISTRICT, ANDOVER MA

Dear Ann and Paul,

Gamble Associates is delighted to submit this Scope of Work for Art and Placemaking in Andover's Historic Mill District (HMD). Communities across the country are eager to showcase and celebrate aspects of their authenticity and uniqueness. Many struggle to do so, but Andover is fortunate to have a culture of creativity. That culture could be better expressed with an initiative that brings art *out of the interior gallery and into the public realm*.

The 100-acre HMD is an excellent geography for such an initiative. It is a large area with numerous subdistricts. The area is a connector, linking the river, commuter rail and Main Street corridors. Fortunately, the district lies along main entry points leading into the Town, providing residents and visitors with "first impressions". Unfortunately, there is little sense of a gateway experience coming from any direction or a sense of arrival experience befitting an historic place. Although Andover is fortunate to have some compelling existing open spaces, within the HMD there are highly visible, underutilized areas which warrant investment, like the Shawsheen River itself. These following sites are unremarkable, but offer compelling opportunities for reinvention:

- Red Spring Road retaining wall
- Red Spring Road / Essex Street intersection
- Essex Street Bridge
- Town Yard
- Rogers Dell
- The Boulders

Both the identity of the HMD and its relationship to Andover's downtown core can be strengthened with an art and placemaking initiative. In the long term, this can be accomplished with the creation of a permanent cultural venue with the redevelopment of the former Town Yard. However, in the near term, a temporary public art program will be an inviting avenue to celebrate Andover's assets, build capacity, strengthen partnerships, foster momentum and attract funding.

Public art programs are often thought of as sculptures or other three-dimensional art pieces set down in a number of locations, to be admired as individual pieces of art or a themed set of decorated objects signifying some relationship to the community. Images come to mind of the cows in Chicago, the pigs in Cincinnati, the horses in Louisville or Buffalo's buffalo. While these initiatives do create excitement and interest - at least initially - public art should be integrated into the normal pedestrian experience of a community. To be effective it needs to be woven into the fabric of a downtown by taking everyday items such as shade structures, benches and bike racks and making them objects of art. In this way community buzz is created. This effort will showcase Andover's past and celebrate its future through a series of coordinated public art installations and initiatives. It holds the potential to highlight everyday items that can bring richness to the pedestrian experience and a reinforcement of the Town's uniqueness. Elements of the downtown and Shawsheen riverfront can, and should, be infused with artistic and creative overlays.

Local artist involvement *will be imperative* to instill ownership for the initiative and the art should include functional elements whenever and wherever possible. This public art program will be interactive and inclusive, engaging people of all ages and backgrounds. While art should be reflective of Andover's history, tradition and symbols of excellence, it should also be fun and whimsical. Even landscape elements can be designed in a creative and artistic manner. Simply put, more effort should be used to showcase elements of the community's heritage and express the town's creativity and innovation. This temporary effort can lay the foundation for a more permanent art and culture program similar to other towns and cities in the Commonwealth like Salem, Newburyport and Cambridge.

SCOPE OF WORK

Phase 1 (2 weeks) Project definition (September)

- Initial site visit and client meeting
- Review previous planning documents and current cultural initiatives
- Meet with Steering Committee (if not yet formed, then help establish one) and municipality to discuss the public engagement effort and identify opportunities and challenges
- Confirm and photograph potential locations for HMD art and programming

Deliverables: Summarize characteristics of potential locations for public art and identify issues that need to be addressed in the public engagement process. Photographic inventory and urban design analysis of sites. Establish engagement dates for the project and overall timeline.

Phase 2 (4 weeks) Public meeting/ Charrette 1 (October)

- Initial public meeting (virtual or in-person, pending social distancing protocols) as an extension of the previous “Arts + Culture Mixer” to provide an overview of the art and placemaking initiative
- Present work in peer towns and cities that leverage art as placemaking/lessons learned
- Brainstorm topics that can serve as “interpretative themes” and “artist guidelines” to incorporate into the public realm. These themes may be topical or material-based. The themes will have a placemaking objective in that they will contribute to a cohesive visual identity for Andover expressed through artistic treatments, lighting, landscaping, pedestrian amenities, wayfinding or other elements. Interpretative themes will inform the creative work so that designs relate to the distinct character of the place and express what resident’s say they value in their community.

Deliverables: Public presentation that draws on prior work in the Placemaking Plan and provides opportunities for community engagement and expression. Work with Town to create a public survey about the effort and to elicit feedback.

Phase 3 (4 weeks) Public meeting / Charrette 2 (November)

- Follow-up meeting with Town Staff and Steering Committee to discuss community engagement effort and recommended material for follow-up public meeting.
- Second public meeting (virtual or in person, pending social distancing protocols) to discuss themes that emerged from the initial charrette and advance opportunities for artistic interpretation.
- *Deliverables: Public presentation of initial themes. Craft RFP for call for artists. Create flyer/poster of the initiative’s ambitions and opportunities for implementation. Assist with writing article for Town Meeting establishing funding for the initiative.*

SCHEDULE

Our team is prepared to begin work immediately. The project should begin in early September. (August is never a good month for public engagement). We envision a four (4) month effort concluding before the end of the year.

DESIGN FEE

The Fee associated with the Scope of Work outlined above is **\$35,000** (thirty-five thousand dollars). This fee includes reimbursable expenses. Reimbursable expenses are estimated at \$1,000 and include printing, plotting and copying charges and travel and related expenses. I would be happy to meet and go through these issues in more detail so that we can more accurately assess the effort.

Sincerely,
