I.3. POLICY GUIDELINES

POLICY DEFINITION

A course of action, guiding principle, or procedure designed to influence and determine decisions, actions, and other matters.

PURPOSE

In an attempt to enforce good administration through equitable enforcement and continuity of decisions, with the understanding that all matters brought before the Select Board are reviewed on a case by case basis, and with the understanding that the Board, at any time, may determine that a particular policy guideline is no longer applicable to the general good, the Policy Guidelines Handbook will serve as a learning tool for new members, as a reference source for the current Board when determining decisions, and as a sourcebook for the public interested in particular matters.

ADOPTION OF POLICY GUIDELINES

Votes taken at Board meetings fall into two categories: votes specific to one item and not applicable to other actions, and votes that may be applied to future actions. The latter may be adopted as a “policy guideline.”

Ever-mindful of policy implications, votes may be considered as a policy guideline at the request of Board members, staff or the public. Once a request has been made to the Chairman of the Select Board, the item will be placed on the agenda of a future Board meeting. At that time, a policy guideline will be adopted if a majority of the Board so votes.

The Policy Guidelines Handbook will be immediately updated whenever votes taken either establish a new guideline or revise an old guideline.

An annual review of the Policy Guidelines will be initiated by the Chairman.

Decisions on matters coming before the Select Board and policy guidelines established by the Board prior to the adoption of this manual will be considered for insertion in this manual upon review and consensus approval by the current Board.

No hypothetical situation alone will be considered in the adoption of Policy Guidelines.

AUTHORITY FOR THE SELECT BOARD

The Select Board is an elected Board and derives its authority and responsibilities from the statutes of the Commonwealth of Massachusetts, “An Act Establishing A Selectmen – Town Manager Plan For the Town of Andover” (The Charter), and the By-Laws of the Town of Andover.

General References:

- Chapter 41 – General Laws of the Commonwealth of Massachusetts
- Chapter 571 of the Acts of 1956, Selectmen-Town Manager for of Government, as amended.
- Handbook for Massachusetts Selectmen, 1988, Massachusetts Municipal Association (MMA).

ELECTION AND QUALIFICATION

In accordance with the Acts of 1922, Chapter 1, of the Commonwealth of Massachusetts and the Andover Town Charter, the Board shall consist of five duly-elected members, each of whom shall be elected by the registered voters of the Town of Andover to terms of three (3) years. On a staggered basis, two members’ terms shall expire in one year, two the following year, and one in the third year.

Before assuming officials duties, each newly elected member shall be sworn to faithful performance of official duties and responsibilities by the Town Clerk and shall be given a copy of the Open Meeting Law.

VACANCIES ON THE BOARD

When a vacancy occurs in the office of Select Board member, the remaining Select Board members may, at any time prior to the next town election at which a candidate for the vacated office may legally be placed on the ballot, appoint a qualified person to serve as a Select Board member until such election, at which election voters shall elect a Select Board member to serve for the unexpired portion, if any, of the original term.

BOARD AS POLICY-MAKERS

The Select Board shall be considered the makers of policy of the Town government, except as otherwise directed by the Statutes or by the Town Charter. The Town Manager shall be responsible for ensuring that the boards, officers, and representatives of the Town comply with the policy determinations of the Select Board.

I.4. RULES OF ORDER AND PROCEDURE

SELECT BOARD

I.4.1. Organization

Election of Officers – The Select Board shall meet in regular session (See 2, Below) each year on the Tuesday following the annual town election for the purpose of electing its own officers and conducting such other business as may come before it.

Terms of Office – Officers of the Select Board shall serve until new officers are elected, or until their term as Select Board member has expired through resignation or the election of a replacement.

Officers of the Board – From among its members the Select Board shall elect a Chairman, a Vice-Chairman, and a Secretary.

The Chairman – The Chairman of the Select Board presides at all meetings of the Board at which he/she is present. He/She is the ceremonial chief civil officer of the Town. The Chairman, when representing the Select Board, is careful to take only positions on subjects which have been approved by the Board. When necessary to make observations on other matters, he/she is careful to make clear that the opinion expressed is his/her own as an individual Select Board member and not necessarily that of the Board.

The Vice-Chairman – The Vice-Chairman performs the functions of the Chairman in the latter's absence. Should the Chairman resign, the Vice-Chairman automatically succeeds him/her.

The Secretary – The Secretary is responsible for the accuracy of the minutes of the meetings of the Select Board and, when prepared, signs those minutes which become part of the official public records of the Town.

The Recording Secretary – The Select Board retains on a salaried basis a Recording Secretary who is experienced in recording the proceedings of meetings both live and from tape recordings. The Recording Secretary attends all meetings and conference sessions of the Select Board and is responsible for putting minutes of those meetings in **draft form** under direction for the Town Manager for approval of the Board at its next regular meeting.

Liaison with Town Boards and Committees – Each Select Board member is assigned one or more of the Town Boards and/or Committees whose meetings he/she attends when considered appropriate and with those activities he/she maintains current information to be passed on to the Select Board upon request or where the individual Select Board member deems it desirable.

Further clarification of the Select Board member's role as Liaison will be defined in a later section.

I.4.2. Select Board Meetings

Place for Meetings – The designated place for regular and special meetings of the Select Board shall be at the **Andover Town Offices, Bartlet Street, Third Floor Conference Room**, unless otherwise provided by the Board.

Regular Meetings – The Select Board shall meet in regular session on the **First and Third Mondays** of each month at 7:30 p.m. except on holidays or when another day and hour has been fixed by resolution of the Board.

Special Meetings – Special Meetings of the Select Board may be called at the request of three members of the Board or by the Chairman of the Board.

Work Sessions – The Select Board may meet in a Work Session at 7:30 p.m. on the fourth Monday of each month. If necessary, a short, regular business meeting may be held prior to work sessions. Work sessions will be held at the **Andover Town Offices, Bartlet Street, Third Floor Conference Room**, unless otherwise provided by the Board.

The Work Session shall be devoted primarily to any matters regarding which the interchange of information is deemed desirable or essential by the Board and/or Town Manager, and particularly preliminary to discussion and action at the regular meetings of the Board.

No formal vote shall be taken on any matter under discussion nor shall any Board member enter into a commitment with another respecting the vote to be taken subsequently in a regular meeting of the Board; provided, however, that nothing herein shall prevent a polling of the Board or the taking of an informal vote on any matter under discussion.

Agenda procedures shall be the same as for regular meetings except that matters not included on a work session agenda shall be taken up by the Board only after listed agenda matters have been considered. No vote of the Board shall be required to consider a non-agenda item.

Additional work sessions may be held at the request of the Chairman of the Select Board, or of a majority of the Board. It shall be the responsibility of the Chairman of the Board to advise all other members of the Board and the Town Manager of any additional work sessions.

Executive Session – An Executive Session may be convened at the request of the Town Manager or by a majority vote of the Board as part of a regular or special Board meeting. Attendance at the Executive Session shall be limited to the members of the Board and the Town Manager; provided, however, that the Board and/or Town Manager may invite such persons as may be required for advice and information. Executive Sessions may be called solely for the following purposes:

- a. To discuss the “reputation, character, physical condition or mental health rather than the professional competence” of a particular individual. A governmental body shall hold an open meeting if the individual involved request that the meeting be open.
- b. To consider the discipline or dismissal of, or to hear complaints or charges brought against a public officer, employee, staff member, or individual. A governmental body shall hold an open meeting if the individual involved requests that the meeting be open.
- c. To discuss strategy with respect to collective bargaining or to litigation, if an open meeting may have detrimental effect on the bargaining or litigating position of the governmental body; and to conduct collective bargaining sessions or contract negotiations with nonunion personnel.
- d. To discuss the deployment of security personnel or devices.
- e. To investigate charges of criminal misconduct or to discuss the filing of criminal complaints.
- f. To consider the purchase, exchange, lease or value of real property if an open discussion may have a detrimental effect on the negotiating position of the governmental body with a person, firm or corporation.
- g. To comply with the provision of any general or special law or Federal grant-in-aid requirements.
- h. To consider and interview applicants for employment by a preliminary screening committee or a subcommittee appointed by a governmental body if an open meeting will have a detrimental effect in obtaining qualified applicants; provided, however, that this clause shall not apply to any meeting, including meetings of a preliminary screening committee or a subcommittee appointed by a governmental body, to consider and interview applicants who have passed a primary or preliminary screening.

BEFORE holding an executive session for one of the above reasons, the Select Board must first convene in open session for which notice has been given. A majority of members must vote to go into Executive Session, and the vote of each member must be a roll call recorded in the minutes.

The presiding officer must specify in the open meeting for which of the above reasons the Executive Session is being held. Before the Executive Session, the presiding officer must state whether the Select Board will reconvene in open session afterwards.

Accurate records must be maintained for all Executive Sessions. At a minimum, the records must set forth the date, time, place, members present or absent, and action taken. According to the law, Executive Session records may remain secret **only** “so long as publication may defeat the lawful purposes of the Executive Session, but no longer.”

Quorum – Three members of the Board shall constitute a quorum. In the event a quorum is not obtained, the member(s) present may adjourn the meeting to a specific date and time. Three affirmative votes shall be required to approve any matter acted upon by the Board except as otherwise provided by the rules of the Board.

Open Meeting Law – All meetings of the Select Board shall be held and conducted in strict compliance with the requirements of the Massachusetts Open Meeting Law. **Each newly-elected Select Board member shall be given a copy of the Open Meeting Law by the Town Clerk and will be required to sign a statement acknowledging that he/she has received it.** (A copy of the Open Meeting Law will be added to the “Reference Section” of the Select Board’s policy notebook.)

Posting of Meetings – It shall be the duty of the Town Manager for all meetings and work sessions of the Select Board to post the notice of the meeting or work session in a conspicuous place in the Town Offices at least forty-eight (48) hours (including Saturdays but not Sundays or legal holidays) before a meeting is to take place. Notice of the meeting is also to be filed with the Town Clerk. Meeting notice must be in “easily readable type” and include date, time and place.

Immediately upon receipt of a request for a special meeting he will make every diligent effort to notify each member of the Board in person, either by telephone or otherwise, of such special meeting. The law allows that in the case of an emergency, defined as “a sudden, generally unexpected occurrence or set of circumstances demanding immediate action,” an open meeting may be held even though notice was not posted in time. Notice of such meetings should still be posted as much in advance of the meeting as possible.

The Town Manager shall also publicize each meeting or work session in the newspaper of general local distribution.

Recording of Meeting – Any person in attendance at an open meeting may record the meeting by any means of sonic reproduction, including videotaping, provided that there is no active interference with the conduct of the meeting. If requested, persons intending to make such recordings must so declare.

Suspension of Rules – Any provision of the rules of the Select Board not governed by State Statute or otherwise governed specifically by the Rules of the Board may be temporarily suspended by a majority of the full Board.

I.4.3. Agenda

Preparation of Agenda for Board Meetings - The agenda for a meeting will be prepared by the Town Manager after conferring with the Chairman and/or other members of the Board. The agenda will close at 4:30 P.M. on the third day before the meeting, excluding Saturdays, Sundays and legal holidays, and no changes to it shall take place there-after except as follows:

Any matter coming to the attention of the Town Manager or a member of the Board after the above-stated closing time and considered to be an emergency matter may be included on the agenda. The Chairman of the Board will be notified of any such changes.

Consideration of matters of a non-emergency nature may be allowed at the discretion of the Chairman, if permitted under the Open Meeting Law, but may be tabled until the next regular meeting.

Order of Agenda – The business of all regular meetings of the Select Board shall be transacted in the following order:

Select Board Agenda Outline

- I. Call to Order/Roll Call
- II. Opening Ceremonies
 - A. Moment of Silence/Pledge of Allegiance
- III. Communications/Announcements/Liaison Reports
- IV. Citizens Petitions and Presentations

Special Rule for certain Consent Agenda Items – the names of all Appointees and Re-Appointees and the names of all new license and permit applicants (but not annual renewals) shall be included in the agenda posted through the Town Clerk's Office, and on the Meeting Agenda and shall be posted on the Town's web site.

The Board members shall review the Agenda items designated in the preceding paragraph prior to the meeting in which they will be voted. Such items which require further discussion by the Board will be identified to the Board Chair prior to the meeting and time will be provided during the meeting for discussion by the Board. Items not identified for discussion prior to the meeting will be moved as printed in the Agenda and published on the web site.

Submission of Proposed Agenda Items – All reports, communications, resolutions or other matters to be submitted to the Board shall be delivered to the Town Manager by the time specified herein for the close of the Agenda, whereupon the Town Manager shall immediately arrange or cause to be arranged a list of such matters according to the Order of Agenda.

The Town Manager shall deliver to each member of the Board and the Town Clerk a copy of the agenda as soon as practical after the time specified herein for close of the agenda.

No action will be taken by the Board on papers circulated for the first time in any regular meeting unless the matter covered is of an emergency and/or routine nature.

Supporting Information – All matters included on the agenda, unless clearly self-explanatory, shall have been preceded by or shall be accompanied by written explanations or descriptive materials; such information to be provided by the sponsor of the agenda item and/or the Town Manager. This background information is intended to aid in the Select Board members' consideration of matters to be brought before the Board.

The Town Manager will also provide the Board with weekly memoranda and/or monthly reports containing information pertinent to the responsibilities of the Board in order to keep the Select Board members informed or to reduce the amount of inconsequential matters on the weekly agenda.

Distribution of Agenda – Copies of the agenda shall be made available to the recording secretary, media and the public concurrent with its delivery to the members of the Select Board. A sufficient number of copies of the agenda shall also be available to the public at the Board meetings. Copies of additional documentation pertaining to items on the agenda shall also be made available to the public at Board meetings. Determination of pertinent items shall be made by the Chairman and/or the Town Manager.

Town Manager Recommendations – All agenda matters relating to the administration of the Town including licensing and permits shall be acted upon by the Board only when accompanied by recommendations of the Town Manager; said recommendations to be made in writing or orally and made a part of the official record of the Board.

Citizens' Petitions and Presentations –

A. Petitions – The Select Board reserves the right to defer action or comment on any matter brought before the Board as part of the Citizens Petitions section of a meeting agenda.

At the Chairman's discretion, and in general to allow full and fair discussion of items previously placed on the agenda, the time of unannounced citizens petitions may be limited.

Matters brought before the Board relating to the administration of the Town shall be referred to the Town Manager for necessary or appropriate action in each individual case.

B. Complaints – All complaints involving Town policies shall be acted upon by the Board when appropriate and, except in the most unusual cases, such action shall be preceded by a report and recommendation of the Town Manager who shall have been given ample opportunity and time in which to investigate and render a report.

C. Further clarification of this section will be made in a later section.

Agenda for Special Meetings – Only matters set forth in the notice of special meetings shall be discussed and/or acted upon during such a meeting. **This provision may not be suspended.**

(Section I.4.3 Amended August 9, 2010)

I.4.4. Miscellaneous

Public Records - State law holds to a broad definition of public records, but generally includes practically all information the Board and the Town staff produces or receives. Exceptions to this are spelled out specifically in the Freedom of Information Act. If a record is withheld, however, the burden is on the withholder to prove that the information it contains is covered by one of the following exceptions:

- A. Records related solely to the Board's internal personnel rules and practices (the Board must show, however, that withholding these records is necessary to the proper performances if its duties)
- B. Personnel and medical files or information.
- C. Any other material related to a specifically named individual that would constitute an unwarranted invasion of personal privacy if disclosed
- D. Certain memoranda or letters relating to policy positions that are being developed (not including reasonably completed factual studies or reports on which policy positions may be based).
- E. Investigatory materials that could prejudice effective law enforcement if released.
- F. Proposals and bids to enter into any contract or agreement (these are subject to disclosure, however, after they are opened publically or after the time for receipt of bids has expired).

- G. Appraisals of real property acquired or to be acquired until either a final agreement is entered into or lawsuits over the appraisal are completed.
- H. The names and address of anyone referred to in applications for licenses to carry or possess firearms or firearms identification cards. The names and addresses of people who sell or transfer firearms, rifles, shotguns, machines guns or ammunition are also exempt from the public records law.

If a Select Board member is in doubt about whether a particular document is public, he/she should consult the Town Clerk, Town Counsel or the public records section of the Secretary of State's office, which has the authority to determine whether a record is public.

Town Employee Appointments – The Select Board may vote on confirmation of appointments of Town employees by the Town Manager to positions below the level of department head at the same meeting at which any such appointment may be proposed.

All other appointments shall be introduced at a regular meeting of the Board, but no action shall be taken until the next regular meeting of the Board.

Town Board / Committee Appointments – As provided in the Town Charter, the Select Board shall appoint a Zoning Board of Appeals, in addition to the Town Manager, Voting Registrars other than the Town Clerk, and the Town Accountant.

The Town Manger shall appoint, subject to the approval of the Select Board, all other officers, boards, committees and employees of the Town. Further clarification of this procedure will be dealt with in a later section.

Transfer from Reserve Fund – Copies of each request for transfer from the Reserve Fund submitted to the Finance Committee by the Town Manager shall be furnished to each member of the Board.

Changes in Town Organization – The Town Manager shall furnish the Select Board with proposals for any changes in Town organizations before they are put into effect. This is for the purpose of keeping the Board informed of matters which, although a responsibility of the Town Manager, inevitably comes to the attention of the Select Board members through other channels.

Conflict of Interest – In those cases in which a matter brought up for consideration by the Select Board conflicts with the personal pecuniary interests of any individual Select Board member, it is the responsibility of that Select Board member not only to abstain from voting on the matter, but also to refrain from participation in the discussion of it for the purpose of influencing the vote of the Board.

Participation in Town Meetings – On those articles of the Warrant for a Town Meeting upon which the Select Board has taken a position, even though that position was decided only by a

single majority vote, individual Select Board member shall refrain from presenting arguments opposing the Board's position on the article.

However, a member who proposes to vote otherwise on an article may, as an individual citizen, go upon the floor of the Town Meeting and, upon recognition by the Moderator, speak from there.

It is also expected that the Town Manager will refrain from taking an opposing position to that of the majority of the Board. The Town Manager may, however, also address Town Meeting from the floor, presenting himself as an individual citizen.

Board Policy Guidelines – In the event that the Select Board chooses to adopt, eliminate or revise a written policy guideline, the procedure established at the beginning of this guidebook shall be followed. In addition, each policy guideline or revision to any guideline, shall be assigned a short title and the date on which any action was taken.

The Town Manager shall maintain an index of all Board policy guidelines as well as a file on all such guidelines. Copies of policy guidelines adopted by the Select Board shall also be placed on file with the Town Clerk and distributed to all appropriate staff and committees.

