- 5.1 Extension for Delays Caused by Town. The only circumstances under which the Contract Price shall be increased due to delays caused by the Town are those specified in M.G.L. c. 30, §390 appearing in Appendix A to this Contract. In all other cases the Contractor shall be entitled neither to increase the Contract Price nor to receive damages on account of any hindrances or delays, avoidable or unavoidable, but if the delay is caused by the Town, the Contractor shall be entitled to an extension of time to the extent provided in M.G.L. c. 30, §390. The Contractor must submit any claim under this paragraph to the Town in writing as soon as practicable after the end of the Town's suspension, delay, interruption, or failure to act and, in any event, not later than the date of final payment under this Contract. 6. Subject to Appropriation. Notwithstanding anything in the Contract Documents to the contrary, all payments which the Town is required to make under this Contract shall be subject to appropriation or other availability of funds as certified by the Town Accountant. The Town may immediately terminate or suspend this Contract without liability on the part of the Town for damages, penalties, or other charges in the event the appropriation(s) funding this Contract is terminated or reduced to an amount which will be insufficient to support anticipated future obligations under this Contract.
7. Permits and Approvals. Permits, Licenses, Approvals and all other legal or administrative prerequisites to its performance of the Contract shall be secured and paid for by the Contractor. 9. Termination and Default

9.1 Without Cause. The Town may terminate the Contract at its sole discretion on seven (7) calendar days' notice when in the best interest of the Town by providing notice to the Contractor, which shall be in writing and shall be deemed delivered and received when given in person to the Contractor, or when received by fax, express mail, certified mail return receipt requested, regular mail postage prepaid or delivered by any other appropriate method evidencing actual receipt by the Contractor.

The Town shall not be liable for any depreciation, loss, or damage to said materials, machinery, implements or tools during said use and the Contractor shall be solely responsible for their removal from the Project site after the Town has no further use for them. In such cases, the Contractor shall not be entitled to receive any further payment until the Work is finished. If the unpaid amount owed to the Contractor for work already completed shall exceed the expense of finishing the Work, including compensation for additional architectural, managerial, legal, and administrative services, such excess shall be paid to the Contractor. If such expenses shall exceed unpaid balances, the Contractor shall pay the difference to the Town. The Contractor shall not be relieved of liability to the Town by virtue of any termination of this contract, and any claim for damages against the Contractor relating to the Contractor's performance under this contract shall survive any termination hereunder. Notwithstanding any other provision of this Contract, the Town reserves the right at any time in its absolute discretion to suspend or terminate this Contract in whole or in part for its convenience upon seven days written notice to the Contractor. The Town shall incur no liability by reason of such termination except for the obligation to pay compensation for all work performed by the Contractor and accepted by the Town to the termination date.

36. Inspection by the Town's Project Representative

36.1 The Town shall have the right to designate a Project Representative who may make periodic visits to the site to familiarize the Town with the progress and quality of the

40.1 The Contractor shall submit to the Town an itemized Application for Payment, supported to the extent required by the Town by invoices or other vouchers, showing payments for materials and labor, payments to the Subcontractors and such other evidence of the Contractor's right to payment.

40.2 The Contractor shall, before the first application, submit to the Town a schedule of values of the various parts of the work, including quantities aggregating the total sum of the Contract, divided so as to facilitate payments to Subcontractors, made out in such form as the Town and the Contractor may agree upon, and, if required, supported by such evidence as to its correctness. This schedule, when approved by the Town, shall be used as a basis for payment, unless it is found to be in error. If applying for payments, the Contractor shall submit a statement based upon this schedule.

41. Final Payment

Final payment under this Contract shall be processed in accordance with the procedures set forth in M.G.L. c. 30, §39K. The acceptance by the Contractor of the last payment due under this Contract or the Contractor's execution of the Final Certificate of Completion, shall operate as to release the Town from all claims and liability related to this Contract.

42. Liens

Neither the Final Payment nor any part of the retained percentage shall become due until the Contractor, if required, delivers to the Town a complete release of all liens arising out of the Contract, or receipts in full in lieu thereof and, if required in either case, an affidavit that as far as it has knowledge or information, the releases and receipts include all the labor and material for which a lien could be filed. The Contractor shall comply with all the statutory provisions of the General Laws of the Commonwealth of Massachusetts regarding liens, Chapter 254 and 149 as amended (as a minimum requirement).

