

Lauren Kinney

1/26/2021

Let's leave the 1800s behind and eliminate the in-person requirement for voting at town meeting! Just because people don't have the time or means to attend several hours of meetings over a few evenings (or one Saturday as was the case for 2020) does not mean they should be left out of the decision-making process in our community. Nearly all business can be done virtually today, and it is my belief that Andover will be invigorated by innovation, technology, and young families who want to plant roots in a town that embraces the future.