I.5. INTERNAL OPERATION – MEMBERS’ INTERACTION

The Select Board functions as a body in all policy decisions and all other matters as required by law or determined by vote of the Board in formal Session.

1. The Town Manager shall communicate to the Select Board, via memo on Friday, matters of interest to the Board and/or items pertaining to agenda subjects for the upcoming meeting.

Any individual member of the Board may also take this opportunity to communicate additional items by including memos and other supporting material within the Town Manager’s “packet.” Memos may be submitted to the Town Manager’s office via phone or writing no later than Friday noon.

2. Board members will keep each other informed of all investigations they are conducting or issues they are pursuing that are the concern of the entire Board.
3. Board members agree not to surprise each other by last minute agenda items about which others have no warning or knowledge except in the case of emergency items or those of a strictly routine nature which need action prior to the next schedule meeting.

Whenever possible, Board members who wish to take issue with another member’s conduct, behavior, or procedures will do so first privately with the member concerned or will notify him/her prior to first doing so at a public meeting.

4. When individual members make a request of the Manager for information of concern to the whole Board, the Manager is to report back to the whole board, not only to the member raising the question.

I.6. PUBLIC COMMENT AT SELECT BOARD MEETINGS

All regular and special meetings of the Select Board shall be open to the public. Executive sessions will be held only as prescribed by the statutes of the Commonwealth of Massachusetts.

The Board desires citizens of the Town to attend its meetings so that they may become better acquainted with the operations and programs of the Town. In addition, the Board would like the opportunity to hear the wishes and ideas of the public.

In order that all citizens who wish to be heard before the Board have a chance and to ensure the ability of the Board to conduct the Town's business in an orderly manner, the following rules and procedures are adopted:

1. At the start of each regularly scheduled Board meeting except workshops, individuals or group representatives will be invited to address the Board. The Chairperson shall determine the length of the public participation segment.
2. The presiding Chairperson may limit a speaker's time provided the same limit will apply to all speakers who wish to be heard on the same subject without regard to viewpoint.
3. Improper conduct will not be allowed. Remarks containing obscenities, remarks which constitute threats or fighting words, remarks which are likely to provoke a violent reaction, and remarks which are known to be false are considered improper and will not be allowed. If a speaker persists in improper conduct or remarks, the Chairperson may terminate that individual's privilege of address.
4. All remarks will be addressed through the Chairperson of the meeting.
5. Speakers may offer such criticisms of Town operations and programs as concern them, but in the public comment session the Board will not hear personal complaints regarding Town personnel, except with respect to the Select Board, Town Manager, Town Accountant, the Zoning Board of Appeals, Officers and Registrars of Voters and Department Heads. Administrative channels are the proper means for disposition of legitimate complaints involving Town employees.
6. Written comments may be presented to the Board at the meeting for the Board members' review and consideration at an appropriate time.

I.7. SELECT BOARD RESIDENT COMPLAINT RESOLUTION POLICY

The intent of this policy is to ensure quality service and timely resolutions to conflicts for all residents of Andover.

2. Department/Division Heads are responsible for remedying conflicts that occur in their offices with residents of the Town.
3. If a conflict can not be resolved at the Department/Division Head level, then a resident shall bring the conflict to the attention of the Town Manager. If the Town manager deems that the Department/Division Head has not been noticed of the conflict, then the Town Manager or a designee shall notify and refer the conflict to the Department/Division Head directly. The Department/Division Head will report back to the Town Manager within 24 hours the result of the resolution.
4. If the problem is not resolved at the Department/Division Head level, then the Town Manager shall intercede and mediate the conflict to a resolution.

Select Board Customer Conflict Procedure

1. If a resident appears before the Select Board with a customer complaint, then the Chairman of the Select Board will inquire whether that person has followed the Select Board's Customer Complaint Resolution Policy.

The Chairman will encourage the person to follow the above Select Board's policy first. The Chairman will inform the person that if he/she is not satisfied with the resolution then they may request, in writing, to appear on a future Select Board agenda under "Citizen Petitions and Presentations". Such requests should contain the following information to help expedite a resolution to the complaint:

- Name, address and telephone number, and/or e-mail address
 - A brief description of the problem/conflict.
 - A brief description of what has already occurred in the resolution process.
2. If the resident appears before the Board with a complaint but has not provided the Board with a written request then the Chairman should request that the person submit the written request per Select Board's policy. The Town Manager will place the issue on the next Select Board's agenda for Board discussion under "Citizen Petitions and Presentations".
 3. Requests must be received by the Town Manager's Office by noon, on the Thursday before the scheduled Select Board's meeting in order for the issue to appear on the

agenda. The request will be placed in the Select Board's weekly information packet for review before the meeting.

Prior to the acceptance of any street by Town Meeting vote, the Select Board shall hold a public hearing following notification of applicant, property owners, mortgagees, and abutters. These procedures, for clarification and reference, follow:

12/9/86

I.8.3 STREET ACCEPTANCE - GUIDELINES AND PROCEDURES (Town Meeting 2008)

The following procedures are to be followed by those developers wishing to submit streets to the Town for acceptance at Town Meeting. It is important that developers, attorneys, and engineers review, understand and follow these procedures in order to ensure an orderly and correct process and eliminate delays to all parties.

Final approval of a definitive subdivision plan by the Planning Board does not constitute the laying out or acceptance by the Town of the streets shown on the plan, nor does final approval automatically entitle the streets to acceptance. The acceptance of a street within a subdivision as a Town way is the financial and legal responsibility of the developer.

There are a number of legal documents and notices pertaining to street acceptance that are to be filed with the Town for review and approval prior to the Select Board's Layout Meeting. In addition all physical (construction) work on the street must have been completed and inspected by the Department of Public Works prior to the Select Board's Layout Meeting.

The developer must submit the following documents and materials:

1. Submit directly to Town Counsel (Carol McGravey, Esq.):

- a. The street deed - An instrument suitable for recording running to the "Inhabitants of the Town of Andover". The street deed shall provide a running description of the street by courses and distances, including bounds and markers, or shall provide such other description acceptable to Town counsel and the Department of Public Works.
- b. Instruments suitable for recording running to the "Inhabitants of the Town of Andover" for all easements which are a part of the street (drainage, water, sewer). These easements must be signed by all parties having any interest or rights (other than the Town) in such easements and all easements and restrictions to be conveyed to the town as shown on the subdivision plan.
- c. A Quitclaim Deed for open space parcels (if applicable) in form acceptable to the Andover

Conservation Commission. (Please contact the Commission for proper form).

- d. Certificate of Compliance showing that all conditions imposed upon the street by the Conservation Commission have been satisfied. (Please contact the Commission for proper form).
- e. Certificate(s) signed by the developer's attorney certifying that all necessary parties have signed all street deeds, easement instruments, and open space deeds. A certification signed by an attorney licensed to practice law in the Commonwealth of Massachusetts as follows:

“With regard to the proposed subdivision known as _____, the law firm of _____ and I hereby certify to the Town of Andover that with the conveyance to the Town of Andover of the following documents listed below and enclosed herewith, the Town of Andover shall have clear, record and marketable title, free of all liens and encumbrances to the:

- (1) fee in the street known as _____ ; and
- (2) the fee in all open space parcels to be conveyed to the Town as shown on the subdivision plan; and
- (3) all easements and restrictions to be conveyed to the Town as shown on the subdivision plan.

The documents are: _____”

- f. Names and Addresses of each property owner and mortgagee having rights or interests in the streets, easements, and open space, and the names and addresses of each abutter thereto, along with a Request for a Public Hearing by the Select Board for Street Acceptance pursuant to Massachusetts General Laws, Chapter 82, Section 22.
- g. Certificate of Notice signed by the developer's attorney that all property owners, mortgagees, and abutters have been notified of a Public hearing pursuant to the provisions of Massachusetts General Laws, Chapter 82, Section 22 with a return to the Board not less than seven (7) days before the public hearing, said notice to be in the following form:

"Notice is hereby given that the Select Board of the Town of Andover will hold a public hearing on ____ (date) ____ in the ____ (location) ____ on the matter of the layout of ____ (name of street) ____ as a public way."

2. Submit directly to the Department of Public Works (Brian Moore, P.E.):

- a. Two (2) Mylar plan copies and two (2) paper copies showing the street(s) to be accepted. This plan shall be entitled "Street Acceptance Plan" and shall show the street(s) and all appurtenant easements by courses, distances, and bounds. (Contact the Public Works Department for details).
- b. As-built utility plan showing all information required under Section VII.W. of the Subdivision Rules and Regulations. (Contact the Public Works Department for details).
- c. Copies of street deed(s), quitclaim deeds, and easement instruments as provided to Town Counsel.

3. Submit directly to the Planning Department (Jacki Byerley):

- a. Certification signed by the developer's attorney that all documents, notices, and plans required under numbers 1. and 2. above have been submitted to the appropriate parties. This certification shall include the date on which the materials were delivered.

SPECIAL REQUIREMENTS:

1. For streets within a subdivision, title to which or any portion of which has been registered under Massachusetts General Laws, Chapter 185 by the Land Court, the developer shall submit an easement reading as follows:

"An easement running to the Inhabitants of the Town of Andover for all purposes of a public way or street including the right to install, repair, maintain, alter, and operate sanitary sewerage, drainage, water lines and other appurtenant utilities in, into, upon, over, or across said land as shown on Land Court Plan No. _____ (sheets _____) filed in the Essex County North District Land Registration Office in Land Court. Book No. _____, Page _____. All of said boundaries are determined by the Court to be located as shown on Subdivision Plan No. _____, drawn by _____, dated _____, as modified and approved by the Court, filed in the Essex County North District Land Registration Office, a copy of which is filed with Certificate of Title No. _____."

2. All fees and taxes owned to the Town including all property taxes owned to the town for open space lots, if any, must be paid in full before the streets will be recommended for acceptance. A municipal lien certificate for the property must be submitted by the applicant..
3. Within thirty (30) days of Town Meeting acceptance of the street(s) the Planning Department will file the appropriate deeds and instruments at the Registry of Deeds. The developer is responsible for the costs associated with recording. The Planning Department will contact the developer to make arrangements for checks and payments. All checks and payments shall be delivered to the Planning Department prior to the Select Board's Layout Meeting.

IMPORTANT NOTICE:

The developer will be given opportunity to correct or make any necessary changes to legal documents and notices after review by Town Counsel and the Town Engineer. A date will be given by which all revised documents must be returned for final review, after which no new submissions may be made.

The Select Board will hold a hearing to consider "laying out" those streets that are scheduled to be voted on at Town Meeting. The developer will be notified in advance of the date of the Layout Meeting. During the layout hearing reports and recommendations will be made by the Public Works Department and the Planning Department with respect to the completion of a street (construction and documents). A negative recommendation from either the Public Works

Department or the Planning Department means that the Select Board will not vote to lay out the street, and consequently the street cannot be voted on at Town Meeting.

It is incumbent upon the developer to ensure that all performance guarantees (bonds) are valid and in effect through the date of Town Meeting, and if not must request an extension of time from the Planning Board.

I.9. EMPLOYEES OF THE BOARD

The Select Board shall appoint a Town Manager, as provided in Section 6 of the Town Charter, who may thereafter be removed as provided in Section 8.

I.9.3. BOARD OF REGISTRARS

Every city and town must have a Board of Registrars or Election Commission whose responsibilities include registering voters, making local listings of residents, certifying nomination papers and petitions, processing absent voter applications, and administering election recounts. The following describes the Board of Registrars as it applies to the Town of Andover – how the members are appointed, how the Board is structured, how it functions, and what qualifications apply to the individual members.

Board of Registrars with Town Clerk as Member (Chapter 51, § 15 MGL)

The Board of Registrars in the Town of Andover is a four member Board of which one member is the Town Clerk. The other three members are appointed by the Select Board from lists submitted by the town committees of the two leading political parties (Democrats and Republicans). If no list is submitted within 45 days after the party chairman is notified by the Select Board by certified mail, and appointments are made by the Select Board without reference to the lists.

Typically, one member is appointed (or reappointed) each February or March for a three-year term to begin April 1. The Town Clerk becomes a member of the Board automatically as he/she is sworn in to that position.

Chapter 51, § 18 and 19 – The Board of Registrars must always contain representatives of the two leading political parties (Democrats and Republicans) and no more than two members of each. The party enrollment of the Town Clerk affects the membership of the Board. If the appointment of the clerk would cause more than two members to be from the same party, the appointed member of the registrars with the shortest term left to serve and enrolled in the same party as the clerk would be removed by the Select Board (after written notice and hearing) and a new member would be appointed from a different party than that of the clerk.

The General Laws specifically outline qualifications for Registrars and enumerate other offices they may or may not hold. In addition, there are positions which registrars should avoid holding due to possible conflict of interest. Registrars must meet the following qualifications:

Qualifications:

- 51 § 25 - Must be a registered voter in the Town of Andover.
- 51 § 25 - Must hold no other public office by public election or direct appointment by the Select Board in the Town in which he/she is registrar.
- 51 § 25 - Must hold no public office other than justice of the peace, notary public, or militia officer by public election or appointment by the federal government or by the Commonwealth.
- 51 § 25 - If a registrar accepts any such appointed or elected office, he/she may no longer serve as a registrar and the office is vacated. A registrar may run for and hold office as a member of a home rule charter commission or town meeting member.
- 51 § 23 - Must subscribe an oath to faithfully perform the duties of registrar.

Registrars should not serve as election workers. However, if a registrar has served as an election worker, he/she should disqualify him/herself should a recount occur. It should be kept in mind that in such a case the Select Board should temporarily fill any vacancy in the Board so as to maintain the representation of political parties for the recount. It is the sound practice to avoid potential conflicts of interest such as those which might occur if a person were both an election officer and a registrar.

Vacancies:

Vacancies on the Board of Registrars which occur between the regularly appointed terms may be filled in two ways:

51 § 15 - An appointment may be made in the same manner as the original appointment, but only for the remainder of the vacated original term. Vacancies in the Town of Andover are filled by the Select Board from a list of three voters from Andover submitted by the town committee of the political party from which position is to be filled.

51 § 20 - A temporary appointment to fill a position for a limited time may be made by the Select Board upon written request of a majority of the Board of Registrars. This type of appointment may be made in cases where the vacancy occurs because of the registrar's absence from the Town of Andover, retirement, death, or inability to perform his/her duties.

Assistant Registrars and Absent Registration Officer:

51 § 22 - Registrars may appoint assistant registrars for one-year terms which begin on April 1, to assist the registrars as they deem best. The assistant registrars must equally represent the two leading parties. Assistant registrars are subject to all of the same qualifications as registrars.

51 § 22 - Registrars may appoint temporary assistant registrars from time to time, to assist in street listing and in the registration of voters. They must equally represent the two leading political parties.

51 § 22A - Registrars may appoint absent-registration officers to assist them in registering physically disabled voters. They must equally represent the two leading parties.

51 § 24 - Registrars may have their duties performed by the assistant registrars under their direction.

51 § 33 - All acts of a single registrar, assistant registrar, or absent-registration officer are subject to acceptance of the full Board of Registrars.

51 § 42E - Registrars must appoint an assistant registrar to be available to each high school to register eligible students and employees of the high school. An assistant high school registrar may register students from any city or town. Special "out of town" voter registration forms must be used to register students who reside outside the registrar's city or town. Names of three employees of each school are submitted to the registrars by the principal as possible candidates.

I.9.4. ZONING BOARD OF APPEALS

The Andover Zoning Board of Appeals consists of five (5) regular members and four (4) associate members, from whose membership a Chairman and Clerk are chosen. Other officers may be chosen as the Board of Appeals deems necessary. Meetings/hearings are held on the first Thursday evening of the month, with deliberation meetings the Saturday immediately following.

To insure consideration of all citizens interested in serving on the Zoning Board, impending or actual vacancies on the ZBA will be announced in the local papers, and public interviews will be held by the Select Board.

In general, the interviews will take place at ten-minute intervals prior to a regular meeting of the Select Board.

Those persons not receiving an appointment after the first interview may request consideration for future openings, but will not be required to come before the Board for further interviews.

Public consideration and announcement of the appointment will generally take place at the first regular meeting of the Select Board following the date of the interviews.

It is highly desirable that the Zoning Board of Appeals should include persons with various specialties, including: engineering background, legal training and experience, environmental and/or conservationist experience, and architectural and/or design training.

Procedures for the Zoning Board of Appeals, revised in 1981 and under which the members operate follow.

II. TOWN OF ANDOVER MUNICIPAL VEHICLE POLICY
Adopted by the Select Board on January 7, 2008
Amended May 3, 2010, March 12, 2012 and July 21, 2014

II.1. PURPOSE AND SCOPE

The purpose of this policy is to set forth guidelines for the assignment, use and identification of Town-owned municipal vehicles and for the reimbursement and use of personal vehicles for Town business.

II.2. APPLICABILITY

The provisions of this policy apply to all employees of the Town of Andover. Employees whose employment is regulated by a collective bargaining agreement are subject to those provisions of this policy not specifically regulated by agreement.

II.3. CATEGORIES OF MUNICIPAL VEHICLE USE

Work Use Only – Vehicle is used at work only and remains in town at the end of the employee’s work shift (applies to personnel whose duties require the use of a Town vehicle during their working shift).

Work & Commuting Use – Vehicle is used at work and for commuting back and forth to the employee’s primary residence (applies to certain personnel whose duties require them to be on-call to regularly respond to work during nights and weekends).

24-Hour Use – Vehicle may be used at all times of the day for professional and personal use due to the 24/7 nature of the employee’s duties (applies to certain public safety personnel). *(Amended July 21, 2014)*

II.4. VEHICLE ASSIGNMENT & AUTHORIZATION

1. General Assignment – The general assignment of municipal vehicles to Town employees shall be made based on the specific duties of the position as defined in the position’s approved job description. Department heads who have municipal vehicles available to assist in carrying out specific departmental functions may assign such vehicles in a manner consistent with those responsibilities.

Additionally, under special circumstances (such as when it is anticipated that employees will need to be called back to work) a department head may authorize certain employees to take home a municipal vehicle for a night or weekend; or longer periods with the approval of the Town Manager.

