Against Town Meeting

I think it is disgraceful that less than 300 residents can make important decisions for the entire town with Andover's current Town Meeting structure. I am a senior living on a fixed budget and was appalled that the latest town budget, with an increase 4 times the Social Security increase, was accepted when most seniors were advised not to congregate in large crowds. The 2019 Town Meeting budget vote was not representative democracy. We can do better.