43. Withholding of Payments

43.1 The Town may withhold or, on account of subsequently discovered evidence, nullify the whole or part of any payment to such extent as may become necessary in its reasonable opinion to protect the Town of Andover from loss on account of:

42.1.1 Defective work not remedied.

42.1.2 Claims filed or reasonable evidence indicating probable filing of claims.

42.1.3 Failure of the Contractor to make payments properly to Subcontractors or for material or labor.

42. 1.4 Reasonable doubt that the Contract can be completed for the balance then unpaid.

42.1.5 Damage to another contractor.

42.1.6 Delays resulting in liquidated damages.

43.2 Withholding of payments shall be in strict compliance with statutory requirements.

44. Claims by Contractor and Liability of Town

All claims by the Contractor against the Town shall, unless otherwise provided by law, be initiated by a written claim submitted to the Town no later than seven (7) calendar days after the event or the first appearance of the circumstances causing the claim. The claim shall set forth in detail all known facts and circumstances supporting the claim. The Contractor shall continue its performance under this Contract regardless of the submission or existence of any claims.

The limit of liability of the Town under this Agreement is limited to the compensation provided herein for the work performed and shall in no event include liability for delays or for incidental, special or consequential damages or lost profits or for damages or loss from causes beyond the Town's reasonable control.

45. Liquidated Damages

Because both parties recognize (1) that the time for completion of this Contract is of the essence, (2) that the Town will suffer loss if the work is not completed within the contract time specified, plus any extension thereof allowed in accordance with the provisions of this contract, and (3) the delays, expense and difficulties involved in a legal proceeding to determine the actual loss suffered by the Town if the work is not completed on time, it is agreed that the Contractor will pay the Town as liquidated damages representing an estimate of delay damages, not as a penalty, the sum of NA per day for each calendar day of delay until the work is completed, whether the work is completed by the Contractor or some other person. The Town's right to impose liquidated damages shall in no way prohibit or restrict the Town's right to bring legal action for

damages in lieu of or in addition to its option to impose liquidated damages. The Town may deduct any liquidated damages from money due the Contractor, and if such payment is insufficient to cover the liquidated damages, then the Contractor shall pay the amount due.

46. The Contractors' Mutual Responsibility

Should the Contractor cause damage to any separate subcontractor on the work, the Contractor agrees, upon due notice, to settle with such contractor by agreement, or by recourse to remedies provided by law or by the provisions of the contract. If such separate contractor sues the Town on account of any damage alleged to have been sustained, the Town shall notify the Contractor, who shall defend such proceedings at the Contractor's expense and, if any judgment against the Town arises therefrom, the Contractor shall pay or satisfy it and pay all costs incurred by the Town.

47. Separate Contracts

47.1 The Town reserves the right to let other Contracts in connection with this work under similar General Conditions. The Contractor shall afford other contractors' reasonable opportunity for the introduction and storage of their materials and the execution of their work and shall properly connect and coordinate its work with theirs.

47.2 If any part of the Contractor's work depends, for proper execution or results, upon the work of any other contractor, the Contractor shall inspect and promptly report to the Town any defects in such work that render it unsuitable for such proper execution and results. Failure of the Contractor to so inspect and report shall constitute an acceptance of the other contractor's work as fit and proper for the reception of its work except as to defects which may develop in the other contractor's work after the execution of its work.

47.3 To ensure the proper execution of its subsequent work, the Contractor shall measure work already in place and shall at once report to the Town any discrepancy between the executed work and the Drawings.

48. Subcontracts

48.1 All subcontracts shall be awarded in conformity with the requirements of the General Laws of the Commonwealth of Massachusetts, Chapter 149, Sections 44A to 44L, inclusive.

48.2 The Contractor fully agrees that it is as fully responsible to the Town for acts and omissions of its Subcontractors and of persons either directly or indirectly employed by them, as it is for the acts and omissions of persons directly employed by it.

48.3 Nothing contained in the Contract Documents shall create any contractual relationship between any Subcontractor and the Town.

49. Contractor-Subcontractor Relations

The Contractor agrees to bind every Subcontractor and every Subcontractor agrees to be bound by the terms of the Agreement, the General Conditions of the Contract, the Supplementary General Conditions, the Drawings and Specifications, as far as applicable to its work, including the provisions of the General Laws, Commonwealth of Massachusetts, Chapter 149, Section 44A, et seq.