2. Commuting Use – The assignment of vehicles for “commuting” use may only be authorized by the Town Manager, subject to the approval of the Select Board, after receipt of a written request and justification from a department head and Town Manager. Authorization for commuting use will be considered for employees who require a vehicle for the necessary performance of their job responsibilities. This category of use typically applies to personnel whose duties require them to be on-call to respond to work during nights and weekends on a regular basis. See Appendix A. *(Amended July 21, 2014)*
3. 24-Hour Use – The assignment of vehicles for “24-hour” use may only be authorized by the Town Manager, subject to the approval of the Select Board,

after receipt of a written request and justification from a department head and Town Manager. Authorization for 24 hour use will be considered for employees who require a vehicle for the necessary performance of their job responsibilities. This category of use typically applies to certain public safety personnel who are required to rapidly respond to emergencies 24 hours a day, whether they are on duty or off, and regardless of their location. See Appendix A. (*Amended July 21, 2014*)

If an employee is transporting non-Town personnel in a municipal vehicle and is called to an emergency, then the employee will take all reasonable actions necessary to ensure the safety of the passenger for the duration of the emergency.

4. Change of Authorization – The Town Manager may rescind and/or change an existing vehicle assignment and use authorization whenever an applicable position becomes vacant; the authorized use is mis-used; an employee is on leave (paid or unpaid) for longer than thirty (30) days or when the position’s duties are changed to a significant degree to warrant such reassignment. The Town Manager may also seek to change or modify the existing authorized use of a municipal vehicle for any incumbent union employee during collective bargaining. For example, if a position’s on-call response requirement is infrequent, the Town Manager may elect to authorize the employee to have work-only use of a municipal vehicle.
5. Vehicle Replacement - The Town Manager shall obtain approval from the Select Board before authorizing replacement of a vehicle subject to assignment under this sub-section. In the event of attrition, promotion or change in role of a current employee or any additional or expanded position of a town employee in the town organizational structure, the Town Manager shall obtain approval of the Select Board before authorizing use of a Town vehicle for “Commuting Use” or “24 Hour Use.”

II.5. GENERAL RULES GOVERNING MUNICIPAL VEHICLE USE

1. Municipal vehicles may only be used for municipal business and, if applicable, authorized commuting purposes and other approved uses. If commuting use is authorized, then it is limited to travel to and from the employee’s residence and place of work. The vehicle should be driven over the most direct route taking into account road and traffic conditions. Other approved uses shall be authorized by the department head.
2. Municipal vehicles other than those designated for 24-hour use are to be used to transport individuals who are engaged in municipal business. Passengers shall be limited to Town employees and individuals who are directly associated with Town work activity.
3. Municipal vehicles should contain only those items for which the vehicle is designed. The Town shall not be liable for the loss or damage of any personal property transported in the municipal vehicle.

9. Employees who operate municipal vehicles must have a valid motor vehicle license issued by the state of their current residence and shall be required to provide annual proof of valid motor vehicle license.
10. Employees who incur parking or other fines in municipal vehicles will be personally responsible for payment of such fines.
11. Employees who are issued citations for any offense while using a municipal vehicle must notify their department head immediately when practicable but in no case later than 24 hours.

The Town Manager may grant special exception to this rule if sufficient written justification is presented by the department head. *(Amended July 21, 2014)*

- 2 wheel drive standard pick-up truck: 17 MPG
- 4 wheel drive standard pick-up truck: 16 MPG
- 2 wheel drive sport utility vehicle: 21 MPG
- 4 wheel drive sport utility vehicle: 18 MPG

Hybrid or electric vehicles in these vehicle classes automatically meet these criteria.

The Plant and Facilities Department will maintain a vehicle inventory list for non-exempt vehicles, updated annually, and shall develop a plan for replacing these vehicles with vehicles that meet the minimum combined MPG requirements of the Green Communities Program.

See Appendix for current inventory.

The EPA maintains a database on vehicle fuel efficiency that is updated occasionally throughout the year, as new models are released. As increasing numbers of fuel efficient vehicle models are released, the minimum combined MPG requirements of the Green Communities Program may be revised. This policy may be updated from time to time to reflect any changes to the MPG requirements. The latest fuel efficiency

MPG ratings are available through Massachusetts Department of Energy Resources Green Communities Program.

FUEL EFFICIENT VEHICLE REPLACEMENT PLAN

The Town of Andover, under this policy, requires that each department develop a five year plan to replace non-exempt vehicles with fuel efficient vehicles as these vehicles are removed from service. The annual Capital Budget is the process that will be used to replace vehicles, and set goals for when the existing fleet will be replaced.

QUESTIONS / ENFORCEMENT

All Town and School vehicle purchases must be approved by the Plant and Facilities Director to ensure compliance with this policy. The policy will be enforced by the Town Manager with the assistance of the Plant and Facilities Director.

DEFINITIONS

Combined city and highway MPG (EPA Combined fuel economy): The EPA combined fuel economy MPG ratings are derived from a combination of 43% city and 57% highway miles and is calculated as follows: $=1/((0.43/City\ MPG) + (0.57/Highway\ MPG))$

More information can be found on the United States Department of Energy Efficiency and Renewable Energy website www.fueleconomy.gov

Drive System: The manner in which mechanical power is directly transmitted from the drive shaft to the wheels. The following codes are used in the drive field:

- AWD = All Wheel Drive: four-wheel drive automatically controlled by the vehicle powertrain system
- 4WD = 4-Wheel Drive: driver selectable four-wheel drive with 2-wheel drive option
- 2WD = 2-Wheel Drive

Heavy-duty truck: A vehicle with a manufacturer's gross vehicle weight rating (GVWR) of more than 8,500 pounds. By definition, all trucks over ½ ton are exempt from this policy.

Vehicle Exemptions:

- Heavy-duty vehicles such as fire-trucks, ambulances, and public works trucks over ½ ton that meet the definition of Heavy-duty vehicle are exempt from this criterion.
- Police cruisers, passenger vans and cargo vans are exempt from this criterion as fuel efficient models are not currently available. However, we commit to purchasing fuel efficient options if they become commercially available. Police and Fire department administrative vehicles are NOT exempt and must meet fuel efficient requirements.

- This policy does not apply to other equipment, such as backhoes, front-end loaders, sidewalk plows, lawn mowers, etc.

*(Section 6.3 added: May 3, 2010)
(Amended: March 12, 2012)*

II.7. FRINGE BENEFIT TAX REPORTING

1. Federal and State law requires employers to include “Fringe Benefit Income” on employee W-2 forms submitted to the IRS and DOR. Such fringe benefits include the employee’s use of an employer-provided vehicle for commuting purposes at the \$3.00 per day commuting rate as established by the IRS (subject to any IRS changes). The Town shall use this method for tax reporting purposes.
2. Police and Fire vehicles may be exempt from the fringe benefit income reporting requirements as specified by IRS requirements.

(Subsection 3 deleted July 21, 2014)

II.8. USE OF PERSONAL VEHICLES FOR TOWN BUSINESS

1. Mileage Travel Reimbursement – Employees who “occasionally” use their personal vehicle for authorized work related travel shall be reimbursed according to the mileage rate (rounded down to the nearest cent) as periodically revised by the Town based on the Internal Revenue Service rate for the business use of an automobile.
2. Monthly Travel Allowance – The Town Manager may authorize a monthly travel allowance, or a combination of a monthly travel allowance and a specified mileage rate, to certain employees as compensation for the “regular” use of their personal vehicle for Town business.
3. The mileage travel reimbursement and/or monthly travel allowance are intended to cover the costs of gasoline, repairs, insurance and general wear and tear on the employee’s personal automobile.
4. The Town will also reimburse an employee’s tolls and reasonable parking expenses for authorized work related travel outside of Andover, when receipts are provided. Employees will not be reimbursed for tolls which would be paid by the employee during their normal commute to work.
5. Town employees who use their own vehicles for work-related travel must have the following Massachusetts minimum levels of automobile insurance coverages:

- Bodily Injury: \$20,000/\$40,000
- Property Damage: \$5,000

However, it is recommended that the Town employees have the following Massachusetts levels of automobile insurance coverages:

- Bodily Injury: \$100,000/\$300,000
 - Property Damage: \$50,000
6. An employee who uses their personal automobile to travel from home to a temporary assignment, rather than their regularly assigned work location, shall be allowed personal automobile expenses between home and the temporary assignment and the regular work location, whichever is less. This does not apply to detail or overtime assignments.
 7. In the event that an employee's personal vehicle is damaged during authorized work-related travel, and the damage is not due to the negligence of the employee, the Town may reimburse the employee, upon receipt of a police report and verification of payment of a deductible (comprehensive or collision) to cover part of the cost of repair, up to a maximum of \$500 or the amount of the deductible, whichever is less, per occurrence.

II.9. SPECIAL CIRCUMSTANCES

This policy is intended to provide a basic framework governing the use of personal and municipal vehicles in the Town of Andover, and, as such, cannot contain procedures governing every situation that might arise. Department heads seeking clarification of or exemption from the provisions of this policy should contact the Town Manager who will provide such clarification and may authorize exceptions to the policy under mitigating circumstances.

II.10. SANCTIONS

Failure to comply with any and all provisions of this policy may result in disciplinary action up to and including removal of Town vehicle privileges as well as suspension, and/or termination of employment.

III. MINORITY BUSINESS ENTERPRISE PROGRAM

It is the policy of the government of the United States of America, the Commonwealth of Massachusetts and the Town of Andover that no person shall be discriminated against in any manner whatsoever because of race, color, national origin, sex, religion, age or handicap.

That no person shall, because of race, color, national origin, sex, religion, age or handicap, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity funded entirely or in part by the Town, the State, or the Federal Government.

The Town of Andover as a federal and state recipient, unequivocally ascribes to said policy and procedures, and will fully comply with federal, state and local laws and directives governing equal opportunity, affirmative action and non-discrimination in all municipal activities.

To further enunciate the Town of Andover's equal opportunity, affirmative action policy, this minority business enterprise program sets forth the administrative standards and procedures for the utilization of minority contractors; sub-contractors; suppliers; architects; engineers; lawyers; accountant consultants; goods and services vendors, etc.

The Town of Andover strongly affirms that it will abide by such laws, regulations and procedures, and that this policy shall be administered and implemented at all levels with a positive, aggressive and supportive attitude. The contract compliance officer shall be responsible for the implementation, monitoring and assurance that all aspects of the minority business enterprise program are initiated to its fullest extent.

By virtue of the delegation of this responsibility and authority to direct the program, the contract compliance officer will report directly to the Town Manager on all equal opportunity matters. The program requires all Town's departments to cooperate with this policy. Failure to follow this policy and its regulations will result in disciplinary action to be administered by the appropriate supervising authority.

It is hereby agreed that the following Minority Business Enterprise Program be instituted for and on behalf of the Town of Andover.

IV. LAND USE

IV.1. REGULATIONS FOR USE OF THE PARK

The Park, bounded by Chestnut Court, Bartlet Street, Whittier Street, Whittier Court and the Municipal Buildings, is for the recreational enjoyment of all of the residents of Andover. Citizens are encouraged to use The Park for both quiet enjoyment and active use consistent with the regulations outlined below.

The use of The Park for events shall be by permit only. An event is defined as a municipal, cultural, educational, religious, social or charitable program, occasion or activity. There are three types of permits. Permits issued by the Town Manager's Office and Special Permits issued by the Select Board. These three types of permits are defined below:

A. Permits issued by the Town Manager's Office:

Permits for the following events are granted by the Town Manager's Office: 1) a wedding ceremony or photography session before or after a wedding; 2) day-time activities conducted by the Division of Community Services, other Town departments or a school. These permits are subject to the regulations in Section B.

B. Other Permits issued by the Town Manager's Office subject to the following Regulations:

1. Events in The Park are permitted for one (1) day and shall only take place between the hours of 7:00 A.M. and 9:00 P.M. The clean-up and/or tear-down after an event must be concluded by 11:00 P.M. If additional clean-up is needed, it can begin after 7:00 A.M. the following day and must be completed by 12:00 P.M. (Noon).
2. Playing of music is permitted but must be at a reasonable volume and cease at 9:00 P.M.
3. If a power generator is used, it must cease at 11:00 P.M. The Town reserves the right to designate the location of the generator so as to minimize the effects of noise and exhaust on abutting properties to the greatest extent possible.
4. Portable chemical toilets are not permitted.
5. Trash dumpsters are only allowed by special permit, granted by the Select Board. They can be located behind the Doherty Middle School in the parking lot by the track. They must be removed within 24 hours of the end of the event or the Town will remove them at the permittee's expense. Any dumpster 6 cubic yards or larger must also be permitted by the Health Division and Fire Department.
6. Permit holders shall be responsible for cleaning and restoring the entire area and proper disposal of trash/litter off the premises. Permit holders will be responsible for the cost to repair any damage to The Park as a result of their event.
7. Permit holders shall not obstruct or cause to be obstructed any public ways, fire lanes or egress of any emergency vehicle. Parking of vehicles or placement of rides or amusements is not permitted on the grass.
8. The use of alcoholic beverages in The Park is not permitted.

9. Permit holders are responsible for insisting on compliance with the parking rules and regulations established for adjacent streets and municipal parking lots in the area of The Park by the sponsors, event staff and vendors.
10. Permit holders of events permitted by the Town Manager must notify property owners on both sides of Chestnut Street from Main Street to Pasho Street, Bartlet Street from Barnard Street to Morton Street, Whittier Street from Park Street to Chestnut Street and all of Whittier Court with written notice within two (2) weeks but not less than forty-eight (48) hours prior to an event.
11. Amusement devices (carnival rides) in The Park or adjacent municipal parking lots are not allowed except by Special Permit of the Select Board.
12. A violation of these regulations may result in an immediate revocation of the permit or special permit and all activities suspended by the officer in-charge of the Police Department. Violations could result in the denial of any future requests for a permit or special permit. If additional costs are incurred by the Town in the enforcement of these regulations, then the permit holder shall be held responsible.
13. The Town Manager's Office may refer an applicant to the Select Board for their review and approval if it is felt it is in the best interest of the Town to do so.

C. Special Permit Issued by the Select Board

IV.3. OPEN SPACE

The Select Board feels that the Goals and Objectives as articulated in the “Report of the Recreation and Open Space Study Committee” form a good foundation upon which future Town decisions in this area can be based. As stated, these goals are a reaffirmation of a 1976 report and remain valid.

These **Goals and Objectives** follow:

Listed below and briefly described are the community’s aspirations for the preservation and utilization of its open space resources. These goals have not changed substantially since the preparation in 1975 and 1976 of the Recreation and Open Space Committee Report, which was intended to be a ten-year action program.

Therefore, the articulation of these Goals and Objectives started with the list of Goals on Page 17 of the 1976 “Report of the Recreation and Open Space Study Committee”. All of those involved in the preparation of this current plan reviewed these Goals and contributed suggestions.

GOAL #1 - PRESERVE ECOLOGICAL BALANCE

As the rapid urbanization of Andover proceeds, it is vital to its total well-being that the natural systems upon which all its citizens depend are not needlessly abused. This means protecting water supplies, both local and regional, guiding development away from sensitive areas like wetlands, floodplains and areas of poor soil capability, preventing degradation because of pollution and erosion, and preserving outstanding natural features, particularly water bodies, as well as endangered habitats and sties of historical or archeological significance.

OBJECTIVES

- a. Protect town water supplies by acquiring all of the remaining undeveloped Fish Brook and Haggetts Pond lowlands;
- b. Protect the remainder of the water supply watershed from harmful development by means of acquisition or special constraints on use;
- c. Identify and protect areas critically significant to the groundwater resources of the Town and its neighbors, which have present or potential or stand-by water supply capability;
- d. Continue strict enforcement of the Wetlands Protection Act;
- e. Refine and strictly enforce the erosion and sedimentation controls in the Town’s subdivision regulations;
- f. Define more specifically the means of protection of open spaces and natural features in the Town’s zoning and subdivision regulations. Review those regulations with the objectives of increasing environmental protection and decreasing the adverse environmental impacts of development;

- g. Develop a method of preserving adequate open space, wetlands and other outstanding natural features in and around industrial areas, for instance, a patch of laurel or a stand of native trees;
- h. Adopt more specific guidelines for the safe and clean discharge of storm drainage on the part of the Town; for example measures to prevent siltation and petroleum products pollution of streams and wetlands;
- i. Minimize the use of pesticides and herbicides;
- j. Explore the use of conservation land trusts and other land conservation techniques to preserve open space while guiding appropriate development;
- k. Encourage the acquisition of Conservation Easements by the Town and private open space groups.

GOAL #2 - ENCOURAGE OPEN SPACE ENJOYMENT AND UTILIZATION

Open space preservation should guide the Town's programs. The Town needs to expand the opportunities for outdoor recreation and enjoyment so that those opportunities are available to all citizens. Open spaces and recreation programs should be provided for all ages and groups.

OBJECTIVES

- a. Publicize this plan. Prepare and distribute more informational material relative to available public open space and active recreational opportunities and programs, such as brochures;
- b. Continue to implement long range plans for the Andover Recreation Park;
- c. Attempt to link open space areas by means of trails. Continue to try to establish a Town-wide trail network;
- d. Encourage appropriate open space uses while discouraging abuse. This means attempting to balance user needs so that no group is shut out and open space areas are not preempted unfairly;
- e. Support and encourage groups who use public open spaces appropriately and those who will voluntarily improve and enhance such areas such as scout troops, garden clubs and school children.

GOAL #3 - ENHANCE "THE TOWN BEAUTIFUL"

Andover's attractiveness and desirability as a place to live and work depend in large part on its "open" qualities. Every effort needs to be made to ensure green areas at critical locations and to guide the quality of development insofar as possible for visual enhancement.

OBJECTIVES

- a. Identify, protect and maintain by available means outstanding natural features, endangered habitats, archeologically important sites and green and open spaces at critical locations, such as traffic islands at intersections;
- b. Improve methods which the Planning Board can effectively use to design development within subdivisions so as to preserve not only natural features, such as wetlands and scenic areas but usable recreational open space;
- c. Initiate and/or support open space maintenance programs, such as beautification, through federal, state or local efforts.

GOAL #4 - PROTECT RIVER CORRIDORS

All of the above goals are well served by protection of and access to river corridors throughout the Town: not only the Shawsheen and Merrimack but especially Fish Brook, which is a substantial contributor to the Town's water supply and the Skug River, (part of the Ipswich River watershed), which contributes to the water supplies of downstream communities.

OBJECTIVES

- a. Acquire or protect by easement wherever possible the banks of the major rivers, streams and ponds of the Town;
- b. Establish and maintain trails along rivers where possible;
- c. Plan for utilization of accessible river banks. Boat launching facilities could be developed. Water sports programs could be devised.

GOAL #5 - BE RESPONSIBLE IN REGIONAL RELATIONSHIPS

The tendency to concentrate effort and attention on purely local concerns needs to be balanced. What we do in Andover may affect not only our immediate neighbors in the Merrimack Valley but potential open space users from the more densely populated Metropolitan Boston area. The Town needs to keep informed about regional problems and plans, and to work cooperatively with regional and state agencies.

OBJECTIVES

- a. Make Andover's representative on the Merrimack Valley Planning Commission aware of Andover's open space and recreation assets as well as its goals and objectives;
- b. Make Andover aware of regional open space recreation goals through its participation on or involvement in other regional environmental groups;
- c. Communicate Andover's open space assets regionally as well as locally.

GOAL #6 - MAKE GOOD USE OF SCARCE RESOURCES

This means better interagency planning and coordination as well as cooperation with other holders of open space available for public use such as AVIS, the Department of Environmental Management of the Commonwealth and the

Trustees of Reservations. The working relationships between these groups should continue to be cultivated. Joint planning for better protection and utilization of town resources should be developed.

OBJECTIVES

- a. Continue to facilitate the sharing of open space and recreation areas among the different agencies of the Town;
- b. Maintain and improve working relationships of Town agencies with other holders and managers of open space and active recreation facilities. Included are AVIS, Trustees of Reservations, State Department of Environmental Management, Phillips Academy, YMCA, the regional vocational school and local schools.

GOAL #7 - PROVIDE BETTER MANAGEMENT OF EXISTING AREAS

In this time of shrinking public financial support, funds for the care and maintenance are amongst the first items to be excised from the budget. Management strategies must be devised to close the gap. Otherwise increasing urbanization spells deterioration of existing facilities and open space qualities because of overuse, vandalism, litter and other abuses. Andover should protect its already considerable investment in open space.

OBJECTIVES

- a. Improve the maintenance program for the Town's active recreation areas such as playfields and playgrounds;
- b. Establish a maintenance fund for limited care of reservations. Support appropriate maintenance funding for Community Services facilities;
- c. Provide proper signs to identify conservation – recreation areas and to control uses;
- d. Continue efforts to develop better management strategies using volunteers wherever possible;
- e. Be alert to abuses such as litter and vandalism and employ appropriate enforcement techniques;
- f. Balance uses so as to provide maximum enjoyment and employment of open spaces;
- g. Try to make users of the Town's open space aware of their responsibility for its proper management.

GOAL #8 - BE FAIR

This goal means trying to achieve spatial balance of open space and recreational opportunities throughout the Town and means ensuring that all age and social groups are served. It means using open space acquisition to shape, provide context for and serve the demands development is bringing rather than to block

development.

OBJECTIVES

- a. Seek to acquire open space in neighborhoods where it is lacking or limited;
- b. Identify deficiencies in outdoor recreation opportunities and develop strategies to correct them;
- c. Try to provide opportunities for the enjoyment of open space by all groups and ages, including elderly and handicapped citizens.

GOAL #9 - PRESERVE FARMING

The Town should try to maintain farming at least at its current level and to encourage the preservation and agricultural use of suitable open land.

OBJECTIVES

- a. Encourage the few remaining active farmers to apply for Agricultural Preservation Restrictions, and to take advantage of other State, federal and private programs designed to preserve Massachusetts agriculture;
- b. Consider the establishment of a Farmers Market;
- c. Continue to encourage agricultural use of public land where appropriate and not incompatible with other legitimate uses.

VII. HOUSING/TAXES

VII.1. Fair Housing Plan

The purpose of the Town of Andover Fair Housing Plan is to achieve the aims of Executive Order No. 227, Governor's Code of Fair Practice; the Massachusetts General Laws Chapter 151B, Administrative Bulletin 75-14; Federal Executive Order No. 11063, EEO in Housing and the Federal Civil Rights Act of 1968, Title VIII Fair Housing as amended by the Housing and Community Development Act of 1974, to the extent that these prohibit discrimination in housing on the grounds of race, color, national origin, ancestry, age, religion, welfare status, children, marital status, handicapped, blindness or sex.

This plan utilizes the Fair Housing requirements for the Commonwealth of Massachusetts and its political subdivisions. The requirements shall be used to define and determine the Fair Housing obligations of the Town of Andover. This plan shall also be used by the Massachusetts Commission Against Discrimination (MCAD) in evaluating the fair housing performance of the Town of Andover.

The Town of Andover will address the Fair Housing issue in order to fulfill its obligations under the state and federal equal opportunity standards. The Town of Andover will conduct a comprehensive community profile which will identify over-concentration or under-representation of minorities and female headed households.

The Town of Andover shall then undertake an analysis of its community profile and shall make a careful evaluation of its programs and policies to determine if there exists a disparate impact of housing access. If after this analysis the Town determines that over-concentration or under-representation does exist, then the Town of Andover shall develop a Fair Housing Plan which provides a statement of goal, objective and policies designed to eliminate barriers to equal access and choice.

The Town of Andover shall create a Fair Housing Committee whose objectives and purposes are those set forth in the aims of Executive Order No. 227, Governor's Code of Fair Practice; Massachusetts General Laws, Chapter 151B; Administrative 75-14, Federal Executive Order No. 1063 EEO in Housing and the Federal Civil Rights Act of 1968, Title VIII – Fair Housing as amended by the Housing and Community Development Act of 1974.

The Fair Housing Committee will facilitate the coordination of the factors that affect housing and equal access to housing.

(9/83)

VII.2. Regional Housing Opportunity Partnership

In December of 1984, the communities of Andover, North Andover, Lawrence and Methuen, assisted by the Merrimack Valley Regional Planning Commission, formed the Regional Housing Fair Share Plan Committee to facilitate housing opportunities throughout the area.

In order to continue the work of a regional housing opportunity partnership and to execute a Regional Housing Compact to address the area's housing needs, especially those of the central city, the four municipalities continue their support of a Strategic Planning Program coordinated by the regional planning commission.

The purpose of the housing partnership is threefold:

1. To function as a regional forum; and
2. To serve as a link between local entities and state/federal agencies; and
3. To function as a coordination mechanism between communities and housing agencies.

The goal is twofold:

1. To provide housing for those of modest income; and
2. To insure that those with the greatest housing needs are allowed fair opportunities on a regional basis to obtain affordable housing.

5/9/89

REAFFIRMATION OF VOTE

The Select Board reaffirms its support of the Regional Housing Fair Share Plan Commission by supporting the 1990 Regional Housing Compact. (On August 16, 1990, the Compact was formally signed by the Chief Elected Official or their representative of each of the four communities).

7/23/90

VII.3. Tax Classification

Tax classification was first approved by the Board in 1984. It was not the original intention for classification to become a permanent fixture; but, nevertheless, has been approved by the Board during every year since that time, though not usually unanimously.

Annual public hearings will be held, however, in order to review the impact of the current tax classification, to determine whether a change to the present structure is in order, and to allow for public input.

VIII. RECREATION

VIII.1. Haggetts Pond Usage

Upon recommendation of the Board of Health, the Select Board has voted to continue the practice of allowing rowboats, only, on Haggetts Pond, with permit and fishing license, and to not allow canoes, sailboats, windsurfers and/or any other waterborne craft.

It was further suggested to put signs around Haggetts Pond indicating this restriction.

(8/28/85)

VIII.2. Haggetts Pond Winter Use

In the interest of public safety, the Select Board hereby prohibits “ice fishing”, “ice skating”, or any other related ice activities on Haggetts Pond during the winter.

(9/14/87)

VIII.3. Poms Pond Resident Sticker Program and User Policy

The following policies have been adopted for the convenience and benefits of the residents of the Town of Andover:

1. Residents may purchase a seasonal beach sticker or pay the daily rate before entering the Pond area. Swim lesson students, as well as an adult, will be checked for proof of residency (including a valid driver’s license, vehicle registration and vehicle to purchase pass, library card, current utility bill).

In furtherance of this policy, the Town staff shall take actions wherever possible to promote the growth, accessibility and safe use of such alternative forms of transportation and recreation. Specifically, the Town supports traffic calming efforts, bicycle and pedestrian friendly enhancements and the continued development of community paths, trails and linkages.

IX. TOWN MEETING

IX.1. Ordering of Warrant Articles

Following consideration of “boiler plate” articles and the Town Budget at Town Meeting, the Select Board supports the general random ordering of Warrant Articles to eliminate the possibility of deliberate article placement to affect a predetermined outcome.

The Board reserves the right, however, to place one or two articles of high public interest in specifically determined positions in order to maintain a level of strong public attendance throughout the duration of Town Meeting.

X. WATER AND SEWER COMMISSIONERS

X.1. Sewer Commissioners Policy

Following standard “good engineering practices” it is expected that a thorough review by the Town’s Engineers, the Department of Public Works, the Board of Health and other appropriate departments will be completed prior to a review of any request of the Select Board acting in the capacity of Sewer Commissioners.

The purpose of a public hearing is for the Select Board, as Sewer Commissioners, to confirm the departmental reviews, to consider any concerns of said departments, and to allow for public comment. In general, however, matters will not be brought before the Sewer Commissioners unless and until all concerns have been addressed and satisfactorily resolved.

X.2. Self-sufficient Water & Sewer System

On June 4, 1984, the Andover Select Board adopted a policy of the gradual phase-in of a self-sufficient water and sewer system.

Subsequent votes of the Board, in consideration of periodic rate hikes in attainment of this goal, have been unanimously supported by the Board.

X.3. Sewer Betterment Abatement Requests

The following is the Town’s procedure for addressing sewer betterment abatement requests:

1. All abatements are to be received and date-stamped in by the Assessor’s Office on an application for betterment abatement form.
2. The Assessor’s Office will then send the application to the Department of Public Works for their review and recommendation and a copy of the application will be sent to the Town Manager’s Office.
3. The Department of Public Works will review the request and return the application to the Town Manager’s Office with either a recommendation to deny the abatement request or a recommendation to adjust the betterment assessment no later than ten (10) working days from receipt of the request.
4. If the DPW recommends denial of the abatement request, then the Town Manager is authorized by the Water and Sewer Commissioners to send the applicant a denial letter with a copy to the Assessor’s Office.
5. If the DPW recommends an adjustment to the betterment assessment, then the Town Manager’s Office will schedule a hearing before the Select Board in their capacity as Water and Sewer Commissioners.
6. If the Select Board, in their capacity as Water and Sewer Commissioners, does not act on the sewer betterment abatement request within four months from the date of

the receipt of the application by the Assessor's Office, then the application is considered a "constructive denial".

7. If the applicant wishes to appeal the decision of the Water and Sewer Commissioners, they must file application with the Commonwealth of Massachusetts, Executive Office of Administration & Finance, and Appellate Tax Board.

X.4. Sewer Betterment Assessment Policy for Land Not Built Upon

It is a goal of the Select Board to support the continued preservation of open space. Therefore, the Select Board seeks to encourage owners of property which has not been built upon to apply for a deferral of sewer betterment assessments in accordance with Massachusetts General Laws Chapter 83, Section 19.

Procedure

A property owner should make application for a deferral on a form to be provided after the Board of Assessors has added the sewer assessment charge to a property owner's tax bill. The Select Board may then vote to grant a deferral until the land is built upon or for a fixed time. As required by State law, such a deferral is subject to an interest charge of 4% of the assessment per year and the assessment must be paid in full within three months after the land is built upon.

Conservation Restrictions

The Select Board also wishes to promote the placement of conservation restrictions on land that has not been developed. The Select Board will abate sewer betterment assessment for parcels upon which a permanent conservation restriction approved by the Executive Office of Environmental Affairs has been recorded. The property owner is not required to make any payments for sewer betterment assessments for parcels that have a permanent conservation restriction.

MGL Chapter 83. Sewers, Drains and Sidewalks

Section 19. Assessments; extension of time for payment.

Section 19. The aldermen of a city or the sewer commissioners, selectmen or road commissioners of a town may extend the time for the payment of such assessments upon land which is not built upon until it is built upon or for a fixed time; but interest at the rate of four percent per annum shall be paid annually upon the assessment from the time it was made, and the assessment shall be paid within three months after such land is built upon or at the expiration of such fixed time.

X.5. Water Supply Protection

The Select Board supports the efforts of the Conservation Commission, the Planning Board and other Town agencies in their ongoing attempts to provide protection of the Fish Brook/Haggetts Pond Watershed area, which is the source of water supply in Andover.

Goals and Objectives, as well as policy alternatives (considerations) were articulated in a consultant's study in February of 1986 entitled "The Fish Brook/Haggetts Pond Watershed: Water Supply in Andover". Because of the devastating effects of water contamination, it is recommended that these points be considered by Town Departments as well as the Select Board when setting priorities and courses of action in connection with the Town's water supply.

GOALS AND OBJECTIVES

"The goals for Andover's Fish Brook/Haggetts Pond watershed policy should be to reduce the unfavorable impact of existing development and to minimize the unfavorable impact of future development on water quality to the extent necessary to protect human health and to prevent the unnatural acceleration of eutrophication in Haggetts Pond. Objectives which will serve the stated goals include":

- 1) Identify the rate of eutrophication and primary cause of eutrophication in Haggetts Pond;
- 2) Refinement of the Town's system for response to transportation-related spills of hazardous materials;
- 3) Regular inspection of septic systems followed by cleaning, repair, or replacement as needed;
- 4) Rigorous enforcement of Town regulations concerning septic system installation, repair and replacement, as amended for watershed protection;
- 5) Determination of the impact of farm animal wastes on water quality, with subsequent regulation if necessary;
- 6) Inspection for and repair of leaking sewers;
- 7) Regular monitoring of leachate from Ledge Road landfill with subsequent collection and removal from watershed if necessary;
- 8) Regulation of underground chemical storage tanks and other storage, use, or disposal of hazardous chemicals;
- 9) Continued acquisition of lands judged particularly critical for protection from development;
- 10) Management of Town-owned and AVIS-owned land in such a way as to protect water quality;
- 11) Minimizing impact of storm runoff by minimizing volume and velocity of, and concentration of contaminants in the water;
- 12) Reduction of use of fertilizers and pesticides;

- 13) Minimizing rate of erosion and sedimentation due to construction;
- 14) A public education campaign to increase awareness that drinking water quality is directly related to individual activities such as use of fertilizers, pesticides, phosphate detergents, underground fuel tanks, septic systems, and hazardous chemicals, and to publicize watershed boundaries and flow patterns;
- 15) Monitoring water quality at critical points in the watershed and at the Merrimack River intake, and responding to changes in water quality.

POLICY ALTERNATIVES

- 1) Septic System and Sewer
- 2) Land Acquisition
- 3) Watershed Information and Monitoring
- 4) Emergency Response to Transportation-related Spills of Hazardous Materials
- 5) Zoning
- 6) Ledge Road Landfill
- 7) Chemical and Fuel Storage
- 8) Public Education
- 9) Fertilizer and Pesticides

ALCOHOLIC BEVERAGE LICENSE POLICY

**Select Board
Licensing Board**

**Licensing Agent for Board
Austin P. Simko
Town Clerk**

Revised and Adopted: October 7, 2013

XI.2. TOWN OF ANDOVER ALCOHOLIC BEVERAGE LICENSE POLICIES & REGULATIONS

Whereas, it is desirable to adopt uniform policies and guidelines for the administration of liquor licenses, the Select Board, the Local Licensing Authority for alcoholic beverage licenses under MGL Chapter 138, does hereby adopt the following policies and guidelines:

A. ADMINISTRATION OF LIQUOR LICENSES

1. The Town Clerk is the designated Licensing Agent of the Select Board. The Licensing Agent has the authority to accept and reject applications that do not meet the minimum requirements of the Alcoholic Beverages Control Commission and/or the Town of Andover. Upon recommendation from the Town Manager and the Chief of Police, a Police Officer will also be designated as an agent to the Select Board who will work with the Town Clerk to insure that the policies of the Select Board and the Massachusetts State Laws regarding Alcoholic Beverage Licensing are adhered to by all licensees.
2. Applications regarding Premises not actually in existence at the time of the application will not be approved unless and until a building permit has been issued by the Town of Andover and the applicant has filed with the application a plan showing the actual dimensions of the premises which are to be constructed on which the license is to be exercised. If construction of the premises is not completed at the time the license is approved, the license may be approved on the condition that construction shall be completed and as-built plans shall be filed prior to the issuance of the license.
3. Approvals of applications by the Select Board are valid for (6) six months from the date of approval by the Alcoholic Beverages Control Commission. If such time expires before the license is issued, due to the applicant's failure to meet all of the conditions imposed by the Board, the license will not be issued and the applicant must reapply and be reheard by the Board. Prior to the expiration of the (6) six month approval period, the applicant may petition the Select Board for an extension of the approval period not to exceed 2 months. The extension may be granted for good cause. No more than one extension may be granted.
4. A record of all liquor licenses issued by the Select Board, both as to premises and owner, shall be maintained in the office of the Town Clerk. Said file shall contain all applications, correspondence, decisions, etc. regarding the licensed premises, and other written information. The file of each owner and premises shall be reviewed annually at the time of the license renewal.
5. Andover, like other Massachusetts municipalities, is granted under MGL Chapter 138, a certain number of wine & malt beverages only pouring licenses and a certain number of all alcohol pouring licenses based on population. In the event a municipality has issued its maximum allowable wine & malt pouring licenses the local licensing authority has the discretion to issue additional wine & malt beverages pouring licenses, provided that an all alcohol pouring license is retired for each such wine and malt beverage pouring license issued. The Board will consider applications for the issuance of wine & malt beverages pouring licenses under these circumstances on a case by case basis. The Board may issue the same if determined to be in the best interests of the Town. The Board may

in its discretion impose additional fees for such licenses to offset the revenue lost by retirement of an all alcohol pouring license.

B. LIQUOR LAW VIOLATIONS

1. When, after hearing, it is determined by the Select Board that a violation of the liquor laws of the Commonwealth of Massachusetts has occurred or a licensee has failed to comply with the conditions of the license or these policies and regulations, the Select Board shall consider the appropriate disciplinary action. In determining the appropriate disciplinary action to be taken, the Select Board shall consider the following:
 - (a) the written record of the establishment on file within the Office of the Town Clerk during the preceding 36 calendar months and any prior infractions during this period.
 - (b) the particular merits of the case presented at the hearing inclusive of such factors as intent, culpability of the parties, and such other factors as the Board may deem relevant.
 - (c) the extent to which the owner, proprietor or operator has established procedures to guard against infractions.
 - (d) cooperation of the establishment owner, proprietor, and operators with the Town Clerk, Police Department, inspectors, and other Town officials in the conduct of its business.
 - (e) such recommendations as the Town Manager may present.
2. In general, in matters of first offense, the Board shall consider the issuance of a letter of reprimand to the owner and his representative, if there is one, a copy of which shall be placed on file in the license record of the office of the Town Clerk.
3. In matters of a second offense within the period of 36 calendar months the Board shall consider the issuance of a suspension for a period of 1-14 consecutive calendar days and shall so state the period of suspension.
4. In matters of a third or subsequent offense within 36 calendar months, the board shall consider a second suspension for a period of 1-30 consecutive calendar days and/or revocation of the license.
5. All of the above are general guidelines for the Select Board in its deliberations regarding infractions found against the licensed establishment, licensee, owner, proprietor, or other operators. Each case shall be considered upon its individual merits. The Board reserves the right to impose penalties in excess of the above if deemed appropriate.