50. Indemnification

To the fullest extent permitted by law, the Contractor shall indemnify, defend and save harmless the Town, its officers, attorneys, agents and employees from and against any and all damages, liabilities, actions, suits, proceedings, claims, demands, losses costs, expenses, recoveries and judgments of every nature and description (including reasonable attorneys' fees) brought or recovered against them that may arise in whole or in part out of or in connection with the work being performed or to be performed, or out of any act or omission by the Contractor, its employees, agents, subcontractors, material men, or anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, regardless of whether or not it is caused in part by any party indemnified hereunder. The Contractor further agrees to reimburse the Town for damage to its property caused by Contractor, its employees, agents, subcontractors or material men, and anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, including damages caused by his, its or their use of faulty, defective or unsuitable material or equipment regardless of whether or not it is caused in part by any party indemnified hereunder. The existence of insurance shall in no way limit the scope of the Contractor's indemnification under this Contract.

In any and all claims against the Town or any of their agents or employees by any employee of the Contractor, any Subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this paragraph shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for the Contractor or any Subcontractor under Workmen's Compensation Acts, disability benefit acts or other employee benefit acts.

The duty to defend, indemnify and hold harmless shall immediately accrue and be owing upon the utterance of such a claim by any person or entity regardless of merit and shall not be dependent upon a finding of negligence or any other finding of fact at trial. The duty to defend shall be absolute and shall not be defeated or in any way undermined by the utterance of claims not covered by this Contract.

The intent of the Specifications regarding insurance is to specify minimum coverage and minimum limits of liability acceptable under the Contract. However, it shall be the Contractor's responsibility to purchase and maintain insurance of such character and in such amounts as will adequately protect it and the Town from and against all claims, damages, losses, and expenses resulting from exposure to any casualty liability in the performance of the Work.

51. Guarantees

51.1 The Contractor guarantees and warrants to the Town that all labor furnished under this Contract will be competent to perform the tasks undertaken, that the product of such labor will yield only first class results, that materials and equipment furnished will be of good quality and new unless otherwise permitted by this Contract, and that the Work will be of good quality, free from faults and defects and in strict conformance with this Contract. All Work not conforming to these requirements may be considered defective.

51.2 If at any time during the period of one (1) year from the date of the substantial completion, as shown on an approval payment request, or such other period provided in the Specifications, the Work or any part of the Work shall in the reasonable determination of the Town require replacing or repairing due to the fact that it is broken, defective, or otherwise does not conform to the Contract Documents, the Town will notify the Contractor to make the required repairs or replacement. If the Contractor shall neglect to commence such repair or replacements to the satisfaction of the Town within ten (10) days from the date of giving or mailing such notice, then the Town may employ other persons to make said repairs or replacements. The Contractor agrees, upon demand, to pay the Town all amounts which the Town expends for such repairs or replacements. For items of work completed after substantial completion, the one-year guarantee will commence at the time the Town approves of the completion of such items. This one-year guarantee shall not limit, or express guaranty or warrantee required to be assigned to the Town pursuant to the terms of the Plans and Specifications.

51.3 Materials and equipment to be installed as part of the Work (both or either of which are hereinafter referred to as "materials") shall be new, unused, of recent manufacture, assembled, and used in accordance with the best construction practices. The Contractor shall inform itself as to, and shall comply with, the provisions of M.G.L. c. 7, s. 23A, as amended, and shall abide by the same and all applicable rules, regulations and orders

made thereunder in relation to the purchase of supplies and materials in the execution of the Work, including the provisions of M.G.L. c. 7, s. 22, paragraph 17 which provides that there be “ a preference in the purchase of supplies and materials, other considerations being equal, in favor, first, of supplies and materials manufactured and sold within the Commonwealth, and second, of supplies and materials manufactured and sold elsewhere within the United States.”

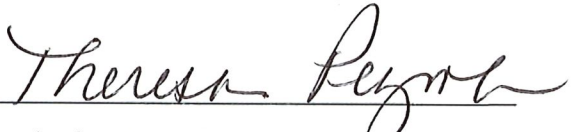

51.4 All guarantees and warranties required in the various Sections of the Specifications which originate with a Subcontractor or Manufacturer must be delivered to the Town before final payment to the Contractor may be made for that subtrade or for the phase of work to which the guarantee or warranty relates. The failure to deliver a required guarantee or warranty shall be held to constitute a failure of the Subcontractor to fully complete his work in accordance with the Contract Documents. The Contractor’s obligation to correct work is in addition to, and not in substitution of, such guarantees or warranties as may be required in the various Sections of the Specifications.