C. LIQUOR LICENSES – IN GENERAL

1. Liquor licenses are issued under authority of MGL Chapter 138. Any new application for a license to sell alcoholic beverages, or for a change in an existing license, must be accompanied by the appropriate application fee.
2. Every liquor license application which requires a public hearing with newspaper publication or notice to abutters and all applications for change of manager shall go before the Select Board for hearing in conformity with the General Laws. All other liquor license applications shall first be referred to the Town Manager who shall have the authority to approve, but not to disapprove the same. If the Town Manager does not approve he shall transmit the application to the Select Board for determination along with his recommendations; and provided further, that the Town Manager may refer any application to the Select Board for approval in the first instance if he deems it in the public interest to do so.
3. If approved, the application is transmitted to the Alcoholic Beverages Control Commission (ABCC) for its approval. If disapproved the applicant may appeal to the ABCC under the provisions of MGL Chapter 138.
4. The Select Board, under the authority granted by MGL Chapter 138, shall set the hours of operation for any on-premise establishment. Once the operating hours are granted to any licensee, a change in these hours can be made only after a public hearing before the Select Board.
5. Any licensee intending to close the licensed premises must notify the Select Board in writing ten (10) days before such closing and shall state in the notice the reason for such closing and the estimated length of such closing. Any licensee intending to close for more than sixty (60) days must appear before the Board to discuss the status of the license.
6. No licensee shall conduct business under any corporate or trade name other than that under which it is licensed.

D. MANAGER/CHANGE OF MANAGER

By the close of the next business day following the termination of employment of the Manager for any reason, the licensee must notify the Town Clerk, in writing, of the name of the person who will discharge the duties of Manager pending selection and approval of a new Manager. If, at any time, there is a change in the Manager of record for the licensed premises, an application for change of Manager must be filed no later than thirty (30) days after the effective date of the change.
3. The Board may impose a penalty for failure to file a timely application for change of Manager, which may include a penalty of suspension that may be up to one day of

suspension for each day of non-compliance, unless the Board finds that there were circumstances which excused the non-compliance.

4. Except as otherwise provided in the Massachusetts General Laws or approved by the Select Board, the Manager must be a full time employee or a corporate officer of the licensee, and must be engaged exclusively in the management of the licensed business.
5. The Manager shall be on the licensed premises regularly in the course of business, consistent with the permitted hours of operation. When the Manager is not upon the premises, a method of contacting the Manager promptly must be arranged so that the Manager can be reached at all times by the person designated to be in charge of the premises. The Manager shall designate an Assistant Manager to be responsible in his or her absence. However, the Manager will continue to be responsible for the operation of the licensed premises whether or not on the premises.
6. Without limiting the scope of the previous subsections and without limiting the penalties which may be imposed on the licensee for violation of these regulations, the Manager shall be responsible for the following:
 - (a) Careful selection of qualified employees of the licensed business, including servers, clerks and persons who are engaged with the public in any capacity.
 - (b) Training of employees in all matters relating to the sale or service of alcoholic beverages. The Board strongly advises managers and all employees as they are hired to participate in a State recognized alcohol training program.
 - (c) Failure of the Manager to comply with these policies and regulations or to properly discharge the duties of Manager may result in removal as Manager or suspension or revocation of the license as may be appropriate to the circumstances.

13. License fees shall be established by the Select Board.

Furthermore, up to twenty-five percent (25%) of said annual voluntary contribution may be credited back to the exempt property owner, contingent on the owners providing verifiable documentation of any quantifiable services provided directly to the Town of Andover and/or the taxpaying residents of Andover. Such annual voluntary contribution, including any community service credit, shall be established, executed and implemented through a formal agreement between the Town of Andover and the owners of the exempt property, for a term of not more than five years.

12/16/13

XII.11. Naming Facilities

Naming a Town facility is an important matter that deserves thoughtful attention. Personal prejudice or favoritism, political pressure, or temporary popularity should not be an influence in choosing a name for a building, a portion of a building, or any portion of public grounds. Whenever possible, the wishes of the community should be considered in naming town facilities.

The Select Board has the authority to approve the naming, renaming, and removal of names of buildings, structures, and facilities located on property under the care, custody, and control of the Select Board. The Select Board also has the authority to name subsections of existing structures or facilities, such as individual rooms or gathering spaces.

Names and/or wording associated with Town facilities shall be consistent with Town Bylaws and Select Board policies and promote values aligned with the Town of Andover's Mission and Values Statement. To the extent possible, names and/or wording should be designed not to restrict the use of a space or inhibit changing the function of the space should that become necessary in the future.

When the opportunity to name or dedicate a new town building or related property, structure or facility is forthcoming, an orderly procedure will be communicated at the next available Select Board meeting. The Board's agendas should clearly reflect the intent to consider, review, and vote on naming opportunities.

Submission of a name for a Town space may be made by any resident, by a member of the Select Board, or by the Town Manager, in writing, and should be made to the Chair of the Select Board. The Select Board must also be consulted prior to the start of any capital or fundraising campaign that will include the possibility of naming opportunities.

The written request should specify the intent of the requestor and the reasons why this particular name would fit the facility. It should offer appropriate background information on the person, organization, or geographic area after which the facility will be named. An offer of a financial contribution that will benefit the Town may accompany the naming request, but the Select Board is not obligated to accept or reject a name based upon financial considerations. The Select Board may acknowledge generous donors by designating appropriate spaces within Town facilities consistent with the level of financial commitment.

Following the submission of a naming request, the Chair of the Select Board will specify a consideration period that allows for public comment, following which the Board will deliberate and vote on the name.

XIII.1 Investment Policy Statement

INTRODUCTION

The principal purpose of this Statement is to provide long-term direction for the investments of the Town of Andover. A secondary purpose is to describe for the Office of Treasurer, the public, and staff the underlying logic and philosophy supporting this Statement.

Setting investment policy is the most critical phase of the entire investment process. The effects of a good or bad investment policy can be more important than the effects of good or poor investment management. To be successful, an Investment Policy needs to be appropriate for its institutional setting and intended purpose. This policy needs to match the needs of the Operating Funds, Regular and/or General Funds, and Trust Funds future anticipated requests or periodic disbursements to the financial assets most likely to meet those cash flow needs. The best way to minimize investment risk is to match, as closely as possible, the timing of future liabilities with the timing of future cash flows from the portfolio assets.

The policy statement is also designed to withstand "trustee risk" — the possibility that, at some stress point (most frequently an extreme decline in the stock or bond markets), those who oversee the funds may react in a manner detrimental to the long-term health of the Trust Funds.

PRINCIPLES

Outlined below are principles, which shall serve as a guide in establishing this Investment Policy Statement.

The Town Treasurer/Custodian of Funds shall review periodically the Town's policy, investment position, asset allocation, yield, and long-term direction. This Investment Policy shall be reviewed annually, delivered to each board as necessary, the Finance Director, Town Accountant and submitted to the Town's external auditors.

All investments shall be made in accordance with Chapter 44, Sections 54 and 55 of the Massachusetts General Laws (See appendix A), and/or M.G.L. Chapter 203C Sections 1 – 11 (See Appendix B), and/or M.G.L. Chapter 180A (See Appendix C), and/or M.G.L. Chapter 41 Section 46 (See Appendix D), and/or Chapter 114 Section 25 (See Appendix E), and/or Chapter 40 Section 5B, 5D (See Appendix F), and/or Chapter 44 Section 53F1/2 (See Appendix G).

The guiding tenet, in order of priority, for the investing of all Town funds is:

- Safety
- Liquidity
- Yield

The Town of Andover is both a short-term and long-term investor.

SHORT-TERM INVESTING/GENERAL FUND

Massachusetts General Laws, Chapter 44, section 55B requires the Town Treasurer to invest all public funds except those required to be kept un-invested for purposes of immediate distribution. Modern banking systems enable the public treasurer to maintain even these funds in interest bearing form until the date a disbursement order clears through the banking system.

The state law further requires that invested funds are to be placed at the highest possible rate of interest reasonably available, taking account of safety, liquidity and yield. Therefore, these guidelines are intended to further the objective of securing the highest return that is consistent with safety of principal while meeting the daily cash requirements for the operation of the entity's business.

Safety of principal is the foremost objective of the investment program. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital through the mitigation of credit risk and interest rate risk. These risks shall be mitigated by the diversification and prudent selection of investment instruments, and choice of depository. Credit risk is the risk of loss due to the failure of the security issuer or backer. Interest rate risk is the risk that the market value of the security will fall due to changes in general interest rates.

Liquidity is the next most important objective. The overall investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated. Since all possible cash demands cannot be anticipated, the treasurer shall carry out investment activities in a manner that provides for meeting unusual cash demands without the liquidation of investments that could result in forfeiture of accrued interest earnings, and loss of principal in some cases.

Yield is the third, and last, objective. Investments shall be undertaken so as to achieve a fair market average rate of return, taking into account safety and liquidity constraints as well as all legal requirements.

INVESTMENT INSTRUMENTS

Public investments in Massachusetts are not protected through provisions in State law. Therefore, they are largely uncollateralized. Many banking institutions are willing to put up collateral, albeit at a cost to the entity of a lower interest rate. The Treasurer negotiates for the highest rates possible, consistent with safety principles.

The Treasurer may invest in the following instruments:

Massachusetts State pooled fund: Unlimited amounts_(Pool is liquid)

The Massachusetts Municipal Depository Trust (MMDT), an investment pool authorized by M.G.L. Ch. 29, Section 38A for state, local, county and other independent governmental authorities, is under the auspices of the State Treasurer and currently managed by Fidelity Investments. It invests in Bankers Acceptances, Commercial Paper of high quality, Bank Certificates of Deposit, Repurchase agreements (Repos), and U. S. Treasury Obligations. It has Federal Deposit Insurance Corporation (F.D.I.C.) pass-through insurance on the C.D.'s and takes delivery on the Repos and Treasuries. Government Accounting Standards Board Regulations (GASB Statements 3 and 40), does not consider this investment to be an uncollateralized product.

U. S. Treasuries that will be held to maturity: (Up to one year maturity from date of purchase)

Unlimited amounts

U.S. Agency obligations that will be held to maturity. (Up to one year maturity from date of purchase)

Unlimited amounts

Bank accounts or Certificates of Deposit, hitherto termed C.D.s: (Up to one year maturity) which are fully collateralized through a third party agreement: Unlimited Amounts

Bank accounts and C.D.s (Up to one year maturity) insured by F.D.I.C. up to maximum limit: All bank accounts and C.D.s in one institution are considered in the aggregate to receive the F.D.I.C. insurance coverage. Some banking institutions carry additional insurance, Depository Insurance Fund of Massachusetts (D.I.F.M). If protected by such additional coverage, bank accounts and C.D.s in these institutions may exceed the F.D.I.C. limit.

Unsecured bank deposits of any kind such as other checking, savings, money market, or Certificates of Deposit accounts at Banks that do not fit the above categories. The size of the Town's investment portfolio precludes the use of only FDIC insured deposit products. Efforts will be made to maximize all forms of insurance protection. Investments will be limited to no more than 5% of any one institution's assets. No more than 10% of the Town's cash may be held in any one institution unless the institution rates in the highest category on the quarterly Veribanc, Inc., an independent bank rating agency, report. The quarterly Veribanc, Inc., report will be reviewed by Treasurer/Collector or his designee and the Finance Director. Deposits will be diversified to the extent possible to protect the investment and to enable operational efficiency. C.D.s will be purchased for no more than twelve months and will be reviewed frequently to ensure they are in line with current market conditions. [Paragraph amended 6-16-2014]

Money Market Mutual Funds that are registered with the Securities and Exchange Commission, have received the highest possible rating from at least one nationally recognized statistical rating organization and as otherwise referenced in the Massachusetts General Law Chapter 44 Section 55.

RISK TOLERANCE

Risk tolerance for investment of Town's funds is defined and will be managed as follows

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

The Town will manage credit risk in several ways. There will be no limit to the amount of United States Treasury and Agency obligations held as both of these types of investments carry an AAA rating.

All other investments the Town may purchase must be investment grade securities, a high concentration of which must be rated A and above.

The Town may invest in the Massachusetts Municipal Depository Trust (MMDT) without limit as to amount.

The Town may place funds in banking institutions as stated in the Section C of this policy.

Custodial Risk

The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the Town will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the Town will not be able to recover the value of the investment or collateral securities that are in the possession of an outside party.

The Town will review the firm's financial statements and the background of the sales representative. The intent of this qualification is to limit the Town's exposure to only those institutions with a proven financial strength, capital adequacy of the firm, and overall affirmative reputation in the municipal industry. Furthermore, all securities not held directly by the Town, will be held in the Town's name and tax identification number by a third party custodian approved by the Treasurer and evidenced by safekeeping receipts showing individual CUSIP numbers for each security.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer.

The Town will minimize Concentration of Credit Risk by diversifying the investment portfolio so that the impact of potential losses from any one type of security or issuer will be minimized.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment.

The Town will manage interest rate risk by managing duration in the account.

Foreign Currency Risk

Foreign currency risk is the risk that changes in the exchange rates will adversely affect the fair value of an investment or a deposit.

The Town will not invest in any instrument exposed to foreign currency risk.

BANKING AND FINANCIAL STABILITY

Financial institutions should be selected first and foremost with regard to safety. The Town Treasurer shall subscribe to the quarterly reports of one or more of the recognized bank rating services, such as Veribanc, Inc. or Sheshunoff. Brokers and financial advisors should be recognized, reputable dealers that are members of FINRA and possess demonstrated knowledge and experience with Massachusetts municipal investing.

Veribanc, Inc. classifies banks into the following color categories based upon their financial stability:

GREEN: The highest rating awarded to an institution, the equity of which exceeds 5% of its assets and it was profitable during the most recent reporting quarter.

YELLOW: The institution's equity is between 3% - 5% of its assets or it incurred a net loss during the most recent reporting quarter. Both of these conditions may apply. If there was a net loss, the loss was not sufficient to erode a significant portion of the institution's equity. A yellow classification merits the investor's attention.

RED: The institution's equity is less than 3% of its assets or it incurred a significant net loss during the most recent reporting quarter (or both). A red classification deserves close scrutiny.

The Treasurer may invest in such banks that earn a green rating in a particular quarter. If a rating is yellow, the Treasurer should contact the appropriate banking institution and request in writing an explanation of the change in rating and the expected time table for it to be upgraded back to green. If for a second quarter such rating has not been corrected, the Treasurer should consider removing all funds that are not collateralized, or carries some form of depositor's insurance.

If a rating moves to red, all funds should be immediately collateralized or covered by some form of depositors insurance or be removed from the banking institution.

The Treasurer shall require any brokerage houses and broker/dealers, wishing to do business with the Town, to supply the following information to the Treasurer:

Audited financial statements

If acting as an Investment Advisor, a current Form ADV, upon request

Proof of National Association of Security Dealers certification

A statement that the dealer has read the municipality's investment policy and will comply with it

Proof of credit worthiness (minimum standards: at least five years in operation and a minimum capital of \$10 million)

RECONCILIATION AND REPORTING

The Treasurer shall reconcile the Cash Account at the end of each month to both Bank Statements and General Ledger. All variances must be identified and resolved with either the bank or the Town Accountant. All reconciliations must be provided to the independent auditor for review on an annual basis.

The Massachusetts Department of Revenue requires that the Treasurer report on a quarterly basis, the Town's cash positions by instrument type, location by institution and current yield. The reports of the first three (3) quarters must be kept on file in the Office of the Town Treasurer and made available upon request. The final quarterly report, which includes balances at the fiscal year end, must be approved by both the Town Treasurer and Auditor and submitted to the Department of Revenue prior to Free Cash Certification.

On an annual basis, a report containing the following information will be prepared by the Treasurer and distributed to the Auditor. The report will include the following information, as a minimum requirement:

A listing of the individual accounts and individual securities held at the end of the reporting period.

A listing of the short-term investment portfolio by security type and maturity to ensure compliance with the diversification and maturity guidelines established in the "Diversification" section of this Investment Policy.

A summary of the income earned by account shall be reported.

The Town Treasurer shall include in the report a brief statement of general market and economic conditions and other factors that may affect the Town's cash position.

The report should demonstrate the degree of compliance with the tenets set forth in the Investment Policy

LONG-TERM INVESTING/TRUSTS & RESERVES

The standard of prudence to be used by the Treasurer shall be the "Prudent Person" standard and shall be applied in the context of managing an overall portfolio. The Treasurer, acting in accordance with written procedures, and this investment policy, and exercising due diligence, shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided the purchases and sale of securities is carried out in accordance with the terms of this policy. Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in management of their own affairs; not for speculation but for investment considering the probable safety of their capital as well as the probable income to be derived.

The Town purchases long-term assets, such as equities, which tend to have high returns over many years but whose price volatility precludes their use by those with shorter time horizons. By keeping our long-term focus in mind at all times, we hope to weather the periodic bad times.

We expect this long term view to provide us with better results than will be earned by those who pick short term investments or who abandon ship during turbulent times. We also expect that equities will serve as a hedge against eroding trust fund values due to long term inflationary trends. We expect the stock market to provide greater total returns than the bond market does. We say this in a long term sense, knowing that both economies and markets suffer periodic (but normally brief) declines, and knowing that there have been periods when cash and bonds outperform stocks.

We expect the relationship between the economy, the stock market, and inflation that has been in existence for the past 40 years to continue. We expect the American economy to show modest real growth over full business cycles, after allowance for occasional recessions. We expect stock prices to grow slightly faster than inflation, although the naturally volatile nature of the stock market will make such growth invisible except when observed over longer periods of time. We expect cash dividends from stocks also to grow slightly faster than inflation, and to fluctuate much less than stock prices do.

We expect continued inflation. Its timing and severity we cannot predict, but we believe it will be of sufficient magnitude that to ignore it would threaten our ability to meet our long-term objectives.

Our definition of risk is not always the common one. Most investors define investment risk in terms of the volatility of short-term total returns. This definition is appropriate for funds with a very short-term time horizon, but inappropriate for perpetual funds such as Trust Funds and/or Stabilization Funds, and Scholarship Funds. Our managed funds bear three potential kinds of risk. One comes from any mismatch between the natural cash flows out of the Trusts (the amount requisitioned from the Trusts) and the cash flows coming in (from dividends and interest). A second source of risk is the possibility that the assets in the funds do not perform the way the investment manager(s) or we expect them to. The third form of risk is that of reacting inappropriately at a volatile period, most likely after a severe market decline. We hope to minimize these risks to as great a degree as is possible without harming Town Funds long-term objectives. Given our intention of not spending principal, we define its risk in terms of threats to its income stream. Market value fluctuations are of secondary importance unless individual assets have permanently impaired values and must be liquidated to preserve remaining value.

STRATEGY

The contracted Investment Manager(s)/Consultants will utilize the following investment guidelines in terms of asset allocation. This policy is subject to review and amendment at any time.

The Investment Manager(s) may use separately managed accounts, co-mingled trusts, index funds/ETFs/IShares and mutual funds, as appropriate, with the approval of the Town Treasurer.

Rating agency inquiries should be utilized on a regular basis. 0-10% cash and cash equivalents. Cash will be maintained to provide periodic cash distributions. Cash will not normally be held as a strategic investment asset, although the Investment Manager may seek to allow cash to build to the maximum level in times of market uncertainty.

50-75% Fixed Income. To ensure appropriate diversification and minimize sector risk, investing primarily in high-quality taxable bonds, notes, and other credits. The goal is to provide returns competitive with, and price volatility similar to, Bond Index Funds.

15-30% Equities

5 -10% International Equity

Adequate diversification and risk controls must be maintained within each sub-category. An appropriate benchmark for the overall asset class of equities, as well as each sub-strategy, will be determined and agreed upon between the Town Treasurer and the Investment Manager(s).

PERFORMANCE MEASUREMENT & EVALUATION

The Funds performance will be measured by comparison with their stated objectives in comparison to their respective benchmarks.

To monitor the intermediate term performance of the Funds, the Treasurer will compare the investment manager's results to a blended benchmark, in aggregate and in specific allocation to be determined in conjunction with the Investment Manager(s)/Consultants.

Rebalancing of the portfolios should happen at least semi- annually, if appropriate, and approved by the Treasurer.

It is expected that the performance returns of the Trust Funds, and any sub-strategy, will outperform their respective benchmarks, net of fees, on a long-term (business cycle) basis.

SUPERVISION

(1) The Treasurer will meet with the investment manager(s) as frequently as semi-annually to monitor the performance of the funds and the investment manager(s) compliance with these guidelines. The Treasurer will receive and review portfolio management reports quarterly.

(2) The Treasurer will review this Investment Policy Statement at least once a year to ensure that it remains appropriate and complete. (3) The Treasurer has the option to put the management of funds out for bid periodically, and shall consider such option not less frequently than every five years, through a request for information, request for proposal, or similar process as required by law or Town policy. The Town Treasurer, in exercising said option, shall issue either a Request for Information and/or Request for Proposal to include one or all of: an Investment Consultant, an Investment Manager, and an Institutional Custodian.

APPENDIX C
M.G.L. CHAPTER 180A. MANAGEMENT OF INSTITUTIONAL FUNDS

Chapter 180A: Section 1. Definitions

Section 1. The following words as used in this chapter shall have the following meanings, unless a different meaning is clearly apparent from the language or context:—

- (1) “Institution”, an incorporated or unincorporated organization organized and operated exclusively for educational, religious, charitable, or other eleemosynary purposes, or a governmental organization to the extent that it holds funds exclusively for any of these purposes;
- (2) “Institutional fund”, a fund held by an institution for its exclusive use, benefit, or purposes, but does not include (i) a fund held for an institution by a trustee that is not an institution or (ii) a fund in which a beneficiary that is not an institution has an interest, other than possible rights that could arise upon violation or failure of the purposes of the fund;
- (3) “Endowment fund”, an institutional fund, or any part thereof, not wholly expendable by the institution on a current basis under the terms of the applicable gift instrument;
- (4) “Governing board”, the body responsible for the management of an institution or of an institutional fund;
- (5) “Historic dollar value”, the aggregate fair value in dollars of (i) an endowment fund at the time it became an endowment fund, (ii) each subsequent donation to the fund at the time it is made, and (iii) each accumulation made pursuant to a direction in the applicable gift instrument at the time the accumulation is added to the fund. The determination of historic dollar value made in good faith by the institution is conclusive.
- (6) “Gift instrument”, a will, deed, grant, conveyance, agreement, memorandum, writing, or other governing document, including the terms of any institutional solicitations from which an institutional fund resulted, under which property is transferred to or held by an institution as an institutional fund.

Chapter 180A: Section 2. Appropriations for expenditures from endowment funds authorized; presumption of imprudence

Section 2. The governing board may appropriate for expenditure for the uses and purposes for which an endowment fund is established so much of the net appreciation, realized and unrealized, in the fair value of the assets of the endowment fund over the historic dollar value of the fund as is prudent under the standard established by section eight; provided, however, the appropriation of net appreciation for expenditure in any year in an amount greater than seven per cent of the fair market value of the institution’s endowment funds, calculated on the basis of market values determined at least quarterly and averaged over a period of three or more years, shall create a rebuttable presumption of imprudence on the part of the governing board. This section does not limit the authority of the governing board to expend funds as permitted under other law, the terms of the applicable gift instrument, or the charter of the institution.

Chapter 180A: Section 3. Restrictions in gift instruments upon expenditure of net appreciation

Section 3. Section two does not apply if the applicable gift instrument indicates the donor’s intention that net appreciation shall not be expended. A restriction upon the expenditure of net appreciation may not be implied from a designation of a gift as an endowment, or from a direction or authorization in the applicable gift instrument to use only “income”, “interest”, “dividends”, or “rents, issues or profits”, or “to preserve the principal intact”, or a direction which contains other words of similar import. This rule of construction applies to gift instruments executed or in effect before or after the effective date of this section.

Chapter 180A: Section 4. Accumulation of annual net income; reserve

Section 4. The governing board may accumulate so much of the annual net income of an institutional fund as is prudent under the standard established by section eight, and may hold any or all of such accumulated income in an income reserve for subsequent expenditure for the uses and purposes for which such institutional fund is established or may add any or all of such accumulated income to the principal of such institutional fund, as is prudent under said standard. This section does not limit the authority of the governing board to accumulate income or to add the same to principal of an institutional fund as permitted under other law, the terms of the applicable gift instrument, or the charter of the institution.

Chapter 180A: Section 5. Restrictions in gift instruments against accumulation of income or addition to principal

Section 5. Section four does not apply if and to the extent that the applicable gift instrument indicates the donor's intention that income of an institutional fund shall not be accumulated or shall not be added to the principal of the fund. A restriction against accumulation or addition to principal may not be implied from a designation of a gift as an endowment fund, or from a direction or authorization in the applicable gift instrument to apply to the uses and purposes of the fund the "income", "interest", "dividends", "currently expendable income", or "rent, issues or profits", or a direction which contains other words of similar import. This rule of construction applies to gift instruments executed or in effect before or after the effective date of this section.

Chapter 180A: Section 6. Investments

Section 6. In addition to an investment otherwise authorized by law or by the applicable gift instrument, and without restriction to investments a fiduciary may make, the governing board, subject to any specific limitations set forth in the applicable gift instrument or in the applicable law other than law relating to investments by a fiduciary, may:

- (1) invest and reinvest an institutional fund in any real or personal property deemed advisable by the governing board, whether or not it produces a current return, including mortgages, stocks, bonds, debentures, and other securities of profit or non-profit corporations, shares in or obligations of associations, partnerships, or individuals, and obligations of any government or subdivision or instrumentality thereof;
- (2) retain property contributed by a donor to an institutional fund for as long as the governing board deems advisable;
- (3) include all or any part of an institutional fund in any pooled or common fund maintained by the institution; and
- (4) invest all or any part of an institutional fund in any other pooled or common fund available for investment, including shares or interests in regulated investment companies, mutual funds, common trust funds, investment partnerships, real estate investment trusts, or similar organizations in which funds are commingled and investment determinations are made by persons other than the governing board.

Chapter 180A: Section 7. Delegation of authority of board

Section 7. Except as otherwise provided by the applicable gift instrument or by applicable law relating to governmental institutions or funds, the governing board may (1) delegate to its committees, officers or employees of the institution or the fund, or agents, including investment counsel, the authority to act in place of the board in investment and reinvestment of institutional funds, (2) contract with independent investment advisors, investment counsel or managers, banks, or trust companies, so to act, and (3) authorize the payment of compensation for investment advisory or management services.

Chapter 180A: Section 8. Administration of powers of board; liability of members

Section 8. In the administration of the powers to appropriate appreciation, to accumulate income, to make and retain investments, and to delegate investment management of institutional

funds, members of a governing board shall consider long and short term needs of the institution in carrying out its educational, religious, charitable or other eleemosynary purposes, the problems peculiar to the institution, its present and anticipated financial requirements, expected total return on its investments, price level trends, and general economic conditions.

No member of the governing board shall be liable for any action taken or omitted with respect to such appropriation or accumulation or with respect to the investment of institutional funds, including endowment funds, under the authority granted in this chapter, if such member shall have discharged the duties of his position in good faith and with that degree of diligence, care and skill which prudent men would ordinarily exercise under similar circumstances in a like position.

Chapter 180A: Section 9. Release of restrictions imposed by gift instruments; limitations

Section 9. With the written consent of the donor, the governing board may release, in whole or in part, a restriction imposed by the applicable gift instrument on the use or investment of an institutional fund.

If written consent of the donor cannot be obtained by reason of his death, disability, unavailability, or impossibility of identification, the governing board may apply in the name of the institution to a court of competent jurisdiction for release of a restriction imposed by the applicable gift instrument on the use or investment of an institutional fund. The Attorney General shall be notified of the application and shall be given an opportunity to be heard. If the court finds that the restriction is obsolete, inappropriate, or impracticable, it may by order release the restriction in whole or in part. A release under this subsection may not change an endowment fund to a fund that is not an endowment fund.

A release under this section may not allow a fund to be used for purposes other than the educational, religious, charitable, or other eleemosynary purposes of the institution affected.

This section does not limit the application of the doctrine of cy pres.

Chapter 180A: Section 10. Application and construction

Section 10. This chapter shall be so applied and construed as to effectuate its general purpose to make uniform the law with respect to the subject of this chapter among those states, which enact it.

Chapter 180A: Section 11. Citation

Section 11. This chapter may be cited as the "Uniform Management of Institutional Funds Law".

APPENDIX D.

COMMISSIONERS OF TRUST FUNDS

Chapter 41: Section 46. Town treasurer; duties; bond Section 46. The town treasurer shall be the custodian of all funds and securities of such trust funds, shall invest and reinvest them and expend there from moneys as directed by the commissioners. The treasurer shall furnish a bond satisfactory to them for the faithful performance of his duties.

APPENDIX E.

Chapter 114: Section 25. Gifts or bequests for cemeteries; investment of funds; disposition of proceeds of sales of lots or burial rights

Section 25. A town in which cemetery commissioners are chosen may receive gifts or bequests for maintaining cemeteries or cemetery lots, which shall be paid into the town treasury and, with the accounts thereof, shall be kept separate from the other money and accounts of said town. The town treasurer shall invest all such funds in accordance with the stipulations, if any, accompanying them; otherwise he shall invest them as ordered by said commissioners and pay the income therefrom upon their order or with their approval. The proceeds of sales of lots or rights of burial in such cemeteries shall be paid into the town treasury and be appropriated to reimburse the town for the cost of the land, its care, improvement and embellishment, or the enlargement of the cemetery.

APPENDIX F.

PURPOSES FOR WHICH TOWNS MAY APPROPRIATE MONEY

Chapter 40: Section 5B. Stabilization funds; establishment

Section 5B. For the purpose of creating 1 or more stabilization funds, cities, towns and districts may appropriate in any year an amount not exceeding, in the aggregate, 10 per cent of the amount raised in the preceding fiscal year by taxation of real estate and tangible personal property or such larger amount as may be approved by the director of accounts. The aggregate amount in such funds at any time shall not exceed 10 per cent of the equalized valuation of the city or town as defined in section 1 of chapter 44. Any interest shall be added to and become part of the fund.

The treasurer shall be the custodian of all such funds and may deposit the proceeds in national banks or invest the proceeds by deposit in savings banks, co-operative banks or trust companies organized under the laws of the commonwealth, or invest the same in such securities as are legal for the investment of funds of savings banks under the laws of the commonwealth or in federal savings and loans associations situated in the commonwealth.

At the time of creating any such fund the city, town or district shall specify, and at any later time may alter, the purpose of the fund, which may be for any lawful purpose, including without limitation an approved school project under chapter 70B or any other purpose for which the city, town or district may lawfully borrow money. Such specification and any such alteration of purpose, and any appropriation of funds into or out of any such fund, shall be approved by two-thirds vote, except as provided in paragraph (g) of section 21C of chapter 59 for a majority referendum vote. Subject to said section 21C, in a town or district any such vote shall be taken at an annual or special town meeting, and in a city any such vote shall be taken by city council.

Chapter 40: Section 5B. Stabilization funds; establishment

Section 5B. For the purpose of creating 1 or more stabilization funds, cities, towns and districts may appropriate in any year an amount not exceeding, in the aggregate, 10 per cent of the amount raised in the preceding fiscal year by taxation of real estate and tangible personal property or such larger amount as may be approved by the director of accounts. Such specification and any such alteration of purpose, and any appropriation of funds into or out of any such fund, shall be approved by two-thirds vote, except as provided in paragraph (g) of section 21C of chapter 59 for a majority referendum vote. Subject to said section 21C, in a town or district any such vote shall be taken at an annual or special town meeting, and in a city any such vote shall be taken by city council.

APPENDIX G.

MISCELLANEOUS PROVISIONS

Chapter 44: Section 53F1/2. Enterprise funds

Section 53F1/2. Notwithstanding the provisions of section fifty-three or any other provision of law to the contrary, a city or town which accepts the provisions of this section may establish a separate account classified as an "Enterprise Fund", for a utility, health care, recreational or transportation facility, and its operation, as the city or town may designate, hereinafter referred to as the enterprise. Such account shall be maintained by the treasurer, and all receipts, revenues and funds from any source derived from all activities of the enterprise shall be deposited in such separate account. The treasurer may invest the funds in such separate account in the manner authorized by sections fifty-five and fifty-five A of chapter forty-four. Any interest earned thereon shall be credited to and become part of such separate account. The books and records of the enterprise shall be maintained in accordance with generally accepted accounting principles and in accordance with the requirements of section thirty-eight. No later than one hundred and twenty days prior to the beginning of each fiscal year, an estimate of the income for the ensuing fiscal year and a proposed line item budget of the enterprise shall be submitted to the mayor, Select Board or other executive authority of the city or town by the appropriate local entity responsible for operations of the enterprise. Said board, mayor or other executive authority shall submit its recommendation to the town meeting, town council or city council, as the case may be, which shall act upon the budget in the same manner as all other budgets.

The city or town shall include in its tax levy for the fiscal year the amount appropriated for the total expenses of the enterprise and an estimate of the income to be derived by the operations of the enterprise. If the estimated income is less than the total appropriation, the difference shall be added to the tax levy and raised by taxation. If the estimated income is more than the total appropriation, the excess shall be appropriated to a separate reserve fund and used for capital expenditures of the enterprise, subject to appropriation, or to reduce user charges if authorized by the appropriate entity responsible for operations of the enterprise. If during a fiscal year the enterprise incurs a loss, such loss shall be included in the succeeding fiscal year's budget.

If during a fiscal year the enterprise produces a surplus, such surplus shall be kept in such separate reserve fund and used for the purposes provided therefore in this section.

For the purposes of this section, acceptance in a city shall be by vote of the city council and approval of the mayor, in a town, by vote of a special or annual town meeting and in any other municipality by vote of the legislative body.

A city or town which has accepted the provisions of this section with respect to a designated enterprise may, in like manner, revoke its acceptance.

XIV. Small Cell Wireless Facility Design Rules and Regulations

These Rules and Regulations describe approved aesthetic and location criteria for Small Cell Wireless Facilities (SWF) in the Town of Andover. These requirements apply to both the SWF and accessory equipment, such as ground-mounted equipment.

XIV.1. Background

Public spaces and streetscapes enhance the quality of life for our residents and visitors, and ensures that the Town has the foundation to become a more walkable and sustainable city. It also serves as the city's civic, cultural, and physical framework of the character of Andover.

To address the growing demand for wireless technology across the United States, cellular providers propose to increase the capacity of their networks by deploying small cell infrastructure (Small Cell), a new lower-powered antenna technology, to reduce data traffic load on roof mounted equipment and larger cell towers. This new technology requires infrastructure to be installed in closer proximity to the users on the ground. Small Cell infrastructure consists of antennas and related power equipment that transmits wireless signals to improve reliable data streaming. This infrastructure will provide cellular and data coverage to smaller geographic areas. New Small Cell facilities will improve the provider's ability to meet the public's current 4G (LTE) voice and data demands and the future 5th generation cellular needs for interconnected devices to operate at high speeds to access data.

Small Cell infrastructure will affect the function and aesthetics of public spaces. Cities across the nation are beginning to address the issue of balancing the need to accommodate the increased cellular demand with their community's public space character and function. To provide the necessary coverage, each cellular provider will install infrastructure to serve their individual needs; additionally, some companies serve as an infrastructure provider installing equipment that will house infrastructure for multiple cellular providers. Like other utilities, federal law allows Small Cell infrastructure equipment in the public right-of-way. Balancing the need to accommodate increasing cellular demand while preserving public space character and function is critically important, as is the need to design and place the proposed infrastructure in an appropriate way.

XIV.2. Adoption

These Rules and regulations are intended to cover the general standards and aesthetics for the design and installation of Small Cell and similar technology.

XIV.3. Siting Prohibitions

Small Cell infrastructure is not permitted to be installed on:

- a. No small cell wireless installation shall be installed on Double Poles
- b. No small cell wireless installation shall be installed on poles which are not ADA compliant.
- c. No equipment shall be placed inconsistent with ADA regulations for passage around said infrastructure.
- d. Cabinets or other small cell infrastructure may not be placed within the travel way of the sidewalk to impede ADA accessibility. Sidewalk travel ways shall maintain a minimum of 4 feet in width to accommodate the snow clearing vehicles along the sidewalks.

- e. No small cell wireless installations shall remain within the Town right of way or on Town property which has not been certified as in use in the annual recertification affidavit.
- f. No small cell wireless installation equipment shall be replaced or altered without a re-application, hearing, and approval from the Select Board unless the equipment is no longer properly functioning, and it is being replaced with the same or substantially similar equipment.

- b. Exposed wires are not permitted.
 - 1. Corporate or company names (except for location identification purposes noted below), logos, identifying graphics or other advertisements shall not be painted, embossed, applied or displayed in any manner on the poles, equipment enclosures (boxes, cabinets, etc.), hand hole covers, or other component of the pole.
 - 2. Individual location identification information will be permitted, provided no letter, number, or graphic symbol is taller than one inch in height.
- c. Standalone Poles: The height of any standalone pole including its antenna(e) shall not exceed 32 feet or no more than 10 percent taller than other adjacent poles, whichever is greater.

- c. All antenna enclosures shall either be mounted to the top of the wireless support structure pole and aligned with the centerline of the wireless support structure, or mounted to the side of the wireless support structure such that the vertical centerline of the antenna enclosure shall be parallel with the wireless support structure with the height of the side mounted antenna being at a location on the wireless support structure noted in the application and approved by the Town, but at least 10 feet above ground level at its lowest point.
- d. Tree “topping” or the improper pruning of trees is prohibited. Any proposed pruning or removal of trees, shrubs or other landscaping already existing in the Right of Way must be noted in the application and must be approved by the Town Tree Warden.

5.1 Cables and Wires

All cables, wires and connectors related to the small wireless facility must be fully concealed on the wireless support structure and shall match the color of the wireless support structure. There shall be no external cables and wires related to the small wireless facility hanging off or otherwise exposed on the wireless support structure.

5.2 Colors

All colors shall match the background of any wireless support structure that the facilities are located upon, including equipment cabinets. Notwithstanding the foregoing, in the case of existing wood utility poles, finishes of conduit shall be zinc, aluminum or stainless steel, or colored to match those metal finishes, and equipment cabinets shall be the color of brushed aluminum.

5.3 Equipment Enclosures / Concealment

- a. Equipment enclosures, including electric meters, shall be as small as possible, but in no event larger than 28 cubic feet in volume. Ground-mounted equipment shall incorporate concealment elements into the proposed design matching color and materials of the wireless support structure, unless other materials or colors are approved by the Town. Concealment may include, but shall not be limited to, landscaping, strategic placement in less obtrusive locations and placement within existing or replacement street furniture.
- b. Radio equipment shall be fully enclosed within an equipment cabinet or concealed within the antenna shroud enclosure matching the color and materials of the wireless support structure, unless other materials or colors are approved by the Town.
- c. Landscaping concealing equipment enclosures shall be planted in such quantity and size such that 100% screening is achieved within two years of installation.

XIV.6. Signage/Logos/Lights/Decals/Cooling Fans

- a. Signage: The small wireless facility permittee shall post its name, location identifying information, and emergency telephone number in an area on the cabinet of the small wireless facility that is visible to the public. Signage required under this section shall not exceed 4 inches by 6 inches, unless otherwise required by law (e.g. radio-frequency (RF) ground notification signs) or the Town. If no cabinet exists, the signage shall be placed at the base of the pole.
- b. Lights: New small wireless facilities and wireless support structures shall not be illuminated, except in accord with state or federal regulations, or unless illumination is integral to the camouflaging strategy such as design intended to look like a street light pole.
- c. Logos/Decals: The small wireless facility operator/permittee shall remove or paint over unnecessary equipment manufacturer decals. The color shall match or shall be as approved by the Building Inspector. Small wireless facilities and wireless support structures shall not include advertisements and may only display information required by a federal, state, or local agency. The small wireless facility operator/permittee shall utilize the smallest and lowest visibility RF warning sticker required by government or electric utility regulations. Placement of the RF sticker shall be as close to the antenna as possible.
- d. Cooling Fans: In residential areas, the small wireless facility operator/permittee shall use a passive cooling system. In the event that a fan is needed, the small wireless facility operator/permittee shall use a cooling fan with a low noise profile.

XIV.7. Location Requirements

7.1 Most Preferable Locations

The following are the most preferred areas for new small wireless facilities in the order of preference (1 being most preferable):

1. *Industrial Districts* if not adjacent to a park, residential district or historic district.
2. *Public Rights of Way* areas if not adjacent to a park, residential district.

7.2 Collocation Preference

It is the Town's strong preference that whenever an applicant proposes to place a new small wireless facility that the applicant collocate the same on existing wireless support structures.

7.3 Least Preferable Location

The following are the least preferred areas for new small wireless facilities in the order of preference (2 being least preferable).

1. *Residential Districts*
2. *Parks*

7.4 Consideration of Alternate Locations

The Town reserves the right to propose an alternate location for a small wireless facility and/or wireless support structure to the location proposed in the application within one hundred feet of the proposed location or within a distance that is equivalent to the width of the Right of Way or structure in or on which the small wireless facility and/or wireless support structure is proposed, whichever is greater, which the operator shall use if it has the right to use the alternate location on reasonable terms and conditions and the alternate location does not impose technical limits or additional costs.

7.5 General limits: Adherence to Other Applicable Standards

If a streetscape is redesigned in the future, including, but not limited to the location and type of streetlights, small cell providers will be required to remove their infrastructure at their own cost and apply to reinstall small cell infrastructure in accordance with these guidelines and the new streetscape.

7.6 Guidelines on Placement

The Town desires to promote cleanly organized and streamlined facilities using the smallest and least intrusive means available to provide wireless services to the community. Generally, a small wireless facility and/or wireless support structure shall match and be consistent with the materials and finish of the wireless support structure, adjacent poles and structures, and of the surrounding area adjacent to their location.

The following additional guidelines on placement shall apply:

- a. Small wireless facilities and wireless support structures shall be located no closer than 150 feet away, radially, from another small wireless facility and wireless support structure.
- b. A combination wireless support structure and streetlight pole should only be located where an existing pole can be removed and replaced, or at a new location where it has been identified that a streetlight is necessary.

- c. Small wireless facilities and wireless support structures shall be located in a manner that does not impede, obstruct, or hinder usual public pedestrian or vehicular travel or public safety on a Right of Way.
- d. Small wireless facilities and wireless support structures shall be located in a manner that does not obstruct the legal use of a Right of Way by a utility provider.
- e. Small wireless facilities and wireless support structures shall be located in a manner that does not violate or conflict with the zoning and general bylaws, applicable law and regulations, or this policy.
- f. Small wireless facilities and wireless support structures shall be located in a manner that does not violate the federal Americans with Disabilities Act.
- g. Small wireless facilities and wireless support structures shall be located in a manner that does not negatively impact the structural integrity of the associated wireless support structure.
- h. Small wireless facilities and wireless support structures shall be located in alignment with existing trees, utility poles, streetlights, and buildings.
- i. Small wireless facilities and wireless support structures shall be located equidistant between trees when possible, with a minimum of 15 feet separation such that no proposed disturbance shall occur within the critical root zone of any tree.
- j. Small wireless facilities and wireless support structures shall be located with appropriate clearance from existing utilities.
- k. Small wireless facilities and wireless support structures shall be located so as not to be located along the frontage of any building deemed to be of historic significance on a federal, state, or local level.
- l. Small wireless facilities and wireless support structures shall be located not within sight triangles at street intersections.
- m. New wireless support structures shall not be located directly in front of any existing residential, commercial or industrial structure.

To the greatest extent possible, new wireless support structures shall be located in line with existing lot lines or an equidistance from any two existing structures. In areas of the Town where multiple structures abut each other and/or where no side lot setback requirements exist, new wireless support structures shall not be located directly in front of an entrance or window of any existing structure.

XIV.8. Pedestrian Path and Amenity Zone

- a. The sidewalk area of public space is typically delineated into the pedestrian path and the amenity zone. The amenity zone is located between the pedestrian path and the roadway and provides access between the two as well as the area for street trees, streetlights and traffic signals, and other functional elements. It is critical that all pedestrian paths are clear to facilitate safe and optimal access and circulation along sidewalks.
- b. Standalone poles shall not be located in the clear pedestrian path
- c. Standalone poles shall be aligned with existing streetlights, third party poles, and street trees as applicable in order to maintain a visual and physical organization of structures within the right-of-way, as measured from the center of the base of the pole. When streetlight and street tree alignment are offset within the amenity or curbside zones, prioritize alignment of the small cell facility with streetlights.
- d. All measurements shall be taken from the outer edge of the standalone pole and the infrastructure listed in the following specific limits/prohibitions.
- e. Standalone poles must be placed a minimum of six feet (6') from existing fire hydrants or buildings' fire connections.

- f. Standalone poles shall be located a minimum of 10 feet (10') from light poles and traffic signal poles.
- g. Standalone poles shall be located a minimum of 3 feet (3') from bicycle racks and shall not impede the attachment of bicycles.
- h. Standalone poles shall be placed a minimum of ten feet (10') from any above grade building face, including bay windows, show windows and building projections or overhangs.
- i. Poles should be located, to the maximum extent possible, to minimize impact on businesses and residential mixed-use development by avoiding placement directly in front of building entrances, alignment with windows, primary entry walks, or delivery zones or entrances.

XIV.9. Access, Circulation and Sight Distances

- a. Safe and functional access, circulation, and clear sight lines are important for pedestrian ease of movement and to maintain unobstructed line of sight among drivers, pedestrians, bicyclists.
- b. Standalone poles shall not obstruct ADA access, including maintaining a clear landing at the top of curb ramps at crosswalks.
- c. Pole placement shall not impede, obstruct, violate, conflict with, or hinder any mode of travel over or access to any public street, bridge, tunnel, highway, lane, path, alley, sidewalk, or driveway, including but not limited to the obstruction of sight lines.
- d. Poles shall be placed consistent with the most current Manual on Uniform Traffic Control Devices and adopted District standards for maintenance of an intersection's sight line triangles.
- e. A minimum of fifteen feet (15') shall be maintained between the pole and the outside edge of the alley or driveway.

XIV.10. Other Required Submission Information

- a. A composite map of all the desired locations of the small cell providers to understand the total need for facilities and the areas of highest demand within the study area.
- b. An understanding as to why there is no requirement for multiple providers to share infrastructure (hoteling) and whether this could occur if the number of allowable poles were reduced.

XIV.11. Limitations

While the Town fully intends to apply the guidelines established in this policy uniformly to all small wireless facility applications, there may be circumstances where not every specific guideline may be met. In these cases, Town staff will use its reasonable discretion in approving small wireless facilities permit applications that deviate from the strict application of this policy.

XIV.12. Effective Date of Policy

This Policy will be effective as of the 11th of April, 2019. Modifications of the Design Rules and Regulations may be modified from time to time by the Andover Select Board.

XV.1. Town of Andover Safety Policy

It is the policy of the Town of Andover that every employee is entitled to work under the safest possible conditions in the many occupations that we represent. To this end, every reasonable effort will be made to provide and maintain a safe and healthy workplace, safe equipment, proper materials and to establish and require safe work practices at all times.

Accidents that injure people, damage machinery or equipment, and destroy materials or property cause needless suffering, inconvenience and expense.

Our Executive Safety Committee Advisor is Elaine Shola. She will be personally involved in seeing to it that all department heads and supervisory personnel carry out their delegated responsibilities in the area of employee safety.

The Executive Safety Committee will maintain an active role in promoting employee safety. All accidents must be reported immediately. All accidents/claims will be thoroughly investigated using the "Supervisor's Report of Accident" forms. The investigation should be conducted by the most immediate available supervisor of the injured worker. The responsibility of Department heads will be to make sure that the accident investigations are complete and that emphasis is placed on finding ways to prevent future injuries through this effort.

It is the basic responsibility of each employee to make safety a part of his/her daily concern. You are obligated to observe the rules of conduct and safety, and to properly use any safety equipment provided.

Employees are our most important assets. Your safety is our greatest responsibility. We appreciate your full cooperation in making this policy effective.

XV.2. Non-Discrimination on the Basis of Disability Policy and Procedures

Statement of Commitment
ADA Policy

The Town of Andover including the Andover Public Schools does not discriminate on the basis of disability in any employment-related areas, nor in the admission or access to its services, programs, or activities. It is Town's policy that no individuals, solely by reason of their disability, be excluded from the opportunity to participate in, or reap the benefits of, programs and services offered by the Town of Andover. Qualified individuals with disabilities will be afforded equal opportunity to participate as members of planning or advisory boards, commissions, or any other entity of local government.

To assure the provision of the above, the Town of Andover has appointed an Americans with Disabilities Act Coordinator and an ADA Action Committee, composed from representatives of the Department of Human Resources, the Andover Public Schools, and the Department of Plant and Facilities. Its role is to oversee the Town of Andover's implementation and adherence to the Americans with Disabilities Act. The ADA Coordinator will conduct periodic reviews of both the Town's written policies and actual operating practices. The Town of Andover will strive to provide appropriate services, accessible programs, and the placement of disabled people in its workforce.

Reginald S. Stapczynski, Town Manager

Date

Claudia L. Bach, Superintendent of Schools

Date

Americans with Disabilities Act (ADA) Coordinator

The Director of Human Resources of the Town of Andover is the appointed official serving as the Coordinator of Americans with Disabilities Act (ADA) issues. The coordinator has the authority and knowledge to implement this policy and the regulations effectively. **See Resource List.**

The Coordinator's role is to:

- Plan and coordinate the Town's overall compliance efforts;
- Receive and investigate complaints concerning issues related to the ADA, access to programs and services, or employment practices;
- Provide technical guidance to Department Heads or identify experts or agencies that able to do so;
- Provide information and awareness training to supervisors and employees;
- Working with the ADA Action Committee to ensure efforts are made to comply with the act;

Disability Commission

The Andover Disability Commission consists of seven (7) members appointed and approved by the governing body of the Town of Andover. The majority of the members, as required by law, are disabled, although one may be a family member of a disabled person. One of the members of the Commission is an elected or appointed official of the town. **See Resource List.**

Primarily the Commission works to ensure that programs and activities are effectively designed to integrate people with disabilities into the community, however the specific activities of the Commission depend on the needs of the disabled community.

The Disability Commission will hold at least six (6) meetings each year and maintain records maintained of such meetings. An annual report must be filed with the Town Manager by December 31.

ADA Grievance Procedure

This grievance procedure has been established to provide prompt and equitable resolution at the local level to complaints arising under the requirements of this policy and the Americans with Disabilities Act. This procedure refers to complaints and grievances on the part of employees, students, citizens, and members of the public alleging discrimination on the basis of disability.

The complainant is urged to follow these guidelines when notifying the Town of the alleged violation.

Step 1: A complainant may file the complaint orally to a town or school official, but is encouraged to file the complaint in writing. The complaint should contain the name and address of the complainant and should provide as much detail as possible concerning the alleged violation and the remedy the complainant is seeking. Complainants are encouraged to file their complaint as soon as possible but in any case, no later than sixty (60) calendar days after the violation is said to have occurred.

Complaints filed within the Andover Public Schools or Town government may be filed with a school administrator or town official. These officials must, in turn, notify the ADA Coordinator within 48 hours of the complaint.

Step 2: Within fifteen (15) calendar days after receipt of a complaint, the ADA Coordinator will conduct an investigation of the complaint, including holding a meeting with the complainant.

Within fifteen (15) days after the investigation is complete, the ADA Coordinator will issue a written disposition of the complaint. The ADA Coordinator will include the Town's position and offer, if possible, options for resolution of the complaint.

Step 3: If the complainant is not satisfied with the response, he/she may appeal the decision within fifteen (15) days to the Town Manager or the Superintendent of Schools. Within fifteen (15) calendar days of receipt of appeal, the Town Manager or the Superintendent of Schools will convene the ADA Action Committee and reconsider the merits of the case. The Town Manager or the Superintendent of Schools will be responsible for notifying the complainant of the disposition of the appeal within fifteen (15) calendar days from the date of the meeting.

Records will be maintained in the office of the ADA Coordinator of all complaints and grievances for a minimum of three years.

Individuals always have the legal right to file a complaint independent of this process with the Equal Employment Opportunity Commission, the Massachusetts Commission Against Discrimination, or any other agency they choose. **See Resource List for information and a sample complaint form.**

Communications

Effective communications of the provisions of this policy and all other information intended for public dissemination is one of the formal requirements of the Americans with Disabilities Act. In that some people of the community have seeing, hearing, or speaking impairments, it becomes

the responsibility of the sponsoring authority to take whatever measures are necessary to make the relevant information accessible.

To accomplish this requirement, the following steps have been taken:

- a. **Assistive Listening Devices:** The Town has purchased portable assistive listening devices, and upon request, they are available for public meetings. For more information, please contact the ADA Coordinator.
- b. **Alternate Formats:** Alternate formats including large format, audio or videotape, or computer disk can be made available upon request. Such requests should be made within a reasonable time of afford compliance.
All notices announcing public meetings will include information about how attendees can request special accommodations to compensate for their disability. Such inquiries should be made to the ADA Coordinator.
- c. **TV Captioning:** Television captioning for locally originated programming is available.
- d. **Teletype (TTY):** communications including relay operation are available in the Elder Services and Human Resources Departments and the Andover Police Department.

Reasonable Accommodation Policy

Reasonable accommodation is a modification or an adjustment to a job, the work environment or facility, that enables a properly qualified individual with a disability to perform essential job functions or benefit from programs or facilities made available to the public.

Upon request, effort will be made to make reasonable accommodations to the physical and/or mental limitations of a person with a disability, unless it can be demonstrated that such an accommodation would impose an undue financial hardship or fundamentally alter the nature of a program. It is the policy of the Town of Andover that the decision about undue financial and administrative burdens will be made by the ADA Coordinator, in consultation with the ADA Action Committee.

Integrated Services Assurance

A key element of this policy is to ensure that services of all types be provided in the most integrated settings appropriate. Although it is permissible to conduct separate programs, these should not substitute for access to integrated programs and it is important that people with disabilities not be required to participate in separate programs when reasonable accommodations can be made.

Training Assurance Regarding Non-discriminatory Practices

It is the policy of the Town of Andover that staff training and development activities include, on a regular basis, information about ADA requirements and that these programs operate in such a manner that does not discriminate against people with disabilities. Such programs should include a full explanation of ADA policies, procedures, and practices.

Significant Assistance Assurance

Programs for which the town provides significant financial support will not discriminate against people with disabilities.

Assurance Regarding Surcharges

The Town of Andover will not impose surcharges on people with disabilities for the provision of program modifications, access improvements, or communications aids.

Transportation

All contracted transportation services provided by the Town to transport seniors, school children, the Andover Youth Council, or other participants in special programs, will attempt to provide to accommodations for people with disabilities.

Individuals needing accessible transportation should make their requests for such accommodations within a reasonable period of time in advance of a program or event. Should the Town not be able to provide accommodation, reasonable notice will be given.

Emergency Services

At this time, the Andover Police and Fire Department Offices have limited accessibility. Modifications to the existing facility or a new headquarters building are being considered. To compensate for this, reasonable accommodations have been made whereby a member of the Fire Department maintains a desk in the Community Development Office, which is accessible Monday through Friday from 8:30 A.M. to 10:30 A.M. for issuing permits and for conducting other routine business.

Members of both the Police and Fire Departments are thoroughly trained to deal with the special problems that may arise when conducting routine or emergency duties with members of the disabled community. A Teletype (TTY) telephone instrument is located at the police duty desk and is manned continuously. This instrument enables people with speech or hearing disabilities, using TTY instruments from their location, to communicate routine or emergency information to the town authorities.

A second TTY is located at the police duty desk which is solely for the purpose of receiving "enhanced 911" emergency calls. Any member of the community may register via the telephone company (Bell Atlantic) to have this service made available to them. Calls coming in to the station, from regular or TTY instruments, via this line immediately display pertinent information about the caller. Application forms for subscribing to this service are made available through the Andover Police Department. **See Resource List.**

Purchasing

All contractors, prospective contractors, sub-contractors, vendors, and suppliers will be notified in writing that, by law, while performing the work of their contract, they must not discriminate against any worker, employee, applicant for employment, or participant in the contracted program, on the basis of sex and sexual preference, race, age, religious preference, color, national origin, or disability.

Contracted providers of programs are required to provide equally effective opportunities for individuals with disabilities to participate in and benefit from the services and programs supported by public funds.

Human Resources

Employment/Pre-employment Criteria Policy

The Town of Andover, including the Andover Public Schools, recognizes that a very important element of the Americans with Disabilities Act pertains to the employer/employee relationship. The law prohibits employers from discriminating against a qualified person with a disability in all employment-related activities such as recruitment, hiring, promotion, demotion, layoff and recall, compensation, job assignments, job classification, benefits, training, and employer-sponsored activities including recreational or social programs. The Town of Andover strives to uphold and enforce these regulations and affirms that it shall offer the same employment rights and opportunities to all qualified applicants and employees.

The Town of Andover shall not use any pre-employment tests or other selection criteria that screens out, or tends to screen out, individuals with disabilities. To this end, all pre-employment inquiries will be restricted to an assessment of whether or not an individual is capable, with or without reasonable accommodation, to perform the essential functions of a job. Job descriptions are periodically reviewed to carefully delineate the essential duties from those which are marginal.

A qualified applicant is one who, with or without reasonable accommodation, can accomplish the principal objectives or essential functions of a job. A reasonable accommodation is an adjustment to a job (or the way a job is done), an employment practice, or work environment that makes it possible for an individual with a disability to perform the essential functions of the position and to enjoy on equal terms, conditions and benefits of employment.

Such modifications may include: making job facilities accessible and equally usable to all; modifying work schedules and when and how an essential function of a job is performed; obtaining, and modifying adaptive job equipment or devices; reassigning non-essential job functions; modifying methods of supervision or evaluation; modifying tests, examinations, selection devices, and/or the manner in which the same are administered; allowing time off for medical reasons; and reassignment or transfer to a vacant position.

In assessing a candidate for employment, promotion, or transfer, the Town of Andover will not inquire about a candidate's disability or need for a reasonable accommodation, nor ask a third party, such as a former supervisor for any information about an applicant's disability. This principle applies to any question about the following subjects: treatment for medical conditions or diseases; questions concerning hospitalizations; questions about treatment by a psychologist or psychiatrist for a mental condition; information about any major illness; questions concerning absences from work due to illness; and any questions concerning an individual's health history or worker's compensation experience.

The Town may ask an applicant about the ability to perform specific job functions. Inquiry may also be made concerning non-medical qualifications and skills such as education, work history or required licenses. All pre-employment inquiries will focus on an applicant's ability to do the job. Inquiries may include asking an applicant to describe or demonstrate how they would perform certain tasks, with or without accommodation, provided **all** applicants (except for applicants with visible or known disabilities) in the same job category are also asked the same questions. For example, if the job requires heavy lifting, the Town may ask **all** applicants to demonstrate how they would lift the weight. If an applicant needs a reasonable accommodation

to do the demonstration, the Town will either provide the accommodation or ask the applicant to describe how the task would be performed.

Hiring managers should note that it is permissible for employers to ask whether an applicant can meet the attendance requirements for the job and about the applicant's attendance at a former job. However, managers cannot ask how often an applicant was absent from a former job due to illness, as that question is likely to elicit disability-related information. The Town of Andover shall not make any pre-employment inquiry or conduct a pre-employment medical examination of an applicant to determine whether the applicant has a disability or the nature or the severity of a disability. Upon making an offer of employment, certain categories of workers are routinely asked to submit to a pre-employment physical to determine specifically if they are able to perform the certain job-related functions of their position, with or without, reasonable accommodations.

The Town of Andover contracts with an occupational health service to assess a candidate's ability to perform the job and/or an employee's fitness to return to duty. The occupational health service is knowledgeable about the requirements of Town positions and is able to make sound medical assessments and suggest possible accommodations. Medical examination information is confidential and is not maintained as part of an employee's personnel file.

Reasonable Accommodation in Employment Policy

It is the policy of the Town of Andover that reasonable accommodation be made for any qualified applicant or employee with a disability, unless it can demonstrate that the suggested accommodation would impose an undue financial or administrative hardship on the Town. Job applicants or employees should request reasonable accommodation through their immediate supervisor. This request must be forwarded to the ADA Coordinator, who in conjunction with the ADA Action Committee, will render a decision within 10 working days. If it is decided that the accommodation be denied in that it would place an undue financial or administrative burden on the Town, the aggrieved party may appeal the decision through the grievance process.

In determining the type of reasonable accommodation required for an applicant or employee, the Town need not provide the best accommodation available or the accommodation specifically requested by the individual with the disability. Rather, the Town will provide an accommodation, at its own expense, that it deems effective for the purpose. **See Resource List.**

Community Development and Planning Division

It is the responsibility of the Community Development and Planning Division to be fully aware of the requirements of state and federal laws in regard to accessibility to public buildings and properties. Architectural situations which might become barriers to disabled users of a facility have been identified and efforts are on-going to bring Town and School buildings into compliance. The Town's accessibility audit and Transition plan are available upon request to the ADA Coordinator. **See Resource List.**

Social Services - Community Services, Youth Services, Elder Services, Veteran Affairs.

The Town of Andover provides a wide range of citizen services through the departments of Community Services, Youth Services, Elder Services, and Veteran Affairs. These services are available to all who choose to participate for the purposes of adult and youth support, entertainment and enrichment. Although every reasonable accommodation will be made to address the issues of people with disabilities, the nature of some of these programs may be

limited for participants in regard to their physical agility and mental ability. The Program Directors, for reasons primarily of safety, will screen and advise registrants accordingly. Efforts will be made when developing programs, including those whom require transportation, to follow the goals and guidance of this policy to ensure maximum opportunity and integration of persons with limited physical or mental health.

A teletype (TTY) telephone is located in the office of Elder Services for the benefit of persons with speaking or hearing difficulties. **See Resource List.**

Housing

The Town of Andover Fair Housing Plan, established in 1983, was developed to facilitate the coordination of factors that affect housing and equal access to housing. Although the Town of Andover Housing Authority is not under the direct control of officials of Andover, the residents of these housing units share full entitlement to the benefits of this policy and other policies relevant to equal opportunity and nondiscrimination. **See Resource List.**

Accessibility Audit and Transition Plan

An audit was conducted to identify architectural and communication barriers throughout all municipal facilities including public school buildings. As a result of this survey, the Town developed a long-term strategic plan to correct, over time, many of the identified barriers. A copy of the Town's Access Survey and Transition Plan is available upon request to the ADA Coordinator.

XV.3 Sexual Harassment in the Workplace

I. PURPOSE

This memorandum establishes the policy of the Town of Andover regarding sexual harassment in the workplace by managers, supervisors, employees, members of the public who use Town facilities, vendors and contractors. This memorandum also describes examples of conduct that may constitute unlawful sexual harassment and sets forth a complaint procedure to be followed by persons who believe that they are victims of unlawful sexual harassment.

II. POLICY

The Town of Andover fully supports the right of all persons to hold employment in, or enjoy access to, our facilities in an atmosphere which promotes equal opportunities and prohibits discriminatory practices, including sexual harassment. It is the Town's policy to maintain an environment that is free of sexual harassment. Sexual harassment by managers, supervisors, employees, members of the public who use Town facilities, vendors and contractors is unlawful and unacceptable and will not be tolerated. Further, any retaliation against an individual complaining of sexual harassment or cooperating with the investigation of sexual harassment is similarly unlawful and also will not be tolerated.

We view allegations and concerns about sexual harassment very seriously, and we will respond quickly and decisively to instances when complaints of sexual harassment are brought to our attention.

Where it has been demonstrated to our satisfaction that such harassment has occurred, we will promptly deal with and eliminate any harassment and/or other unlawful conduct. We will impose such corrective action as is necessary up to and including termination.

Please note that while this policy sets forth our goals of promoting a workplace that is free of sexual harassment, it should not be construed as preventing, limiting, or delaying the Town of Andover from taking disciplinary action against any individual up to and including termination, in circumstances where the Town of Andover deems disciplinary action appropriate regardless of whether such conduct satisfies the definition of sexual harassment.

III. DEFINITION OF SEXUAL HARASSMENT

A. The legal definition of sexual harassment:

Sexual harassment is a form of sex discrimination that is illegal under both Title VII of the Civil Rights Act of 1964 and G.L. c. 151B. These laws provide that unwelcome sexual advances, requests for sexual favors, and other physical or verbal conduct of a sexual nature constitute sexual harassment when:

- submission to or rejection of such advances, requests or conduct is made whether explicitly or implicitly a term or condition of an individual's employment or a basis for employment decisions affecting the individual; or

- such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, humiliating or sexually offensive work environment.

These definitions are broad and include any sexually oriented conduct, whether it is intended to harass or not, that is unwelcome and has the effect of creating a workplace environment that is hostile, offensive, intimidating or humiliating to either male or female workers.

B. Examples of conduct that can constitute unlawful sexual harassment:

Sexual harassment does not refer to behavior or occasional compliments of a socially acceptable nature. It refers to behavior that is not welcome, that is personally offensive and that fails to respect the rights of others. Sexual harassment occurs in a variety of situations which share a common element: the inappropriate introduction of sexual activities or comments into the work environment.

Sexual harassment often involves relationships of unequal power. Such situations may contain elements of coercion, such as when compliance with requests for sexual favors becomes a criterion for granting privileges or favorable treatment on the job. However, sexual harassment may also involve relationships among "equals," such as when repeated advances or demeaning verbal comments by a co-worker towards another co-worker have a harmful effect on a person's ability to perform his or her work. Sexual harassment can also involve employee behavior directed at non-employees or non-employee behavior directed at employees.

Examples of sexual harassment include, but are not limited to:

- repeated, unwanted sexual flirtations, advances, or propositions;
- continued or repeated verbal abuse or innuendo of a sexual nature;
- uninvited physical contact such as touching, hugging, patting, brushing or pinching;
- verbal comments of a sexual nature about an individual's body or sexual terms used to describe an individual;
- display of sexually suggestive objects, pictures, posters or cartoons;
- continued or repeated jokes, language, epithets, or remarks of a sexual nature in front of people who find them offensive;
- comments or inquiries about a person's body or sexual activity, deficiencies, or prowess;
- prolonged staring or leering at a person;
- making obscene gestures or suggestive or insulting sounds, such as whistling;

- the demand for sexual favors accompanied by an implied or overt threat concerning an individual's employment status or promises of preferential treatment, such as favorable performance reviews, salary increases, promotions, increased benefits, or continued employment;
- indecent exposure;
- assault or coerced sexual acts.

This behavior is unacceptable in the workplace itself and in other work-related settings such as work-related social events and travel.

C. Dispelling common myths about harassers and victims:

Contrary to popular belief, sexual harassment is not limited to prohibited behavior by a male employee toward a female employee or by a supervisory employee toward a non-

supervisory employee. Sexual harassment can be found in any of the following less “traditional” situations:

1. A man as well as a woman may be the victim of sexual harassment, and a woman as well as a man may be the harasser.
2. The harasser does not have to be the victim’s supervisor. He or she may be a supervisory employee who does not directly supervise the victim, a co-worker, or in some circumstances, a non-employee such as a member of the public who uses Town facilities.
3. The victim does not have to be the opposite sex of the harasser.
4. The victim does not have to be the person at whom the unwelcome sexual conduct is directed; the victim may be someone who is affected by such conduct even though it is directed at another person. For example, the sexual harassment of one employee may create an intimidating, hostile, humiliating or offensive work environment for a coworker, or may interfere with the coworker’s work performance. In addition, consensual sexual behavior in the office between two employees may be offensive to a third employee or result in favoritism that harms the third employee.
5. Sexual harassment does not depend on the victim’s suffering an economic injury, such as losing a promotion, as a result of the harasser’s conduct. As the examples of improper conduct listed above show, sexual harassment can occur whenever unwelcome conduct of a sexual nature creates an intimidating, hostile, humiliating or offensive work environment.

IV. EMPLOYEE RESPONSIBILITIES

Each employee of the Town of Andover is personally responsible for ensuring that his or her conduct does not sexually harass any other employee or non-employee in the workplace. Each employee is responsible for cooperating in any investigation of alleged sexual harassment if requested to do so by the person conducting the investigation.

V. SUPERVISOR AND MANAGER RESPONSIBILITIES

It is the responsibility of each supervisor and manager to strictly enforce the terms of this policy. Supervisors, managers, or department heads who become aware of incidents of sexual harassment in their departments, even in the absence of a formal complaint, should take appropriate actions to eliminate the conduct. Supervisors and managers may seek further information and guidance from the Personnel Department

VI. WAYS OF DEALING WITH SEXUAL HARASSMENT

A. Self-help

If an individual believes that he or she is being sexually harassed, the most immediate goal is to stop the offensive conduct. Individuals should:

- Promptly and firmly confront whomever is doing the harassing.
- State that his/her conduct offends, intimidates, and/or embarrasses you.
- Describe how the harassment negatively effects your work.
- Request that he or she stop the conduct immediately.
- Say things like: “Please don’t touch me. I don’t like it. It makes me uncomfortable”;

“I don’t think jokes like that are funny. Please don’t tell them when I am in the room”; “I’d like it a lot better if you’d comment on the quality of my work rather than on the way I look”; “My name is _____, not ‘honey’.”

If practical, bring a witness with you for this discussion. After the discussion, write a summary of the conversation, including the date and name of anyone who accompanied you.

In all instances where an individual believes that he or she has been sexually harassed, it is helpful, but not necessary, to write down a description of the offensive conduct, the date or dates on which it took place, and the names of anyone who witnessed the conduct or heard the offensive remarks.

B. Seeking Guidance

In some instances, confronting the harasser directly may be too intimidating or uncomfortable, particularly when the harasser is an immediate supervisor. An individual who wants to discuss his/her situation may contact the Town’s Personnel Director for more information about sexual harassment and the complaint procedure in order to decide whether to make a complaint.

C. Formal Complaint

1. An individual who believes that they have been subjected to sexual harassment has a right to file a formal complaint with his/her supervisor or, if appropriate, the Personnel Director. This may be done orally or in writing. The supervisor and/or the Personnel Director will conduct an investigation in a fair and expeditious manner.

The investigation will include a private interview with the person filing the complaint and with any witnesses. An interview with the alleged harasser will also be conducted. Once the investigation has been completed, the supervisor and/or the Personnel Director will present the findings to the appropriate department head.

2. If an investigation of a complaint of sexual harassment reveals that an employee, supervisor, manager or department head has engaged in actions or conduct constituting sexual harassment, the Department Head and/or the Town Manager will act promptly to eliminate the offending conduct and take appropriate disciplinary action, up to and including discharge. The disciplinary action taken will depend upon the seriousness of the violation.

Disciplinary action will be taken by the appropriate Department Head, in accordance with the Personnel Policy and Procedures Manual, appropriate union contract, or other appropriate disciplinary procedure. Such action may include: counseling, informal or formal reprimands, oral or written warnings, suspension, demotion, transfers, and other formal sanctions, including termination of employment. It is the responsibility of all supervisors, managers and department heads to strictly enforce the terms of this policy.

3. Any supervisor, manager or department head who prevents or attempts to prevent an individual from making a complaint of sexual harassment, or who fails to cooperate with or interferes in any way with the investigation of such a complaint, will be subject to disciplinary action.

4. *No Retaliation for Filing Complaint of Sexual Harassment:* No employee, supervisor, or manager shall be retaliated or discriminated against in any way for making a complaint of sexual harassment or for assisting in the investigation of such a complaint. Retaliation against any person for reporting sexual harassment is unlawful and will not be tolerated; further, it will subject the retaliator(s) to disciplinary action.
5. Any non-employee found to have committed an act of sexual harassment may be removed from town premises, or other appropriate action may be taken.
6. *Confidentiality:* All actions taken to investigate and resolve complaints through this procedure shall be conducted with as much confidentiality as possible without compromising the thoroughness of the investigation. The individual filing the complaint will be informed of the results of the investigation.
7. If you would like to file a sexual harassment complaint, you may do so by contacting your supervisor at his/her office or by calling the main switchboard at (508)623-8200. You can also contact the Personnel Director, who may be reached at (508)623-8530. These persons are also available to discuss any concerns you may have and to provide information to you about the Town's policy on sexual harassment and the complaint process.

D. Appeals Process

Employees who believe they have been unfairly disciplined may appeal the decision to the Town Manager. This request for review must be put in writing to the Town Manager, and must be received within one calendar week of the Department Head's decision. The Town Manager can be reached by telephone at (508)623-8200, or by interoffice mail.

E. Union Grievances

Town employees who are union members may elect to file a grievance under their collective bargaining agreement.

F. Other Options

Should employees choose to pursue a course of action outside of the Town, several options exist. They may file a complaint with the Massachusetts Commission Against Discrimination and/or the Equal Opportunity Commission. These government agencies handle complaints of job discrimination, including sexual harassment, and can be reached at:

(617)727-3990

**U.S. Equal Employment

In addition to the above mentioned government agencies, the Town's Employee Assistance Program assists employees who are dealing with the stress of harassment or seeking guidance for addressing the behavior. The Town's EAP, Family Service Association of Greater Lawrence, may be contacted through their 24-hour hotline number, (800)683-9544, or during the regular work day at (508)683-9505.
